WE SHALL REAP

GATHER THEM IN

OUR PAPER.

Under the name of the Lord and, we trust, with an eye single to His glory, we send forth this, the first number of "OUR MISSION UNION." It is published to meet a felt need, and He who has promised to "supply all our need," will, we are confident, make this paper a medium through which *the great need of many shall be supplied.* It will ever be our aim to make this paper a clear exponent of the truth as it is in Christ Jesus. We intend (as

early as possible), to occupy our space with original articles, and with this object in view, correspondence has been entered into with Christian workers in various sections of the land, and we anticipate a ready response. Illustrated articles will also appear in each number, and another feature of the paper will be brief notices of work in the city mission field in Toronto, and elsewhere. Workers in such fields will favor by sending items of interest. The Editorial duties are undertaken as a "labor of love;" and realizing that in such enterprises as the present, as in our relation to God, it is "better not to vow, than vow and not to pay," we shall not make promises beyond this,—that "as much as lieth in us" we shall make this paper to be, 1st,—as a *voice*, calling attention to the grand truths of the Gospel, and crying "Behold the Lamb; and, 2nd,—as a *finger post*,—pointing the way of salvation so plainly that none need err.

The prayers of God's people are asked, that His blessing (without which all must be in vain) may rest upon our efforts.

The paper is arranged so that it can be separated into two parts of four pages.
