Wall-Paper Influence upon the Home

"THERE are homes radiant with *Cheerfulness* that cost not a tenth as much as other homes which are gloomy and depressing."

The above quotation supplies the keynote to a new text-book by Walter Reade Brightling.

This book, entitled "Wall-paper Influence on the Home" should be read by every thinking Householder.

Incidentally it provides much-needed information upon designs and colorings for the corrective treatment of rooms that are too high-ceilinged, too low, too wide, or too narrow.

It tells which Colorings are best for rooms that have a cold Northern or a warm Southern exposure.

It tells what class of Designs and Colors are restful as well as elegant, and what kinds have a tiresome, irritating influence upon people who must constantly "live with" them.

Then it crowns this valuable information with a series of handsome "Brightling Studies" in model wall-decorations, suitable for Dining Rooms, Drawing Rooms, Libraries, Halls, and Bedrooms. These have been executed in the actual coloring of the wall-papers as they appear when hung.

There is not a line of "shop-talk" in the book and its wholesome *intention* appealed to us so strongly that we bought out the Copyright in order to publish a popular edition for sale at a fraction of its regular Book-store value.

Elegantly bound in Cloth, well-printed, and accompanied by a handsome portfolio of Studies.
