FATAL COLLISION BETWEEN CATHOLIOS AND ORANGE-MEN AT HARBOR GRACE, Nfld.

Br. John's, Niid., Dec. 27.—Yestarday at moon a procession of Orangemen organized and walked out through the principal streets of Harbour Grace, headed by bands of music, and carrying flags, banners, and other insignis of the association. They marched unmolested as far as Ship's Head, when they were suddenly fired upon by a mob, who lay in ambush behind a high snow mound. The fire was immediately returned by the Orangemen.

Four men, named Mercer, Darmody, Jeans, and Callabar, two of them Down Callabar, two of them Down Callabar. and Callahan, two of them Roman Catholics and Calianan, two of them Roman Catholics and two Orangemen, were killed almost instantaneously. Doyle, the inspector of police, was severely injured. Eight men are reported mortally wounded, and about twenty superficially. At present Harbor Grace is quiet, but the town of Carbonear is on fire with commotion; hapiness is superanded and sublic and private. business is suspended, and public and private houses are barred and closed. More than a thousand men with firearms and other weapone are congregated in the streets, preparing to march to Harbor Grace. From every part of Conception Bay crowds of men are thronging to the scenes of the disturbance. The Government has deemed it advisable to cable to Halifax for military and naval assistance, the police force being powerless to cope with a riot that at any honr may develop into alarming and disastrous proportions.

RO EFFERVESCENCE OF HOSTILE FEELING manifested itself on Christmas day, but on Wednesday morning all this scene of tran-quility was changed. At half past 10 o'clock the Orangemen assembled in the British Hall and, having donned the regalia of their association, marched to the Wesleyan Church, where they attended divine service. Shortly after noon they re-formed in procession and proceeded to Bear's Cove. From this they marched through Harvey street, and were on the point of turning down Water street to re-turn to their hall when a mob of armed men confronted them. Head Constable Dovle appeared on the scene and endeavored to prevent a collision, but he was knocked senseless to the ground by the bludgeon of one of the ricters. The Orangemen halted, when the mob immediately fired several heavily loaded sealing shot-guns into their ranks, PITE HER FELL TO BITE NO MOBB.

Their names are James, Morcer, Caluban, French and Darmody. Calahon and Darmody are Boman Catholics, and were shot socialentally by getting mixed up during the melec in the ranks of the Orangemen. There are nice men fatally wounded, whose names aro given as Thomas Nicholas, William Brown, Solomon Martin, William Anthony and Moses Nicholas. Among those regarded as not so seriously wounded are Philip Cleary, William Batcher, William Rey, Thomas Luffmann, Benben Carage, James Bray, Wil-liam Best, John Webber, Bobert Lily, Henry Noseworthy and Michael French. Six arrests have been made by the police at the River Head of Harbour Grace. They are named Quirk, Shanahan, Duggan, Coady, McCarthy and Sullivan. Harper, the man who shot James, and wounded Lily, shot Calahan, one of his own party, by mistake. There is a lull at present in the storm, but the authorities are apticipating

to-morrow, when the funerals of the murdered Orangemen will take place, as th society have determined that they will strond these fanerals with all the pomp and circumstance of their order. The police force at Harbour Grace is being largely recruited non the neighbouring towns. despatch was received from Harber Grace at noon to-day:-Six more prisoners have been arrested to-day, making 12 prisoners in all arrested up to this hour. Messrs. Winter and McNelly, Orange chiefs from St. John's, have been most successful in their mission of peace amongst the Orangemen. Although a good deal of excitement prevails amongst the people, they respect wise counsels and have already recognized the wisdom of their advice. They addressed large meetings of the ledges at Harbour Grace and Carbonear to Bay Roberts in order to use a calming influence on the excited people in that locality. At 2 p.m. a despatch said sixteen persons

had been arrested up to that time. Every-

for John's, Mild. Dec. 31.—The excitement in the public mind in Conception Bay has somewhat allayed, the authentic intelligence of the Harbor Grace Orange-Roman Catholic affray that is now at hand from several despatches all agreeing in the main telegraph of the terrible time we are having, but as all the messages cent during Thursday, whole affair :- The Orangemen walked out as to quantity and quality. no farther but to go back. The Roman Catholics were ranged along with pickets in their hands to the front, and had determined to use no other weapons unless in

BELF-DEFENCE.

They fought with these till Head Constable Doyle was shot down like a dog. Pat Callahan, from the south side of Harbor Grace, then sent up the cry, "All hands look out!" and in an instant off went a rattling volley from several sealing guns. Four men fell killed and fourteen were badly wounded, the rest of the Orangemen flying like sheep, tearing off their scarfs and leaving their fisce and benners behind them. Young Pat Darmody tore their fisce into strips, and planted the green fisg in their place. He was fired on by an Orangeman, who was tunning away, and wounded. When

began breaking the windows in the dwellings of Boman Catholics, and tearing down the shutters of those whose houses were closed.
They broke through the shop-windows of John Hennessy and attacked
Wm. Hennessey on the street. They stopped the horses of Doctor McDonald, the Roman Catholic Bishop, later in the day, while he was on a visit to the wounded at Bear's Cove. They attempted to throw him over A PRECIPITOUS CLIFF,

near Courage's Besch, but were prevented by Father Rowe, a big herculean Irish priest, who inflicted a severe blow on the head of one of the assailants with a leaden handled whip and dispersed the rest. The Bishop and Father Rowe had to be escorted the remainder of their journeys by the Mounted Police. Old John Schulley got a severe beating from the Orangemen. No Boman Catholic is now safe even in his own house. They are thirsting for blood. Bill Thomas, a notorious character, keeps singing out from his house, " Have blood for blood."

His Outspoken Opinion.

The very marked testimonials from College Professors, respectable Physicians, and other gentlemen of intelligence and character to the value of Warner's SAFE Oure published in the editorial colums of our bast newspapers, have greatly surprised me. Many of these gentlemen I know, and reading their testimony I was impelled to purchase some bottles of Warner's SAFE Cure and analyze it. Resides, I took some, swallowing three timesthe prescribed quantity. I am satisfied the medicine is not injurious and will frankly add that if I and myself the victim of serious kidney trouble i should use this preparation. The truth is the medical profession stands dazed and he pess in the presence of more than one kidney malady, while the testimony of hundreds of lutelligent and very reputable gentlemen hardly leaves room to doubt that hir. H. H. Warner has failed upon one of those happy discoveries which accasionally bring help to suffering humanity.
