THE FLORENCE NIGHTINGALE OF THE NURSERY.

The following is an extract from a letter written by the Rev. O. Z. Weizer, to the German Reformed Messenger, at Chambersburg, Penn.:

A BENEFACTRESS. Just open the door for her, and Mrs. Winslow will prove the American Florence Nightingale of the Nursery. Of this we are sure, that we will teach our 'Susy' to say, 'A Blessing on Mrs. Winslow, for helping her to survive and escape the griping, colicking and teething sieges. We confirm every word set forth in the Prospectus. It performs precisely what it professes to perform every part of it—nothing less. Away with your 'Cordial,' 'Paragoric,' 'Drops,' 'Laudanum,' and every other 'Narcotic,' by which the babe is drugged into stupidity, and rendered dull and idiotic for life.

We have never seen Mrs. Winslow—know her only through the preparation of her 'Soothing Syrup for Children Teething.' If we had the power we would make her, as she is, a physical saviour to the infant Race. 25 cents a bottle. Sold by all Druggists. Be sure and call for 'MRS. WINSLOW'S SOOTHING SYRUP.'

All others are base and dangerous imitations. February, 1868. 2m

THE CURE TO THE SCOFFERING LIVER COMPLAINT.—Some most remarkable facts in relation to the unparalleled efficacy of BRISTOL'S SUGAR-COATED PILLS in Liver complaints have recently come to light. Adoniram Sedgwick, Esq., of Hartford, announces that they 'cured him of congestion of the liver (preventing jaundice) in three days.'

M. Phelps, the well-known machinist of Pittsburgh, Ohio, writes: 'The physicians considered me a hopeless case when I commenced taking Bristol's invaluable Antibilious and Alterative Pills. They called my complaint degeneration of the liver, and I suffered great pain in the right side, which was swelled, accompanied with severe constipation and utter loss of appetite. A course of the pills has made me a well man, and I recommend them to all who suffer from similar complaints.' Miss Sarah Jane Deming, of Jersey City, concludes a letter to Dr. Bristol, thus: 'To your medicine (Bristol's Sugar-coated Pills) alone, I owe the re-establishment of my health, after having suffered most severely from bilious remittent fever for more than three months.' These authentic statements the sick should consider as addressed directly to themselves, and act accordingly.

They are put up in glass vials, and will keep in any climate. In all cases arising from, or aggravated by impure blood, BRISTOL'S SARSAPARILLA should be used in connection with the Pills.

MURRAY & LANMAN'S FLORIDA WATER.—The test of the genuineness and purity of a floral perfume is its duration when exposed to the air. The aroma derived from chemical oils soon dies out, and leaves behind it an odor which is anything but agreeable; but that which is obtained by distillation from fresh and odoriferous flowers and blossoms, improves by contact with the air, and lasts a great length of time. Hence Murray & Lanman's Florida Water, the concentrated product of rare Southern flowers gathered in the zenith of their bloom and fragrance, has not only the freshness of an unwithered bouquet, but is indelible to the extent by the washing of the article moistened with it.

Beware of Counterfeits; always ask for the legitimate MURRAY & LANMAN'S FLORIDA WATER prepared only by Lanman & Kemp, New York. All others are worthless.

ACCIDENT.—There was an explosion in Doctor Ayer's Laboratory, yesterday, which caused some excitement in the vicinity. Ayer's Pills are manufactured under an enormous pressure, in cylinders like cannon, which sometimes prove too weak for the compressed forces, and burst with terrific violence. Fortunately, the pieces do not fly far, so that no one has ever been hurt by them. The action is more like ice than powder; but it makes Pills which all the world acknowledge are PILLS.—[Daily Journal, Lowell.] 1m

A PUBLIC BENEFIT.—Nothing can be of more importance to the welfare of our community, than the health of our children; in this depends the future of our national greatness, and in a large measure, the enjoyment of our own lives. We therefore claim, that in Devins' Vegetable Worm Pastilles, we have a great public benefit, a remedy so safe, so reliable, and so agreeable, which gives health and strength to the weak and sickly child, brightens to the eye, blooms to the complexion, and plumpness to the form. But parents should be careful to procure the genuine Pastille on each one of which is stamped the word 'Devins,' all others are useless.

Ayer's Cathartic Pills,

For all the purposes of a Laxative Medicine.

Perhaps no one medicine is so universally required by everybody as a cathartic, nor was ever any before so universally adopted into use, in every country and among all classes, as this mild but efficient purgative Pill. The obvious reason is, that it is a more reliable and far more effective remedy than any other. Those who have tried it, know that it cured them; those who have not, know that it cures their neighbors and friends, and all know that what it does once it does always—that it never fails through any fault or neglect of its composition. We have, and can show, thousands upon thousands of certificates of remarkable cures of the following complaints, but such cures are so common, and so well known, that we should we publish them? Adapted to all ages and conditions in all climates; containing neither calomel nor any deleterious drug, they may be taken with safety by anybody. Their sweetening preservative and makes them pleasant to take, while being purely vegetable no harm can arise from their use in any quantity. They operate by their powerful influence on the internal viscera to purify the blood and stimulate it into healthy action—remove the obstructions of the stomach, bowels, liver, and other organs of the body, restoring their irregular action to health, and by correcting whatever they exist, they remove the causes as the first origin of disease. Minute directions are given in the wrapper on the box, for the following complaints, which these Pills readily cure:— For Bilemness or Indigestion, Liveliness, Langour and Loss of Appetite, they should be taken moderately to stimulate the stomach and restore its healthy tone and action. For Dropsy and Dropsical Swellings they should be taken in large and frequent doses to produce the effect of a drastic purge. For Suppression a large dose should be taken as it produces the desired effect by sympathy. As a Dinner Pill, take one or two Pills to promote digestion and relieve the stomach. An occasional dose stimulates the stomach and borrows into healthy action, restores the circulation and invigorates the system. Hence it is often advantageous where no serious derangement exists. One who feels tolerably well, often finds that a dose of these Pills makes him feel decidedly better, from their cleansing and renovating effect on the digestive apparatus. There are numerous cases where a purgative is required, which we cannot enumerate here, but they suggest themselves to every body, and where the virtues of this Pill are known, the public no longer doubt what to employ.

For Rheumatism, Gout, Gravel, Palpitation of the Heart, and its various symptoms, Back and Loins, they should be continuously taken, as required, to change the diseased action of the system. With such change those complaints disappear. For Dropsy and Dropsical Swellings they should be taken in large and frequent doses to produce the effect of a drastic purge. For Suppression a large dose should be taken as it produces the desired effect by sympathy. As a Dinner Pill, take one or two Pills to promote digestion and relieve the stomach.
