

Inquiries of the Ministry

action in respect of feed grain produced in western Ontario. I am wondering whether any decision has been reached in that regard.

Mr. Sauv : Mr. Speaker, I announced last week that a meeting was to be held in Montreal between representatives of the Ontario winter wheat board and the Canadian livestock board. I expect the board to take a favourable decision on transportation costs in respect of wheat and corn moving from western Ontario to eastern Canada. An announcement should be made early next week.

DOMINION-PROVINCIAL RELATIONS**AGREEMENT RESPECTING DEVELOPMENT OF TOURIST FACILITIES**

On the orders of the day:

Mr. Henri Latulippe (Compton-Frontenac): Mr. Speaker, I should like to put a question to the Minister of Forestry and Rural Development.

Could the minister tell the house what kind of agreement has been concluded between the province of Quebec and Ottawa, because that province has apparently decided to develop tourist facilities only in its own parks?

Mr. Speaker: Order. I think that the question of the hon. member should be put on the order paper.

EXTERNAL AFFAIRS**REPORTED REFUSAL TO RECEIVE MEMBER OF SOUTHERN RHODESIA GOVERNMENT**

On the orders of the day:

Hon. Gordon Churchill (Winnipeg South Centre): Mr. Speaker, my question is for the Secretary of State for External Affairs. Has the minister any objection to, or will he place any obstacles in the way of, a visit to Canada by a member of the de facto government of Southern Rhodesia?

Hon. Paul Martin (Secretary of State for External Affairs): Mr. Speaker, I think this is a hypothetical question and on that account does not deserve the usual full reply that I give to the hon. gentleman.

Some hon. Members: Oh, oh.

Mr. Churchill: A supplementary question, Mr. Speaker, so we may get one of those full [Mr. Whelan.]

replies which will be not understood by anyone in the house. Is it not a fact that the minister refused to see a member of the government of Southern Rhodesia and declined him the courtesy of making a visit to Canada and conducting a speaking tour in this country.

Mr. Martin (Essex East): Mr. Speaker, I am not aware that I have refused to receive such a person; but I am aware that I belong to a government that has been doing everything it can to remove the discrimination that is practised by that government in Southern Rhodesia.

Some hon. Members: Hear, hear.

Mr. Churchill: I have a further supplementary question, Mr. Speaker. In order to assist in the ministers' aim and to assist the government of Southern Rhodesia to resist the terrorists who are entering that country, would the minister now consider discontinuing financial aid to Tanzania for military training purposes?

Mr. Martin (Essex East): Mr. Speaker, I should have thought that my hon. friend, who is a great believer in the commonwealth, would applaud the government for assisting this commonwealth country in the basic maintenance of its security.

Some hon. Members: Hear, hear.

HOUSE OF COMMONS**CENTENNIAL TELEVISION SERIES ON PROCESS OF PARLIAMENT**

On the orders of the day:

Mr. R. Gordon L. Fairweather (Royal): Mr. Speaker, I have a question for the right hon. Prime Minister of which I gave his office notice. It is about the somewhat delayed centennial television series of this parliament. With great respect, Mr. Speaker, I need about a minute to say that on June 26—

Mr. Speaker: Order, please. The hon. member knows that we have a short question period this afternoon and I am afraid that even a minute is too long.

Mr. Fairweather: Fair enough, Mr. Speaker. In view of the fact that the right hon. gentleman has had four notices of this question over the past 13 weeks, will he now tell the house what plans are being made so that arrangements can be proceeded with forthwith?
