## HAS STRONG LIKING FOR LONESOME AUTOMOBILES

Thirteen-Year-Old Lad Appears  
in Juvenile Court for Failing  
—Other Cases.

A lad of thirteen years, accompanied by most respectable parents, was the first problem for the judge in the juvenile police court to work out yesterday. The lad's only failing is the love of automobiles, especially those he sees standing by a lonely curb. Before he knows what has happened the car is cranked and away he goes. The judge in the court decided to find the young enthusiast a place where he can work with motors to his heart's content.

Gently, but firmly, Tommy was informed by Acting Commissioner Graham that to break into a vacant house to steal lead piping, tried at great expense, is unlawful. The miscreant, with a mischievous glance, stated that just as the work was well under way a man came in. "Oh, you got caught," said his honor. The freckle-faced urchin was, to his great relief, remanded till Wednesday morning.

To possess a shirt or even two, was the ambition of a fourteen-year-old boy whose gray and red sweater was slightly the worse for wear. Accordingly a little chap of about ten years was urged to secure them for the senior boy, who had already been to the court on several charges of the same. Acting Commissioner Graham spoke kindly trying to appeal to his manliness but the lad informed him in a most confidential way that when he wanted to go to "the show" a man always got his ticket for him, the age limit is sixteen years. The boy was good paid in a brick yard, and his conduct improving he was allowed to go on probation.

## ANXIOUS TIMES FOR PARENTS

Children Often Seem Pining  
Away and Ordinary Medicine  
Does Not Help Them

The health of children between the ages of 12 and 18 years, particularly in the case of girls, is a source of serious worry to nearly every mother. The growth and development takes so much of their strength that in many cases they actually seem to be going into a decline. The appetite is rickety, brightness gives way to depression; there are often serious headaches, fits of dizziness, or occasional fainting and slight exertion. Ordinary medicines will not bring relief. The blood has become thin and watery, and the child must have something that will bring the blood back to its normal condition. At this stage, no other medicine can equal Dr. Williams' Pink Pills. Their whole mission is to make new blood, which reaches every part of the body, bringing back health, strength and energy. Mrs. J. Harris, Fort Rowan, Ont., says: "At the age of 13 my daughter began to look very pale, and seemed listless and always tired. She did not take interest in her school work or in those amusements of girlhood. In fact she just seemed to drag herself about, complaining of always being tired; she did not eat well and did not sleep well at night. I took her to our doctor, who said she was anemic, and advised me to give her Dr. Williams' Pink Pills. She took the pills for nearly two months, when she was as well and lively as any girl could be, gained nicely in weight, and has since enjoyed perfect health. I am quite sure that what the pills did for my daughter they will do for other pale, weak girls. I have also used Dr. Williams' Pink Pills myself with the best results and can only speak of them in terms of praise."

Sold by all druggists, or by mail at 50 cents a box or six boxes for \$2.50 from the Dr. Williams' Medicine Co., Brockville, Ont.
