

By Mr. O'NEILL:

Q. Do you think you can have Communism and Democracy?

A. Yes. If I were to go into a discussion of ideological matters, I would say that Communism is perhaps the highest form of democracy. But of course you might not agree with me on that.

Q. I am just asking for your opinion. A. That is my opinion.

The CHAIRMAN: Gentlemen, we are at retiring time now, and if there are not any more questions to ask the witness, we will adjourn.

The committee adjourned at six p.m.
