# OAK HALL, Clothiers Cor. Yonge and Adelaide Sts. J. C. Coombes, Mgr.

### MAJOR-GENERAL HUGHES TO MAKE TRIP TO COAST

By a Staff Reporter.  
OTTAWA, Jan. 13.—General Sam Hughes came out of the hospital today after being there for 11 days. He is expected to leave for the west tomorrow and will be away two weeks, probably to the coast and inspecting the troops at all the mobilization centres.

### FUNERAL OF LATE J. NEWSON.

Jack Newson, who died in St. Michael's Hospital, Jan. 11, was born in Whitby, Ont., but the last 27 years has worked on most of the principal buildings in Toronto at his trade as bricklayer. Funeral takes place from the residence of his sister, Mrs. E. B. Harding, 186 Etrachan avenue, at 2 p.m. today. He leaves three daughters, residing in Toronto.

### ENTERS SUIT TO RECOVER FOR CONTRACT BREACH

Canada Foundry Sues Canada Cement Co. for Seventy-Five Thousand Dollars.  
The Canada Foundry Company is plaintiff in an action against the Canada Cement Company, Limited, Montreal, to recover \$75,214.70, alleged to be due under a contract for structural iron and under contracts with the Canadian General Electric Company assigned to the plaintiff. An action has been entered at Osgoode Hall by W. Conlin & Sons (Canada) against J. B. Maclean, publisher, to recover \$1224.78, alleged due under progress certificates for work done under a contract on the erection of a building in University avenue.

### MAIL FROM ENGLAND.

Two British mails arrived in Toronto yesterday, both of which were exceptionally large.

### VARIOUS SCHEMES TO PROVIDE WORK

Question of Giving Employment Becomes Very Live Subject in Council.

### DEATH RATE LOWEST

Toronto Figures Lower Than Other Cities of Same Size.

Controller Foster's report regarding the unemployed situation was presented to the board of management as well as a report from the mayor. His suggestions are in part as follows: That the remedy should not be thrust entirely on the municipality, since the cause of unemployment is not local. The city has been generous in its contributions. It has some right to look to the Dominion Government to join in a general movement in the interests of the present depression. He suggests that steps be taken to establish a fund of about \$600,000, the Dominion Government to contribute half, the provincial government \$200,000 and the city \$100,000. After the fund is raised the controller suggests a conference of the governments interested, the city, the board of trade, Canadian manufacturers, the Builders' Exchange and the Trades and Labor Council, when the best method of meeting the situation could be discussed.

The controller urges the hurrying along of government works already contemplated. He suggests that 3000 men be set to work clearing government lands in New Ontario, thus getting the land ready for the settlers who will come in when the war is over. He believes that this would be a profitable undertaking and suggests the men engaged in this work be paid \$1.50 or \$2 per day.

**Mayor Church's Suggestion.**  
Mayor Church believed that the best method of control should be the matter itself, and that reports as to progress be made at every session of the council. He is desirous of having all public works gone on with as soon as possible; that the harbor improvement work should be pushed along, involving an expenditure of \$2,800,000. He thinks that the board should ask the co-operation of the churches and other organizations, and that \$1,000,000 ought to be raised by the city to meet the situation. He is also in favor of Controller Foster's recommendation that the provincial and Dominion Governments be consulted as to co-operation, that the highways bill be introduced and a board formed to give \$2,800,000 for improving the main highways leading into the city, that the Toronto-Montreal highway be gone on with, as well as the Toronto-Windsor highway. The mayor has asked the board of control to meet daily until the matter is cleared up.

Reports of the department heads were dealt with rapidly. The city treasurer reported that the city had earned \$2,000,000 more than the Ontario Government, totaling \$126,000, which the department had been unable to collect, as the government had certain accounts against the city which they have not yet sent in.

**To Consider Question.**  
At a meeting of the board of control yesterday afternoon a committee was appointed to go into the whole question of unemployment. On this committee are Controllers Spence and Foster, Aldermen Robb, Wickett, McBride, Cameron, Dunn, Spence and Rydman. A special meeting of the council will be held for 7 o'clock Friday afternoon, when recommendations will be made.

A list of the members of the second contingent, who are bona-fide citizens of Toronto, will be asked for, together with all the necessary information required by the insurance companies regarding each one. The question of insuring these men, as suggested in Mayor Church's inaugural address, will then be gone into.

**Death Rate Lowest.**  
Toronto has the lowest death rate of any city of its size on the continent, the rate last year being 12.2 per 1000, compared with 12.3 in 1913. Milwaukee shows the best United States record with 12.2, while the lowest in England is 12.3 per 1000. There has been a remarkable decrease in deaths from contagious diseases, the number per 100,000 being 35.48 in 1914, while last year it was only 10.22, an improvement of 71.86 per cent.

In the general death rate there was an improvement of 20 per cent, or a decrease of 112 lives. Dr. Hastings also says in his report that there has been a great improvement in the milk standard of the city, and this plays a great part in the keeping of the public health.

**Benefit Without Cost.**  
The proposal of Works Commissioner Harris that application be made to the legislature for power to put a special assessment on annexed districts to cover the cost of constructing sewer mains will probably meet with strong objection on the part of residents of North Toronto.

It is pointed out that the city has laid trunk sewers outside the city limits, and when the districts have been annexed the people have had the benefit without paying any of the cost.

**Lost on Horse Deal.**  
The city has lost money in connection with the buying and selling of horses for the military, the amount being \$2890. The 1914 council voted \$10,000 for horses for the Militia, and the same amount for the Government's Body Guards. Ninety-three horses cost \$16,100. The regimentals could not use the horses, they were turned back to the city and eventually sold for \$12,410.

**Assessment Increase.**  
The annual report of Assessment Commissioner Fortna was issued yesterday. The total assessment for 1915 is \$76,444,520, an increase of \$63,658,658 over last year, or 12.23 per cent.

During the year 21 parcels of vacant land were disposed of for taxes, bringing in \$1,474.58, the taxes against same being \$3596.72. The city received \$21,383.67 in rentals. The commissioner sent out 15,978 communications, reports, etc. Toronto's tax rate still remains the lowest in Ontario, the highest being Brockville, which is 20 mills.

**Street Cleaning Starts.**  
The street cleaning program went into effect yesterday and many men are now at work. One hundred men on the civic bureau were put on. Three-day shifts will be the order, and

## KEEGAN'S Old Irish Whiskies

8 Crowns 3 Stars  
"As mellow as the brogue of Cork." Thoroughly aged in wood.

At all good dealers.  
D. O. Roblin, - Toronto  
Sole Agent for Canada.

the men will be paid Saturdays at the rate of \$2.50 per day. All the downtown streets will be cleaned, as well as Bloor street.

**Blow at Hydro.**  
A letter has been received from Berlin asking Toronto to join that city in seeking legislation empowering municipalities to place the profits from public utilities in the general fund. Nothing but a blow at the hydro, said the mayor. "It would destroy the whole policy of public ownership."

**Electors Know About It.**  
The question has been raised whether the citizens voted for a civic car line on Lansdowne or not as a bylaw was for the expenditure of \$455,000 for civic car lines. The electors, however, knew what the money was for as the two lines proposed (one on Mount Pleasant road and the other on Lansdowne avenue) were advertised before the election. The bylaw has not become law, as it has yet to receive the third reading.

**Thinks City Not Liable.**  
Mayor Church does not think that the city is legally liable for John Mackay and Co.'s bill in connection with the negotiations to buy out the street railway. It has been referred to a portion Council Geary for his report.

**Cutting Expenses.**  
The board of control conferred with City Treasurer Patterson yesterday regarding the city's financial position. Two million dollars will have to be borrowed in advance of tax collections. The mayor says there is nothing to be done in the situation, but economy will have to be practiced. The board of education has been asked to keep down to the limit, and the other departments have been asked to go slow.

**Just Pay for Itself.**  
The electrical wiring inspection department of the city will this year, it is estimated, cost about \$24,000. This amount will cover the expenses incurred in establishing the department, and its operations during the year. The department is said to be a profitable one in some American cities, but the intention here is to simply make the department pay for itself.

**Beaches Library Site.**  
The controllers yesterday agreed to the permanent Beaches Library, the site costing \$15,000. The others for Wychwood and Parkdale are held over for report. This is not a year for crowding, however.

**Recent Compences.**  
The recount between James Simpson and Controller Foster will commence this morning at 10 o'clock before Judge Winchester. It is expected that the work will take about a week to complete.

The city treasurer has asked the board of control to ask for an amendment of the statutes, so that he might be paid at 5 per cent, instead of the present rate, which is 4 1/2. Henry Griesman will receive \$1172 as payment for his property, which was taken for the new registry office on Elizabeth street. Twenty thousand dollars has already been paid on account.

**Agreement with Harbor Commissioners.**  
An agreement with the harbor commissioners regarding the control of lands inside the island has been sent on to council.

**Today's Meeting of the Board.**  
Hydro-Electric Commission Mayor Church will bring up the question of rate reduction.  
Ex-Controller McCarthy thinks the bill of John Mackay & Co. is outrageously high.

**MODEL OF STEAMER ATTRACTS LARGE CROWD**  
Metagama, Replica of Which is on View, Makes Maiden Trip Soon.

Complete in every external detail, from truck to keel, a beautiful model of the new Canadian Pacific Railway steamship the Metagama, which will make her maiden voyage from Liverpool to St. John, N. B., on March 15, is now on view in the St. James' offices of the company in Montreal.

Large crowds have gathered every day to see the model, which is 12 feet long and a perfect replica of the great ship, being equipped in every minute detail exactly like the original.

The model is in a glass case, placed at a convenient height from the ground, so that every part, including the standing machinery on the deck, every crane, hatch cover, lifeboat and port hole may be readily seen. The Metagama has accommodation for 1000 cabin and 1200 third-class passengers. The name is Algonquin, and is pronounced "Met-a-gama," with the accent on the second syllable, and the "a" pronounced as in "Fall."

**A Wonderful Flesh-Maker**  
BUILDS UP MEN, WOMEN AND CHILDREN.  
Safe, Sure, Prompt. A 50-Cent Box FREE.

HERE is another authority who endorses the building, body-building CERTONE. This is Joseph Ruddy, famous swimmer and winner of over 100 cups and trophies. And here are three little testimonials you ever saw come for CERTONE. For example: Rev. F. M. Thibault, 39 lbs.; Dr. H. Thomas, 83 years old, 11 lbs.; Miss M. Y. Lee, 38 lbs.; Christian Endeavor Union, 39 lbs.; Margaret Boyle, 15 lbs.; William Brown, 39 lbs.; Mrs. E. M. Anderson, 1 lb. in 26 days; Lucy Collins, 1 lb. in 26 days; Mrs. Lillian F. Schuler gained a day; J. S. Lovell, 5 lbs. in 10 days; Miss Louie Boyd, 2 lbs. in 10 days; W. R. Kiefer, 2 lbs.; F. E. Lott, 3 lbs. in 10 days; Leslie Speckhard, 2 lbs. in 10 days.

**50-CENT BOX FREE**  
This coupon with 10 cents in stamps toward postage expenses is good for 50-cent box of CERTONE. Do not let this opportunity pass. The 50-cent box proved the remarkable flesh-maker and strength-giver. Get your box by returning this coupon to the nearest drug store, or you can buy a dollar box through mail order. See how you improve in looks and gain strength, vigor and weight. CERTONE in your own case quickly and conveniently. Mail me one of the above coupon and 10 cents in stamps towards my postage expenses and I will send you a 50-cent box of CERTONE free by return mail, or you can buy a dollar box through mail order. Then watch your mirror. Note your quick and steady gain. See how you improve, feel new vigor and power, and gain weight and good solid flesh.
