THE CELEBRATED

## English Magnetic Belts, Chest Protectors, Lung Invigorators SPINE BANDS, ETC.,

For the cure of almost every form of Chronic disease, or any bodily or functional weakness. Especially useful in all affections of the Lungs, Throat, or Spine, Neuralgia and all Nervous affections; Paralysis, Ague, the various forms of Rheumatism, Indigestion, Liver Complaints, Constipation, Internal Weakness, General Debility, Etc., Etc. These appliances are manufactured only by MESSRS. WETTON & CO, of 48 Regent Street, London, England; and have been recently introduced in America where they have already attained a very high reputation. The following, which is among the most recently received testimonials, illustrates their general action:--

FULLARTON, ONT., September 13th, 1878.

DEAR SIR,—It affords me pleasure to inform you that the most pleasing results have attended the use of the "Magneticon" Throat Protector purchased from you last February. For several years I had been greatly troubled with what is commonly known as Clergyman's Sore Throat, and had been treated for it both here and in the United States without securing any permanent relief. But the use of your appliance in a few days enabled me to perform an amount of labor such as I had never before been equal to in the winter season, and I am happy to say I am able to do, with comparative comfort and satisfaction, as much work as is generally required from men in the Methodist Itinerancy.

I may also say that Mrs RICE has experienced results no less satisfactory from the use of the BELT procured from you last June. Her appetite has much improved, digestion has been assisted, and the pains in her back have entirely left her. Having received such benefit from the use of your Magnetic appliances, we cannot but hope that those who suffer from like causes may avail themselves of the help you offer.

JAMES P. RICE,

*Bible Christian Minister.*

Mr. THOMAS J. MASON.

These appliances are arranged on the latest scientific principles, and are at the same time simple and convenient, require no preparation, are not worn in contact with the skin, and do not give any unpleasant sensation. They are unquestionably THE BEST means of treating the majority of cases of Chronic Disease, and building up a constitutional vigor which will prevent its inception.

Pamphlets, containing a large number of English and Canadian Testimonials, Price List, &c., &c., free on application. The appliances are sent to any address on receipt of price.
