## CANADIAN ENGINEER GOES TO BIG PROJECT IN MEXICO

Garnet B. Hughes Leaves for Monterey, Where he Will Occupy an Important Post.

Garnet Burke Hughes, one of the most brilliant of the young Canadian engineers, who for the past few years has been engaged in the projection of the Canadian Northern Railway, leaves Toronto this morning for Monterey,

Nuevo, Leon, Mexico. Mr. Hughes will be identified with the Monterey Waterworks and Sewer Co., controlling the waterworks, sewer system and street railway of that city. He will have charge of new construction works in that district, which -orm part of the largest project of its kind in Am-

Mr. Hughes was B. S. M. at the time of his graduation, with honors from the Royal Military College at Kingston.

"I've walked half way across Canada about a dozen times," he said last night. He's after still more experience engineering works of magnitude.

He is taking with him as assistant
W. Morgan, who was with him on his W. Morgan, who was will last locating expedition.

### JEWELERS OPPOSE BILL.

Claim Privilege is Given British Makers and Denied Canadians

The manufacturing jewelers are oposing a bill before the Dominion Par-Hument amending the Gold and Silver Stamping Act so as to permit the im-portation from Britain of goldware of

karat standard. Previous to last year this business was not regulated, but in 1906 the pres ent act was passed, compelling manufacturers to stamp on their wares their trademark, the standard of fineness and date, as a protection to the consumer, and also they were forbidden from making wares gauged below 10 karat. This was not objected to by long-established and honest manufacturers, as it afforded them protection but the 10-karat standard was accept ed, as anything below that standard was liable to tarnish quickly. In England there are manufacturers making this 9-karat gold, which could not be imported under the act of 1906. The new bill permits importation of this ware, while the Canadian maker can produce goods only above the 10-karat standard.

This privilege is equivalent to a 7 1-2 per cent discount in favor of the old country. The bill has passed the senate and is now in the commons, and a deputation of jewelers is in Ottawa asking that the new bill be th

One of the most remarkable discoveries on record is to be seen at the Pure Food Show in Massey Hall. People wonder at seeing a shoe polished with the "Nugget" polish, and immediately afterwards washed. The water runs off the shoe "like the water off a duck's back" and the shine is not destroyed, which proves that this paste is a waterproof polish.

The demonstrator then proceeds to dry the shoe on a towel, but the polish does not rub off and soid it. This is conclusive evidence that it will not come off on the clothes in wet weather. On sale at the usual price (10c a tin).
"Nugget" will no doubt be universally used in a short time, particularly as it keeps the leather soft and pliable, which prevents the shoes from cracking. You are invited to have a shine free of charge.

PILES CURED IN 6 TO 14 DAYS. Pazo Ointment is guaranteed to cure any case of Itching, Blind, Bleeding or Protruding Piles in 6 to 14 days or money refunded. 50c.

## HAMILTON HAPPENINGS DEATH DUE ERYSIPELAS HOSPITAL NOT TO BLAME

Clayton Young Died From Natura Causes and Not From Puck Wound-New Art Gallery.

Hamilton, March 27.-This evening the inquest on the death of Clayton Young, the bank clerk who died at the city hospital, was concluded.

He was struck by a puck in a friendly hockey match. The wound was under the eye, and did not appear to be serious. Later erysipelas developed, and Young was sent to the city hospital. His physician, Dr. Wickett, said that

\$1.00 per week buys Furniture, Carpets. Stoves. etc.

THE FRANK B WALKER CO. LIMITED. Car. King and Catherine streets. Young showed symptoms of diphtheria after being in the hospital about 11

after being in the hospital about 11 days.

He reported that the cause of death was erysipelas, complicated by diphtheria. The enquiry was held in order to determine whether the patient had contracted diphtheria after beting taken to the hospital, and to fix the plame.

Crown Attorney Washington instructed Dr. Edgar to perform an autopsy. The doctor swore that after making a bacteriological test no signs of diphtheria germs were found.

Dr. Woodhall, the house surgeon, who had charge of the patient, gave it as his opinion that the patient did not have diphtheria, and he helped Dr. Edgar in the autopsy and corroborated Dr. Edgar's testimony. This was further supported by the testimony of Drs. Bauer and Wardell.

Mrs. House, her assistant, and the nurse who looked after the patient, swore that every precaution was taken and that it was impossible for the patient to contract diphtheria while in the hospital.

EXONERATES HOSPITAL.

The verdict of the jurors completely exonerated the hospital. It was as fol-

"We find that no blame it attached t We find that no blame it attached to Thomas Turnbull, who struck the puck which caused the wound, and we also find that the deceased came to his death from erysipelas, and did not suffer from diphtheria, and that no blame can be attached to the suthorities of the city. attached to th eauthorities of the city

MUNCIPAL ART GALLERY.

Active steps are being taken to establish a municipal art gallery at the Dindurn Castle. This evening the following committee was appointed to into-view the parks board with reference to the location of the gallery: J. S. Gordon, H. A. Neyland, William Marshall F. F. MacPherson, R. J. Hill, R. Tasker Steel eand C. R. McCullough.

The Hamilton Banking and Loan Co. will erect a three-storey building at the corner of Mai nand James streets.
