Some Would Like to See This Course Adopted -- Odds and Ends of News in York County.

NORTH TORONTO, June 3.—(Special.)—A number of townspeople to The World yesterday stated their hearty concurrence with the statements ap-

concurrence with the statements appearing in this paper with regard to the energy shown by the town council in the sewage disposal matter.

"The council have so far done well in thus dealing with this important question," said a leading property owner to-night, "but there is danger lest in our anxiety to carry out one good project we lost sight of the 'parallel roads,' which is even more important."
