CATTLE TRADE 25 TO 40 CENTS HIGHER

Run Not Very Heavy and Prices Firmed Up—Small Meats Strong.

There was a good active market on the Union Live Stock Exchange yesterday, with all classes of cattle selling readily at 25c to 40c over the bid prices for the week. The strength in the cattle was not confined to any one particular class, but was general all down the line.

The run was around 1,200 head, a good deal less than was thought likely, and due to the fact that a large number of prospective shippers were called off at the last minute for fear of a slump in the prices. This, however, did not materialize and the market was cleaned up early and the market was good steady to strong trade in all classes.

The stock and feeder trade shows an improved inquiry, and one of the largest dealers in heavy cattle, sold last night that there were not enough on the market yesterday to fill out his orders. The opinion seems to be general that we will touch the bottom in the cattle trade, and there is a more hopeful feeling all round, which is reflected in the stock and feeder trade.

The milk and springer trade has been steady up to late yesterday, and is not outstanding prices being paid the market yesterday. The market was good steady to strong trade in all classes.

We quote choice cows at \$10.00 to \$12.00, medium cows at \$8.00 to \$10.00, and common cows at \$6.00 to \$8.00. The market was good steady to strong trade in all classes.

With around 350 sheep and lambs the market was not as strong, especially on the choice lambs. Choice lambs sold at \$10.00 to \$12.00, medium lambs at \$8.00 to \$10.00, and common lambs at \$6.00 to \$8.00. The market was good steady to strong trade in all classes.

There was a good demand for a few choice steers, and everything was cleaned up at a good price. The market was good steady to strong trade in all classes.
