104th Btn. in Fifth Division

Montreal Battalion May Come Here — Major Markham in Charge of Pension Office for Province

Major General Garnet Hughes, commandant of the fifth division, has completed the organization of his force. The 104th battalion is to be a unit in the 15th brigade of the fifth division.

May Come Here

It is reported in military circles that the 240th Battalion Grenadier Guards of Montreal may be in this city in the near future. Lieutenant-Colonel C. C. Ballantyne is the officer commanding.

Major Markham's Post

Major Markham has been appointed to take charge of the affairs of the board of pension commissioners in the province of New Brunswick, according to a recent announcement by Colonel E. L. Buchanan of Ottawa, O. C. of the pension commissioners. Major Markham during the last few weeks has been attached to Major Hamilton's staff at Sussex.

Lieutenant M. W. Marsh late of the 98th Battalion, has been appointed quartermaster of the military hospitals here with the rank of captain. Lieutenant Marsh went overseas as an N. C. O. and won his commission in the field.

Recruits

Four recruits were secured in the city yesterday. They were Hammond, An-

GIRLS! BEAUTIFY YOUR HAIR AND STOP DANDRUFF

Hair Becomes Charming, Wavy, Lustrous and Thick in Few Moments

Every Bit of Dandruff Disappears and Hair Stops Coming Out

For 25 cents you can save your hair. In less than ten minutes you can double its beauty. Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and charming as a young girl's after applying some Danderine. Also try to fasten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. It will cleanse the hair of dust, dirt or excessive oil, and in just a few moments you have doubled the beauty of your hair. A delightful surprise awaits those whose hair has been neglected or is scraggy, faded, dry, brittle or thin. Besides beautifying the hair, Danderine dissolves every particle of dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair, but what will please you most will be after a few weeks' use, when you see new hair—fine and downy at first—yes—but really new hair growing all over the scalp. If you care for pretty, soft hair, and lots of it, surely get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter and just try it.

SUFFERING CATS! GIVE THIS MAN THE GOLD MEDAL

Let folks step on your feet hereafter, wear shoes a size smaller if you like, for corns will never again send electric sparks of pain through you, according to this Cincinnati authority.

He says that a few drops of a drug called Frezone, applied directly upon a tender, aching corn, instantly relieves soreness, and soon the entire corn, root and all, lifts right out.

This drug is a sticky ether compound, but dries at once and simply shrivels up the corn without inflaming or even irritating the surrounding tissue.

It is claimed that a quarter of an ounce of Frezone obtained from any drug store will cost very little but is sufficient to remove every hard or soft corn or callus from one's feet. Cut this out, especially if you are a woman reader who wears high heels.

THOMAS RILEY KILLED IN STREET ACCIDENT

Thomas Riley, a well known mason of this city, died in the General Public Hospital yesterday afternoon as the result of an accident in Charlotte street. Mr. Riley was standing with his back to the street when a horse driven by Mr. Long of this city, shied and, as a result, the hub of one of the wheels struck Mr. Riley and knocked him to the ground. He struck on his head with such a force as to render him unconscious. He was conveyed to the hospital, where about an hour later he died. He is survived by his wife.

SHIPBUILDING

The new shipbuilding plant to be established in this city is assured and Thomas Nagle announced yesterday that he expected it to be in operation within two months. The first vessels to be laid down will be four five-masted schooners, each of 8,000 tons deadweight and with oil auxiliary power. Orders in sight will keep the new yards busy for at least a year and the number of men to be employed will be limited only by the number who can be secured.
