Dealings in the Liberty 9 1/2's were light, with a firm undertone.

#### GIVE UP SOME LUXURIES, SAYS ARCHBISHOP WORRELL

His Grace of Nova Scotia Speaks in Montreal on Patriotic and Church Giving  
Montreal, Oct. 1.—Archbishop Worrell of Nova Scotia, here in connection with the annual meeting of the synod of the province of Canada, in a sermon in St. Martin's church on Sunday said it was undoubtedly true that the people of the dominion today are giving as much as they possibly can to the Red Cross and patriotic funds. A certain proportion of this money was formerly given to the church. His Grace commended the patriotic giving, but he also expressed the wish that the church would continue to give to the church and formerly. He suggested that they forego some of the luxuries now being indulged in, so that they can do this.

### THE NATION IS WITH KERENSKY

Statement of the Situation in Russia

#### Gurko Goes To Exile

Purchase of Arms for Finland Leads to Arrests in Petrograd—Further Disorders Reported in Several Places—The German Fleet

Petrograd, Friday, Sept. 28 (delayed).—The attitude of Premier Kerensky and the other members of the provisional government today is that the present bold address and his dramatic reception by the democratic congress are evidence that the nation is with him, but there has been no relaxing of the Kerensky forces to combat the Bolsheviks left, and the uncertain centre faction led by M. Tchernoff, spokesman of the workmen's and soldiers' delegates.

#### Gurko to Exile

Petrograd, Oct. 1.—General Gurko, former commander on the northwestern front, has been expelled from Russia because of a letter he wrote to the former emperor expressing his loyalty. A telegram from Archangel announces the general's arrival and says he boarded a British vessel.

#### More Disorders

Petrograd, Saturday, Sept. 29.—Disorders are reported at Tambov, 300 miles southeast of Moscow, and at Kozlov, in Crimea, where mobs led by former criminal exiles to Siberia, burned and destroyed much grain and other property. The towns are under martial law and troops have been sent from Moscow. Rioting also is reported in Turkestan, whether troops have been dispatched to under officers their duties while in the trenches, and remain well back.

Petrograd, Oct. 1.—The congress of non-Slav nationalities, at its final session in Kiev, passed a resolution declaring that Russia must be a federal democratic republic. Every nationality comprising the nation of Russia, must be granted a large measure of autonomy, the basis of which should be laid down by constituent assembly especially convoked by each nationality.

### Germans Ask Canadians When Will Peace Come

They've Changed Opinions About Dominion Troops—Hun Officers Held Back When Fighting is On

Canadian Headquarters in France, via London, Sept. 30.—(By Stewart Lyon, special correspondent of the Canadian Press)—The enemy has, at times, called Canadians hard names, but it is "Dear Tommy," now, German soldiers at Lens fired the following message into our line by the use of an aerial darts: "Dear Tommy—The German Tommy sends you hearty greetings from Lens. When will there be peace? Please reply." That the rank and file of the enemy troops have a great longing for peace is confirmed by every prisoner captured. One of their chief grievances is the failure of their higher officers to take risks. Even company commanders frequently dispute to under officers their duties while in the trenches, and remain well back from the front. This is so different from the relations between our own officers and men that it is freshly impressed on the minds of the Germans on every occasion when there is hand-to-hand fighting, in which our officers invariably lead their men, while the German officers seldom do so. They are not actuated by fear, and it must be assumed that they are obeying orders in this hanging back. Very great losses of the German officer class earlier in the war may have made it necessary to conserve the enemy's leaders. Whatever the reason for their failure to take risks as great as those to which their men are subjected, the latter are deeply discontented. Hence the hearty greetings from Lens.

### HUNDREDS DIE AS HUNS SINK CHINESE SHIP

Vessel Was Bound to London With Cargo of Tea—Britisher Also Lost Off Irish Coast

New York, Oct. 1.—News of the torpedoing of the steamship Glengarry, flying the Chinese flag off the Irish coast, by a German submarine four weeks ago, has reached here. She had a crew of 100 men, all Chinese, with the exception of the officers and engineers. There were no survivors, apparently. The sinking of the ship was discovered through papers washed ashore in Bantry Bay, Ireland.  
The Glengarry was a three masted iron screw steamer of 3,750 tons. She sailed from Hankow with tea for London.  
Boston, Oct. 1.—The British steamer Tanqua, formerly the Den of Glamis, was sunk by a German submarine off the coast of Ireland according to private cables received here. It is believed the crew was saved.  
The Tanqua was from Glasgow to New York with a general cargo. Her gross tonnage was 5,191.

### Effort to Wreck U. S. Transport

Large Wrench Dropped Into Steering Gear—Danish Mechanic Arrested  
An Atlantic Port, Oct. 1.—An attempt to wreck the machinery in a United States transport was discovered yesterday when the engines of the ship, which had been undergoing alterations, were started for a trial. The commander caused the arrest of one of the ship's mechanics pending an investigation.  
A large wrench had been dropped into the steering gear but the power was shut off before great damage was done. The authorities, declares he is a native of Denmark.

### RID THE SENATE OF SEDITION PREACHERS

New York, Oct. 1.—In an open letter to governors of the United States, the executive of the American Defense Society urges that "steps should be taken at once to rid the United States senate of those men who by their seditious utterances are giving aid and comfort to Germany." Each governor was asked to "arouse public sentiment through an appeal to the fathers, mothers, wives and sisters of men at the front," in his state.

### WASHINGTON DOES NOT DEEM IT EQUITABLE

Washington, Oct. 1.—(Montreal Gazette despatch).—The United States government has refused to recognize as equitable an agreement entered into between Holland and Germany fixing the percentage of exports from the Netherlands which shall go to the central powers and to the nations allied against the Germans in the world war.

### WOMAN NOW IN PERFECT HEALTH

What Came From Reading a Pinkham Advertisement.

Pateron, N. J.—"I thank you for the Lydia E. Pinkham remedies as they have made me well and healthy. Some time ago I felt so run down, had pains in my back and side, was very irregular, tired, nervous, had such bad dreams, did not feel like eating and had short breaths. I read your advertisement in the newspapers and decided to try a bottle of Lydia E. Pinkham's Vegetable Compound. It worked from the first bottle, so I took a second and a third, also a bottle of Lydia E. Pinkham's Blood Purifier, and now I am just as well as any other woman. I advise every woman, single or married, who is troubled with any of the above-said ailments, to try your wonderful Vegetable Compound and Blood Purifier and I am sure they will help her to get rid of her troubles as they did me."—Mrs. ELIZABETH J.
