He Suffered For Several Years

THEN DODD'S KIDNEY PILLS CURED D. A. BROTHERTON'S RHEUMATISM.

He Also Knows from his own Case and Through Others who have Used them that Dodd's Kidney Pills are the Remedy for Kidney Trouble.

Victoria, Harbor, Ont., May 7th.—(Special)—"I took Dodd's Kidney Pills for Rheumatism, weak heart and general debility, and the results justify me in recommending Dodd's Kidney Pills to anyone suffering from these troubles."

The speaker was Mr. D. A. Brotherton, a well known citizen of this place. Continuing Mr. Brotherton said:

"For several years I was troubled with Rheumatism in my left hand which would shift to my elbow and then to my left shoulder. It was very annoying and painful at times."

"I also know Dodd's Kidney Pills to be good for Kidney trouble both in my own case and through others."

Rheumatism is caused by uric acid in the blood. If the Kidneys are healthy they will strain all the uric acid out of the blood. The natural way to cure the Rheumatism is to cure the Kidneys. Dodd's Kidney Pills cure sick Kidneys.

BRITAIN FOLLOWS OUR TAILORING

Introduction of Semi-ready System by Well-Known English House

"In an English trade paper recently one of the oldest firms in Yorkshire County advertised a full page spread of 'Super-Semi-ready Suits.'"

"While it was an indication of the Semi-ready trade mark, registered and used in England by us, it would go to show that the English tailor has absorbed the idea of tailoring the finer wools in a wholesale way just as the Semi-ready Company have been tailoring in Canada for twenty years."

"Price is a matter of quality, and while one can get cheaper clothes, they are made in a cheaper way."

"Some time ago a firm of Germans established headquarters in London and caught a Colonial trade under the borrowed name of a famous mark."

"Yet they victimized a lot of people in Canada, before it was discovered that the suits at \$8.95 were not any better than the suits at \$1.95."

"The Semi-ready store on King street has the only genuine Semi-ready tailoring sold in the city. This store carries the best of the cloth, with 'the price in the pocket' always."

C. P. R. WIRE TELEGRAPHS
GENERAL MANAGER HERE

John McMillan, general manager of C. P. R. Telegraphs, who recently succeeded James Kent in that responsible position, was in St. John yesterday and returned to Montreal last evening after a tour of inspection in the maritime provinces.

This is Mr. McMillan's second trip in this district, and he speaks with warm enthusiasm of this part of the country and its possibilities. He has had much experience in the west, but he is quick to recognize and speak about the varied resources and the assured future of the maritime provinces. Mr. McMillan has already made many friends in this part of the country, and they will be glad to know that he intends frequently to visit these provinces.

Mr. McMillan is a man of very marked ability and stands high in the esteem of his associates and of the business public with whom he comes in contact. He expressed himself yesterday as delighted with the new offices of the C. P. R. Telegraph Company here, which are not exceeded anywhere in point of modern equipment.

ONE EYELET MISSING

The Only Fault in 5,000 Pairs of Invictus Army Boots.

Publicity is a two-edged sword; however, as I have no apology to make, and believing absolutely in the Canadian public's intelligent sense of fairness, I make the following statement:

I maintain that the public has the right, when its fathers, sons and brothers, are fighting to defend a principle of this nation, in a distant country, to know something about the way we have cared, and will care, for those men; therefore, it will be of interest to know that:

The firm of Geo. A. Slater, Limited, did not supply a single pair of boots for the members of the first contingent, neither did we supply and boots to the government, for use by the militia previously. Late last October, however, we received an order for 5,000 pairs of army ankle boots, for which we were paid in full (\$20,000), without any hitch whatsoever. I admit that two pairs were returned to this factory—one pair because it was mislabeled at Ottawa—the other because in some manner, an eyelet had been detached. Please bear this in mind, an unfinished record, except for one small eyelet.

I did appear before the committee on boot enquiry, but solely in the capacity of a boot manufacturer desirous of rendering what service he could to the public, with information based on thirty years of experience.

Every one of the five thousand pairs of boots, was constructed with the finest of skilled workmanship and the best of material.

It is an unfortunate circumstance, that reflections have been cast, in so general a manner, that a stigma has attached itself to the name of every boot and shoe manufacturer in Canada, regardless whether it was, or was not, deserved. In taking the public into my confidence, I desire to point out that this concern, its methods and its products are based on honesty of purpose, and never, knowingly, has there been sent out from this factory a boot that will not meet the high standard quality set by us in making Invictus Shoes.

I write this in defence of our own principle, which is to deal squarely with our customers, be they government or individuals. The standard of quality is the same to all, although I regret to say this firm lost money on the business, which we accepted from the government, solely because in upholding the same principle, we felt that it was absolutely essential to solidify our position, to have boots made on special lasts and with special patterns, which it was necessary for us to order specially, to properly fit our contract.

We still point with pride to the few army boots made by us, which carry the name 'Invictus.' They will not only redound to the credit of this organization, but will be, as well, a vindication of Canadian manufacturing superiority and square dealing.

ON LOYALIST DAY.
Arrangements have been completed by the Women's Canadian Club for the special children's celebration of Loyalist Day to be held at the Imperial Theatre at 5 o'clock on the afternoon of May 18.

Miss Robertson and D. Arnold Fox are training about 800 children to sing patriotic songs and in addition a variety of views have been received from Montreal to accompany a lecture by H. A. Powell, K.C., on 'The Empire and the Sun,' the views showing scenes from all parts of the British Empire. The whole performance will be limited as the children will have to be accompanied by the theatre. The admission is to be 15 cents, the proceeds for patriotic purposes.

It was in a country town and the travelling party was playing 'Richard III.' The performance seemed to drag terribly and the audience became very tired. 'A horse, a horse; my kingdom for a horse!' roared the actor.

'If ye quit now ye'll be able to catch the ten-thirty trolley!' shouted a tired voice.

Name for Every Letter
The longest name ever inflicted on an English child must surely be that of an unfortunate born at Derby in 1883, upon whom her parents bestowed a name for every letter of the alphabet. Anna Bertha Cecilia Diana Emily Fanny Gertrude Hypatia Inez Jane Kate Louise Maude Nora—will cease the infliction till it comes to Zena!

Rev. Ralph Lyonel Tollenmache Tollenmache was another with a cruel fate for long names, and baptised his eldest son, Lyonel Yderale Odin Nestor Egbert Lyonel Toedding Hugh Eberwynn Saxon Eza Orme Cromwell Nerli Dy-sart Plantagenet—London Chronicle.

The SIX built for Service
—of the Studebaker Kind

There's a difference, you know, in the meaning of Service—a difference that depends altogether on the manufacturer's ideals and sense of obligation to his customers. And so, when you think what the name of Studebaker stands for—when you think of the millions of people to whom it has come to be a pledge of honesty in every little detail—you can appreciate the quality of this SIX that's built for Service—the Studebaker kind.

—because it's a Studebaker—you'll find that Studebaker has spared no expense to give it over-abundance of power—to give it even balance of weight and alignment that make for EASY-riding and EASIER-driving—and cut down the upkeep costs. To give it safety and certainty of operation that make it a car you can DEPEND ON.

But see this SIX—today if you can. Your local Studebaker Dealer will be delighted to show you the SIX—to demonstrate it thoroughly. And when you see how handsome a car it is—when you see the many conveniences and the many SERVICE-giving qualities that Studebaker has built into it—you'll appreciate even more what it means to buy a Canadian-built car that has back of it all that Studebaker experience and Studebaker ideals of what a car should be—to buy a car.

—because it's a Studebaker
