### MURRAY CRANE LEFT SOME \$20,000,000

Gave \$650,000 to Institutions in His Will

Bulk of Property Left to Widow, Three Sons and Daughter — Million for Eldest Son — Bequests to Employes.

Pittsfield, Oct. 12.—Specific bequests of \$4,882,000 are made in the twenty-eight page will of former Senator Winthrop Murray Crane, which has been filed for probate here. There are public bequests of \$665,000, including \$100,000 for the erection of a community house in Dalton and an additional \$100,000 to maintain it. The total public bequests to the town of Dalton and its institutions aggregate \$305,000. Four institutions in Pittsfield receive \$50,000 each.

Mrs. Crane receives \$750,000 outright and the life income from a trust fund of \$1,000,000. Winthrop M. Crane, Jr., who succeeds his father as business head of the Crane mills at Dalton, receives \$1,800,000 outright and is named residuary legatee. Trust funds of \$250,000 are provided for each of the sons, Stephen and Bruce, and a trust fund of \$800,000

### Penmans Underwear

"THE STANDARD OF EXCELLENCE"

"NOT a flaw, my boy, not a hard thread! You will get no end of wear from that garment!"

Who is a better judge of woollens than Grandma? She has knitted nearly all her life. Judging materials was part of a young girl's training in her day.

Grandma readily recognizes the quality in Penmans underwear.

for Louis Crane. They are the minor children of Mr. Crane by his present wife, Stephen and Bruce also receive two-thirds of the testator's interest in the business of the Crane mills at Dalton under trusteeship. Trust funds of \$50,000 are created for each of the three children of Winthrop Crane.

The trust fund of \$1,000,000 is to be divided at Mrs. Crane's death among the children, Stephen, Bruce and Louis. Mrs. Crane also receives all the personal effects in the Dalton home and the life use of the estate which also, at her death, goes to the three children. If Stephen and Bruce Crane should die before reaching the age of twenty-one their interest in the Crane mills goes to Winthrop Crane, who is authorized to manage their interests until they reach the age of twenty-five.

The public bequests, besides the Community House, Dalton, follow:— To the Dalton Library, \$25,000; to the Dalton Protestant and Catholic Cemeteries, \$40,000; to the town of Dalton, \$25,000; for special educational work in schools; to the town of Dalton, the testator's interest in Pine Grove Park, a public playground; to the Dalton Young Men's Christian Association, \$50,000; to the Congregational Church of Dalton, \$25,000; to the House of Mercy Hospital, Pittsfield, \$50,000; to the Berkshire County School for Crippled Children, Pittsfield, \$50,000; to the Berkshire County Home for Aged Women, Pittsfield, \$50,000; to the Pittsfield Anti-Tuberculosis Association, \$50,000; to Williams College, \$25,000; to the American Board of Commissioners for Foreign Missions, \$10,000; to the Congregational Home Mission Society, New York City, \$10,000; to Tuskegee Institute, \$10,000; to Perkins Institute, Boston, \$10,000; to Mount Holyoke College, \$10,000; to Williston Seminary, \$5,000; to Wilbraham Academy, \$5,000; to the Fruit and Flower Mission, New York City, \$5,000.

The value of the estate is estimated by Pittsfield bankers at \$20,000,000.

### EXECUTIVE MEETS TO PREPARE FOR THE CONVENTION

The executive of the Maritime United Baptist Women's Missionary Union met in the Main street Baptist church parlor last night with the president, Mrs. David Hutchinson, in the chair, and received the reports of the various officers, all of whom were most satisfactory. The officers present were, besides Mrs. Hutchinson, were: The corresponding secretary, Miss Hulse; recording secretary, Miss Clara Fullerton; treasurer, Mrs. G. B. Smith; vice president, Mrs. Nova Scotia, Mrs. L. M. Gregg; secretary, Mrs. Prince Edward Island, Mrs. Isabelle Clenden; mission band secretary for P. E. I., Mrs. Hubley; secretary for Nova Scotia, Mrs. MacLaren; mission band secretary for New Brunswick, Miss Augusta Slipp; secretary for mission bands for New Brunswick, Miss Harlock Coy; business manager for "Findings," Mrs. Ralston. Many other members of the executive were present also. A telegram of sympathy was sent to Mrs. J. W. Manning, editor of "Findings" who is unable to attend the convention on account of illness.

### TUNNEL UNDER HUDSON RIVER STARTED TODAY

Will Cost \$29,000,000 and to Be Completed in 1924 — Will Take 22,000,000 Vehicles Yearly.

New York, Oct. 12.—(By Associated Press).—Construction of a vehicular tunnel under the Hudson River between New York and Jersey City starts today with the breaking of ground for one of the tube's big shafts. State, county

and municipal officials from both states have been invited to participate in the ceremonies in Manhattan this afternoon. Engineers expect to complete the structure by 1924. The cost, estimated at \$29,000,000 is to be borne equally by the two states. Shore works, including shafts and approaches, will require 18 months to construct, after which actual work of boring under the river is to begin.

Continued congestion at the ferries between New York and New Jersey prompts the belief of tunnel engineers that \$5,000,000 motor and horse-drawn conveyances will use the tube in 1924, with traffic showing a steady increase, reaching an annual figure of \$2,000,000 vehicles by 1948. Tolls based on the ferry rates will be levied for 20 years to pay for the tube, and then it would be free for the use of all.

Four driveways, two in each direction, will be provided. A sidewalk, two feet in width, also is planned. The tunnel, comprising twin cast iron tubes each with an external diameter of 29 feet, will be six feet wider than the Pennsylvania Railroad tubes under the Hudson East River. Traffic blockades, now common on ferries, would be precluded by providing at each end of the tube derrick-equipped trucks to take stalled automobiles in tow. Three driveways in each direction will be furnished on the approaches, because slight inclines there are expected to slow down the movement of the vehicular queues. Ventilation to rid the tunnel of carbon monoxide gases from automobile exhausts will be furnished by four

large shafts and also by an air duct under the roadway and an exhaust above. Smoky vehicles circulate poisonous gas freely in closed places by chemists working on the tunnel ventilation system estimate that at the highest point of saturation here will be only 2 1/2 parts of carbon monoxide to 10,000 parts of air in the tube. It requires 8 parts of air gas to 10,000 parts of air they figured, to give a man a headache.
