Keep the Air Moist and Healthful By Using The Radiator Humidifying Pan

Breathing super-heated, dried indoor air produces more headaches, colds, influenza and pneumonia than all other causes combined, declares leading health authorities.

Artificial heat, coming from stoves and hot water radiators dries out most of the moisture of indoor air, preventing the natural in-flow and out-flow of moisture the human body should have.

THE RADIATOR HUMIDIFYING PAN offers a natural relief from the injuries of impure indoor air. When filled with water and placed on the back of any steam or hot water radiator, between the radiator and the wall, out of sight, it evaporates the water, rapidly converting the dry, vitiated indoor air into a moist, healthful atmosphere that Nature requires and good health demands. The Radiator Humidifying Pan is made of HEAVY GALVANIZED IRON TO FIT WITH OR CLOSE FITTED RADIATORS.

Price \$2.50 Each.

LOCAL NEWS

DEATH OF CHILD

Friends will regret to learn of the death of Lois, daughter of Mr. and Mrs. Parker Hogan, aged nine months, on Jan. 5. The funeral will be on Tuesday at 2 p. m.

F. A. MCKENZIE'S LECTURE

The talk to be given by F. A. McKenzie to the War Veterans late this evening will not in any way interfere with the illustrated war lecture at the Red Triangle at eight o'clock.

DANGEROUSLY ILL

Mrs. Myrtle Morrison, 86 Kennedy street, has received word that her husband, Bombardier Duncan Robert Morrison, artillery, was still dangerously ill at Stationary Hospital, Worcester on December 29. This soldier was formerly in the 62nd Batt. and went overseas with the 118th.

DENIAL RE SUSSEX HEALTH

A prominent citizen of Sussex protests against the reports that the town is overwhelmed with influenza. He says that the disease was never, if any, as bad as at the time of the general prevalence, when Sussex was considered one of the lightly-affected towns. He says that a prominent physician of the place backs him up in this assertion and cites as a proof of it that most of the doctors are busier than usual and that at one time last week the whole medical fraternity were enabled to come to the city and that upon their return there was no rush for their services. The citizen says it is unfair to the thriving little town to have exaggerated stories circulated about it.

WILL LIVE IN WINNIPEG

On Saturday night's Montreal express Mr. and Mrs. William J. Ingram left for Winnipeg to take up their residence at Mr. Ingram's insurance company has appointed him to that larger and more important field. Mr. Ingram has been making St. John his business headquarters for more than twelve years, coming here from Ottawa. Both he and his wife have made many friends in St. John and roundabout and on Friday evening at the home of their son-in-law, A. C. Jones, 815 Union street, a party of ladies and gentlemen assembled to say farewell and to spend a pleasant few hours. After the supper Mrs. Ingram was made recipient of several pretty and useful gifts.

PICTURE EXECUTIVE IN TOWN

R. J. Macdonald, of Halifax; Witter O. Penney, of Fredericton; A. A. Gaudet, of Summerside; E. G. W. C. McKay, and W. H. Golding of this city, are meeting today in executive session at the Motion Picture Exhibitors' League of the Maritime Provinces. J. M. Franklin and Meyer Herschorn of Halifax, are also in town for the general discussion. The executive officers held a short preliminary session this morning in the Opera House offices and with other lunch at the Dufferin. This afternoon they were to meet the film exchange managers and tonight another session of the executive will be held. Many matters of importance are being brought upon and settled.

DIED IN BOSTON

The death of Harry S. Marr occurred suddenly in the Boston City Hospital, Boston. Death was due to influenza followed by pneumonia. Mr. Marr was a telegraph operator and had for many years been in the employ of the Pennsylvania Railroad Company at New Jersey. He was twenty-eight years of age, and leaves, besides his sorrowing parents, Mr. and Mrs. Thomas Marr of Bellisle, one sister, Mrs. Geo. R. Gale of St. John. He was a popular, well-remembered young man who will be greatly missed by a large circle of friends. The funeral will take place from Bellisle Station on Tuesday afternoon at 2 o'clock. Interment will be made in Bellisle Union cemetery.

PERFORMING DOG LOST

Trainer Edwette, belonging to The Ac Beautiful, one of the splendid specialties of the Harry Lauder show seen here last week, sustained a serious loss in the disappearance of one of his trained hunting dogs while in Bangor last previous to coming here. The dog was taken out for an airing in the streets and one of the pack—there were five of them—was run over by an automobile. After lying on the ground as if stunned for a minute or so the canine jumped up and ran away for dear life. All efforts to locate it failed and even up to the time the company left St. John there were no answers to advertisements. It is thought the dog was thoroughly frightened and after his taste with the auto became temporarily mad with the scene it received. The act to which the dog belonged is an English one and exceptionally valuable because of the proficiency of the dogs in horse in their pouncing.

ARRANGEMENTS FOR A BIG SUPPLY OF LUMBER FROM CANADA

Means Business of \$40,000,000 With Great Britain in Year

London, Jan. 5.—(Special Cable from John W. Dace)—As the outcome of negotiations carried on by the Canadian trade commission the timber controller of Great Britain will purchase in Canada half a million standards of lumber, equivalent in the Dominion to one billion square feet. The lumber, of all grades, will be bought under the direction of the timber controller through British brokerage houses and Canadian timber agents in London, who will deal direct with the Canadian lumber producers.

It is understood that every Canadian producer registered on the lists of the trade board at Ottawa will be given the equal opportunity to sell. There is also to be an allocation of purchases upon a territorial basis.

This lumber is to be bought within the next twelve months. It will represent a total transaction of about \$40,000,000.

Ottawa, Ont., Jan. 5.—The necessary Canadian credit which rendered possible the large lumber transaction announced from London was arranged some weeks ago between the Dominion government and the imperial government. The British government is to supply the shipping to carry this lumber.

Local lumber dealers already have been advised of this arrangement and expect to provide their share of the purchase as it is pointed out that the purchase is for the purpose and the imperial government has been doing all the buying for the last three years. Private shipments could not be made to Great Britain as the shipping board would not permit the entry of any importations except those made through government agency. For the last three years all the lumber for overseas use has been purchased directly by the British government the buyer in this district being Montague L. Meyer. Under the later arrangement the purchases will be made through the Canadian branches of the Imperial Munitions Board.

THE PROPOSED NEW THEATRE IN ST. JOHN

Would be One of Canadian Chain of Messrs. Allen—Reported Offer Was Made for Imperial

It is said that the theatre situation in St. John may take on a new complexion if the plans of Messrs. Allen of Toronto mature as outlined. They are the Canadian shareholders of Paramount pictures on agency basis and in proposing to erect theatres in St. John, they are said to be protecting their own agency and to market their own films, a policy hardly wise in view of the fact that the nature of the contract they were asked to sign.

Already Messrs. Allen control a string of theatres across Canada, starting in the west and extending in Quebec city, where they have recently acquired a lease of the Auditorium. They have two new theatres in Toronto, two in Ottawa and one new one in Westmount, Montreal. Their proposal to come into this territory is therefore an extension of their continental plans.

Mr. Rothenberg, financial representative of Allen interests, has been in the maritime provinces for several days arranging for sites to build and making reasonable arrangements for additional houses in New Glasgow, Moncton and Sydney. This scheme would give a chain of five houses in the maritime territory, two of which would be new buildings—Halifax and St. John.

The Halifax house is declared definitely in the air and appointments in St. John, another in Halifax and linked houses between these points and beyond, the entertainment situation in this section of Canada is apt to be greatly changed as an after effect of the war. At present time nearly all the houses operating in this territory are privately owned, or belong to close syndicates and the advent of a circuit may make things somewhat different.

AMERICAN CONSUL SPEAKS OF ROOSEVELT

Mr. Cuiver Refers to Him as One of Greatest and Truest Sons of United States—Loves of Home Outstanding Trait

H. H. Cuiver, American consul here, was much distressed when a Times man informed him of the death of Colonel Roosevelt this morning. He said: "It was with profound sorrow that I received the news of Col. Roosevelt's death; it came as a great shock, for I was not aware of his illness."

"In his death the United States has lost one of her greatest and truest sons. His career was a most marvellous one, but what he achieved was through merit and force of character alone. While he has been more or less of a storm centre for years, yet no man ever stood truer to his convictions than Theodore Roosevelt, and, whether in office or as a private citizen, he wielded an influence for good that extended far beyond the boundaries of his own country."

"Numerous of a reactionary in politics, he was nevertheless, progressive, and always had the best interests of his country at heart. Perhaps no man of his time had a greater or more comprehensive grasp of world conditions than he, and he was in every respect an outstanding character."

"A most admirable trait in his character was his love of home and family. It was in his home life that he found the calm and satisfying life that makes men great and strong and fits them for the struggle and battle of life. In his death, a great man has fallen in the prime of life, and he will be missed, not only by his own people, but by the world at large, as few men are missed."

SCANDINAVIAN HERE ON WEDNESDAY WITH MORE THAN THOUSAND

The next freight ship, the Scandinavian, is due to arrive here on Jan. 8 according to the latest advices received. The steamer has 103 officers, 168 other ranks and 746 civilians on board in addition to mails and general cargo. The following is a list of the officers, other ranks and civilians and the districts where they are en route to:

District	Officers	Other Ranks	Civilians
London	19	7	80
Toronto	88	18	815
Kingston	8	10	8

MACAULAY BROTHERS & CO.

These Sudden Cold Snaps Show the Need For the Silver Moon Heater

The old heater may serve in a pinch when the weather is fairly mild; but when these sudden, without-warning cold snaps strike us, the need of a proper heater such as the New Silver Moon is quickly apparent.

Easily taken care of, easy on fuel, ornamental, but not so much so that it costs you anything for the ornamentation the New Silver Moon stands without equal.

Our stock seems to have just anticipated this cold snap, and we are anxious to set yours up.

Shall we?
