## SUPREME CRISIS AT HAND

London, June 27.—(Via Reuter's Telegram Agency)—At a luncheon given by the London Chamber of Commerce in the Cannon Street Hotel, Premier Hughes, of Australia, said the Allies were facing the supreme crisis of the war. The next few weeks were pregnant with tremendous possibilities. German militarism fully realized that they must either achieve a decisive victory now or continue a hopeless struggle against daily increasing odds. It would be foolish to underestimate the immediate danger, but it was clear that the enemy was becoming increasingly anxious. The speech of Von Kuchemann, the German foreign secretary, was a clear admission that the recent offensive had been but barren in its gains and that military success, if not impossible, was farther off than ever, and unless victory was gained politically, Germany must prepare for a long war.

The change in the German tone, Premier Hughes opined, was due to a realization of America's great effort. The Germans also knew that the Anglo-French armies were confidently awaiting the next onslaught, while the unquelled Austrian offensive had spent itself and any day might see the Austrian armies in headlong rout and the civil population openly rebelling. Germany had completely lost command of the air, and the failure of the submarine campaign was obvious. Great Britain's mastery of the seas was more complete than ever.

## WORK OF INTERNATIONAL TYPOGRAPHICAL UNION.

Indianapolis, Indiana, June 18, 1918.

To the Editor of The Times, St. John, N. B.—I am enclosing herewith a copy of our modest little booklet "Somewhere in France," which may interest you. On June 18, 1918, 4,081 journeymen members of this union and 656 apprentices were in the army and navy forces of the United States and Canada.

Seventy-five of our members have fallen in battle in France or have died in military camps in America. To the widows, orphans, fathers, mothers or other relatives of these men this International Union has paid mortuary benefits amounting to \$22,250.

During the past twelve months this International Union has paid \$554,000 to 1,500 old age pensioners.

In the same period this union has paid mortuary benefits amounting to \$812,460. The total expense for the maintenance and for improvements at the Union Printers' Home at Colorado Springs last year was \$167,000.

This union has invested \$80,000 in each of the three Liberty loans—\$300,000 in all. Our subordinate organizations and individual members have invested more than \$3,000,000 in these securities.

Our strike expenses for the past twelve months were but \$1,237.

The gross earnings of our members amounted to more than \$12,000,000 for the year for 62,000 members, and the insignificant amount expended for strike purposes reflects our determination to give full patriotic support to the government under which we live in the terrible responsibilities which now confront us all.

The officers of this International union are volunteers in the Army for the duration of the war at least, and we will do our best to give full effect to the earliest recommendations made by President Wilson in his proclamation creating the National War Labor Board. There should be no strikes or lockouts during the war.

This International Union neither solicits nor accepts contributions to its benefit funds. Every dollar expended for these purposes is paid by members.

## BRITAIN MUST FIND MANY MORE MEN

London, June 27.—Intervening in the debate on the new military service act and speaking of the urgency of obtaining men for a serious emergency Premier Lloyd George said today it was true the Americans were coming and being brigaded with the allies but that when men were obtained they should replace the Americans and enable the Americans to form their own divisions. That was the honorable undertaking upon which President Wilson was prepared to end over a very large force to duty in the navy with the expectation of going overseas later on.
