### A WONDERFUL REMEDY

Orange Lily is daily curing the most obstinate cases of Female Disorders, Falling of the Womb, Leucorrhoea, Painful and Suppressed Menstruation, etc., etc., are all of them relieved from the start by its use, and a few weeks or months' treatment accomplishes a complete cure. This remedy is a positive scientific preparation, and is based on the discoveries of Pasteur and Lister. It is an applied treatment; that is, it is not taken internally, but is applied direct to the suffering part, and it therefore, acts with all the certainty of the known laws of chemical action. As it comes in direct contact with the diseased tissue, its antiseptic and nerve-food properties must help have a beneficial influence. I receive from 10 to 15 letters daily, speaking of the benefits and cures it is performing, and so sure am I that it will do what is claimed for it that I will send, absolutely free, a 35c box to every suffering woman who will write for it. Price \$1 per box, which is sufficient for one month's treatment. Address: MRS. FRANCES E. CURRAN, WINDSOR, ONT.

For Sale By Leading Druggists Everywhere.

THE BANK OF BRITISH NORTH AMERICA

An interesting resume of conditions in Canada, with particular reference to the part played therein by the Bank of British North America, was presented at the 78th Annual Meeting of the bank, held in London a few days ago. The address of Mr. E. A. Hoare, the Chairman, is a concise outline of the position of the Bank, and a lucid comparison of the figures in the present statements with those of the previous year.

Mr. E. B. Macdonald, the general manager, in his address shows an intimate knowledge of the affairs of the country. In outlining the policy of the bank, he pointed out, amongst other things, that

### CARLETON'S

The Bank of British North America had discouraged Real Estate speculation, which is largely blamed for the present depression. The bank, at the same time, encouraged legitimate business. The net profits for the year ending 29th November, 1913, amounted to \$689,746, which, together with balances brought forward from the previous year, made \$788,000 available for distribution. Two dividends absorbed \$388,000, and the Reserve Fund \$97,000. An appropriation of \$97,000 was made to the Bank Premises Account, and contributions were made to the various funds for the benefit of the staff, in addition to which a bonus of five per cent. was paid on their salaries.

The bank has total assets of \$62,644,000, and total deposits of \$88,200,000. Current Loans and Discounts in Canada amounted to \$28,096,000, while other current loans elsewhere than in Canada amounted to \$7,718,000. Altogether the showing is a particularly favorable one.

Full particulars of the proceedings and balance sheet will be found elsewhere in this issue.

Grace was a country girl, whose parents sent her to the city to attend college. When the holidays came around and she came home, her mother gave a reception in her honor.

Some of the girl friends asked Grace to show them her new gown. Obligingly she brought out several models

gowns, and, holding up a particularly pretty one of silk, she said: "Isn't this one perfectly beautiful? And just think, it came from a poor, little insignificant worm!"

Her hardworking father was seated near, watching the performance, and he replied: "Yes, darn it, and I'm that worm!"—Lippincott's.
