## THERE IS DANGER IN TENDER GUMS

To preserve healthy teeth, the ordinary toothpaste is futile. You must first care for the gums, on which tooth health depends.

How many people think of this? Yet four out of five people over forty suffer from gum-decay, or Pyorrhea (Ripper Disease).

At first the gums become tender, though actual gum-shrinkage is imperceptible. But in time receding gums will surely loosen your teeth, and then only a dentist can save them. The tender, bleeding gums of Pyorrhea also act as so many doorways for disease germs to enter the system—infected joints or tonsils—or causing other ailments.

Forhan's (For the Gums) prevents Pyorrhea, if used in time and used consistently. This means that it prevents gum-shrinkage, gum-tenderness, gum-bleeding. So, automatically, Forhan's prevents tooth loosening.

Brush your teeth with it. It scientifically cleans the teeth—keeps them white and clean.

If gum shrinkage has already set in, start using Forhan's and consult a dentist immediately for treatment. 35c and 60c tubes. All Druggists. **FORHAN'S, LTD., Montreal.**

### TO ESTABLISH HOSTEL FOR IMMIGRANT WOMEN

Support for the establishment of a Women's Hostel in St. John was pledged yesterday at a meeting under the auspices of the St. John Local Council of Women in the Red Triangle rooms. Mrs. E. Atherton Smith in the chair. The first steps will be the formation of a branch locally of the Canadian council of immigration for women for household service. A letter was read from F. W. Sumner, agent general for New Brunswick in England, dealing with the scheme of government aid in sending women to this province. The idea was further explained by Miss Lowe, who is visiting Canada in the interests of British women. She said many women in the old country were desirous of coming to Canada to enter into domestic service and thought that it would be a great advantage if they could be brought direct to situations.
