[Vol 26]

The Standard.

ST. ANDREWS, NOV. 2, 1859.

To our Readers.—The Standard today is published on half a sheet; and we feel confident our subscribers and patrons will make allowance, when we state, that seven of our children have been prostrated by the fearful epidemic now so prevalent—scarlet fever and putrid sore throat—and that one of them, a beloved son, principal assistant in the office, has been taken from our midst, by an All-Wise God, to whose will we humbly bow. We feel unable mentally and physically to issue the Standard in its usual form; and in our bereavement and affliction, rely upon the sympathy of our readers, to excuse any omissions in the contents or size of the paper, until we can make arrangements for publishing it in the usual form, which we trust to accomplish as soon as possible. To our friends in St. Andrews, we tender our warmest thanks, for their numerous kind offices and expressions of sympathy.

THREE DAYS LATER.

Anglo Saxon off Farther Point. Steamer Anglo Saxon passed Farther Point on the 23d inst. Great Eastern had gone round from Portland to Holyhead. It was reported that she would not leave England this year, but go into winter quarters at Southampton. Large numbers of volunteers were flocking to the standard of the Italian League. Builders strike in London continued. Rumors current of differences in English Cabinet, even a split on Chinese question. Stephenson, the great Engineer, was in a driving state. Headstuffs advanced. Consols 93½ a 93½.

LATEST.

Boston, Oct. 29. Steamship Nova Scotia from Liverpool, 19th, passed Farther Point this morning. Treaty of Peace signed between France and Austria on the 17th. An European Congress was soon to take place. Great Eastern remained at Holyhead. Nothing definite as to her future movements, but a meeting of the Directors was to be held on the 19th, when final arrangements would be made. Consols closed at 93½ a 93½.

WARLIKE.—The schooner Trio, which arrived on Thursday, is landing 6000 stand of musketrifles—3000 for New Brunswick, and 3000 for Nova Scotia. These arms were conveyed from Montreal to Portland, Maine, by rail, and from thence to this port, by water. The steamer Emperor will convey those for Nova Scotia to Windsor, and from thence to Halifax they will be forwarded by rail. The rifles are of most approved kind, of the "pattern of 1853,"—Morrill's Globe.

A disastrous fire recently occurred at Moore's Mills, in Charlotte County, destroying a Pulling Mill, a saw Mill, and a shingle factory, &c. We believe that Mr. Moore, Mr. Peak, and Capt. Maxwell, were the principal proprietors, and that there was no insurance.

DEATHS.

On Friday, 28th October, CHARLES, second son of A. W. Smith, aged 13 years and 6 months.

On 28th October, George Ramsay, aged 13 years, youngest son of Geo. F. Campbell, Postmaster.

She had been admitted a member of the first Saint Patrick Baptist Church seven years previous to her death, the whole of which time she adorned the profession, and was in the fullest sense a truly pious Christian. Her remains were interred in the Baptist burying ground on Wednesday 26th.

Scrofula, or King's Evil,

is a constitutional disease, a corruption of the

blood, by which this fluid becomes vitiated,

weak, and poor. Being in the circulation, it

permeates the whole body, and may burst out

in disease on any part of it. No organ is free

from its attacks, nor is there one which it may

not destroy. The scrofulous taint is variously

caused by malarial disease, low living, dis-

ordered or unwholesome food, impure air, filth,

and filthy habits, the depressing vices, and,

above all, by the venereal infection. What-

ever be its origin, it is hereditary in the con-

stitution, descending "from parents to children

unto the third and fourth generation;" indeed,

it seems to be the rod of Him who says, "I

will visit the iniquities of the fathers upon

their children."

Its effects commence by depuration from the

blood
