

Prove All Things and Hold Fast That which is Good.

The healing and curative qualities of *Arnica and Oil Liniment* will at once be recognized and approved by every Physician and Surgeon, as affording the *quickest and surest* means of curing wounds, sprains, strains, sores, cuts, bruises, burns, and ulcers of every kind, including skin diseases generally.

BURLINGTON, Vt., Jan. 26, 1882.

This is to certify that I have used Henry & Johnson's *Arnica and Oil Liniment* in my family on paralyzed limbs and it gave the best of results of anything used, and I conscientiously recommend it to the afflicted.

H. E. ADAMS, Jeweler.

I have sold Henry & Johnson's *Arnica and Oil Liniment* for years; have used it myself and cheerfully bear testimony to its large sale and to its value for what it is recommended.

L. C. LEAVENS, Merchant,
West Berkshire, Vt.

EAST DORSET, Vt., Dec. 29, 1881.

Your *Arnica and Oil Liniment* is working wonderful cures in this neighborhood, as an external remedy for man and beast there is none better.

It is in every way a perfect liniment, and I recommend it to all, who have met with accident, for sprains, strains, bruises, cuts, rheumatism, and the long list of hurts man and beast are subject to.

H. A. BROPHY.

EDWARDSBURG, Mich., Nov. 21, '81.

Your medicines have given good satisfaction, so far as heard from customers who have used them, es-

pecially the *Arnica and Oil Liniment*. Please send me two dozen at once.

Yours respectfully,
J. W. BEAN.

EXETER, Pa., Nov. 16, 1881.

Last spring I bought a bottle of *Arnica and Oil Liniment* of E. W. Campbell, Specialty Druggist, West Pittston, Pa., to use on my horse, which had run a large splinter in his foot, just above the hoof. I extracted part of the same, but could not get it all out. I bound up the wound and called on Mr. E. W. Campbell and asked him what I had best use on it. He gave me a bottle of *Arnica and Oil Liniment*, and told me to keep the bandage well moistened with the same. I did so, and in a few days half of the splinter came out, and it soon healed up. Shortly after I hurt my leg on a harrow-point and was very sore and inflamed. I used the same on my leg, and it soon took out the inflammation and swelling. I think it is a fine thing for bruises, swellings, etc.

GEORGE SUTTON, Jr.

REYNOLDSVILLE, Pa., Sept. 6, 1884.

Henry, Johnson & Lord:

GENTLEMEN—Your medicines give entire satisfaction. * * *

Yours truly,
GEO. EVANS.
