More terrible than war, famine or pestilence is that awful destroyer, that hydraheaded monster, Consumption, that annually sweeps away more of earth's inhabitants than any other single disease known to the human race.

"It is only a cold, a trifling cough," say the careless, as the irritation upon the delicate nucous membrane causes them to hack away with an irritable tickling of the throat. When the irritation settles on the mucous surface of the throat, a cough is the result. To prevent Bronchitis or Consumption of the Lungs, do not neglect a cough however slight as the irritation spreading throughout the delicate lining of the sensitive air passages soon leads to fatal results. If on the first appearance of a cough or cold you would take a few doses of

Teaching a parrot to talk is often tiring work, but an American lady has hit upon the happy idea of employing a phonograph for the purpose of Polly's education. She charges the instrument with the word or phrase which she desires the bird to learn, sets it going, and then leaves the room. The pertinacity of the brazen-throated monster seems to arouse all Polly's spirit of rivalry, and she strives to out-talk her opponent, and in this way, perhaps, presents a gold dog apparently licking something out of an overturned crock The witness identified the gloves, and said he had one of the gloves weighed.
