TRAIN BLOWN UP; \$650,000 STOLEN
A Well Planned Robbery Perpetrated in Russia.

Socialist Company Threw a Bomb at a Car, Took the Money and Fled.

ROGOW, Russian Poland, Nov. 8.—The Cossacks have this far been unsuccessful in their pursuit of the revolutionary train robbers numbering a hundred well armed men who surrounded this station last night, threw a bomb at the mail car of a train, derailed it, killing or wounding several soldiers of the escort, and fled with a sum of money now said to amount to \$650,000. The robbery was well planned. It occurred at 9 o'clock when the train was changing engines. The station master declares the revolutionaries hid in the neighboring forests and were excellently disciplined, their command being given through the progress of the train.

When the robbery was completed the revolutionaries transported their booty to two wagons and marched off in military order singing socialist songs.

Rogow is now occupied by troops. Police witnesses confirm the statement that the revolutionaries were hidden in the neighboring woods.

When the train stopped men armed with rifles sprang up on all sides. Quickly executing the orders conveyed by the bugle, they shot and killed the gendarmes standing in front of the station. Sentinels were placed at all approaches and the telegraph wires were cut. While some of the robbers overpowered the trainmen others attacked the escort of the mail car. Three men were shot and killed. Three were thrown. Two of them exploded with terrific force, killing five soldiers and mortally wounding eleven others. The robbers then ransacked the mail cars, taking the bank notes, gold and silver to their own bags and, unfolding the red flag, formed up in military order, marched out of the station, entered wagons which were in waiting in the forest and drove off.

It was not until three hours later that a detachment of Cossacks hurriedly sent for, appeared on the scene and started in pursuit of them.

THE LORD MAYOR'S PARADE

The streets as usual were brilliantly decorated.

Rumors of the approaching sale of the New Brunswick Southern Railway are revived by the fact that some of the agents along the line have been instructed to collect all accounts up to date and to make prompt returns. This has led to the belief at the Charlotte county end that the sale is about to be completed, but on the other hand this procedure may be only for the purpose of settling the estate of the late Russell Esge.

NEW YORK, Nov. 8.—Edmund H. Moore, professor of chemistry at Columbia University, died yesterday at his home in West Nyack of typhoid fever. He was 35 years of age.

ACTOR MARRIES 18 YEAR OLD SCHOOL GIRL

NEW YORK, Nov. 8.—Edward M. Brooks, an actor, and Miss Dorothy M. Rander, an 18-year-old school girl of Manchester, N. H., were married in the private chambers of District Attorney Jerome in the criminal court building today.

Brooks was arrested here on Oct. 18 on a charge of abduction preferred by Miss Rander's parents. It was alleged that the girl became infatuated with Brooks while he was playing in Manchester and that when he left the city she went with him. Brooks was arraigned today, but he was not called upon to plead.

His counsel said that the prisoner would be glad to marry the girl. A conference between counsel followed, and an hour later, after the prisoner had been discharged, the marriage ceremony was performed.

Brooks is said to be a member of a good family in Baltimore.

SAYS THEY KILLED A VALUABLE DOG

Two Fairville Young Men in Court on Serious Charge.

Firearms Were Flourished by the Parties Concerned—Dog Was Most Cruelly Injured.

A case of cruelty to animals was taken up in the police court this morning, when Hartley London and James McMaster of the Strait Shore road were charged, acting together, with shooting a dog owned by Thomas Leatham of the Manawagonish road.

The two are youths and were represented by Daniel Mullin, K. C., while J. B. M. Baxter conducted the prosecution. S. Merritt Wetmore, secretary of the S. P. C. A., also watched the proceedings. While the complaint was made against the two youths named there were others in the party, Robert Wilson and Robert London. The defendants pleaded not guilty.

Thomas Leatham, the owner of the dog, said that on Tuesday last the dog, which was a fine St. Bernard, had a sore paw and was walking on three legs. Between seven and eight o'clock that evening he found his dog lying on the kitchen floor in a pool of blood. The poor animal was in great agony with its hind quarters badly torn by a charge of gun shot. He valued the dog at \$100. He got Policeman Lawson to examine the dog, and the policeman shot the animal.

A witness said that complaints had been made that the dog had bitten a boy named Wright and club. The members could meet often and discuss the questions of the day. They should also pledge themselves to advertise St. John at every opportunity.

J. N. HARVEY is in favor of a 100,000 club being formed, and says that he has thought of the matter before. If the club will only induce people to come here, he says it will do little good, but if new industries will be obtained, the results will be gratifying. Mr. Harvey thinks St. John is as good a manufacturing centre as can be found in the maritime provinces.

R. NASE is in favor of the movement, and says that St. John needs more people. If such a club is formed, he thinks he would help to increase the population.

T. H. ESTABROOKS, T. H. Estabrooks thinks the idea an excellent one. Certainly such an organization could be made to do a lot of good for the city. The club should be in every respect a citizens' club. It should not be controlled or run by one class of people, but should have as its members people of every class and business who have any thought of all good for their city. Mr. Estabrooks thinks the club should begin with 60,000 as its goal instead of 75,000 or 100,000.

AID. LANTAUUM, Aid. Lantauum said he would be very pleased to see such a club formed, and thinks a great deal of good might be done by such an organization.

JOHN E. MOORE, John E. Moore thinks the club a good idea. If the city would offer inducements to new citizens to come, such as establishing factories and manufactures here, there is no doubt the population would easily be brought up to 100,000.

APPLICATION FOR NEW TRIAL IN COLLINS CASE

Recorder Skinner, for the City, Supports His Argument Chiefly on the Ground of Mis-direction.

FREDERICTON, N. B., Nov. 8.—The Supreme Court is engaged today with the case of Collins against the City of St. John. The action was tried before Judge Landry and a jury at the St. John circuit, and was brought by the administrator of Mrs. Jane Collins, a woman who lost her life by stepping from the ferry boat on to the floats. The charge was one of negligence on the city's part and the jury returned a verdict of \$1,000 damages for the plaintiff's Recorder Skinner this morning moved for a new trial, basing most of his argument on the ground that the judge misdirected the jury.

Mr. G. V. McInerney is opposing the motion, and the case will likely occupy the entire day.
