ELSE HAD FAILED.

Miss II. Eames, trained nurse, residing at No. 47 Ayimer street, Montreal, writes: "About three months ago I caught cold in my head, which developed into acute nassi catarrh. From that time up till a few days ago I had been constantly using snuffs, powders and other worthless remedies, out none of them benefited. Hearing of Caiarrhozone I decided to try it, and am pleased to say that I found relief upon the first application, and a few days of its use completely cured me. My experience with all kinds of medicine has been extensive, but I must sny that I never saw a remedy more speedy in its action than Catarrhozone. I think I know what I am talking about when I say it is the best remedy in the market for catarrh."

If you have catarrh you cannot afford to be indifferent to its progress. Treatment cannot be commenced too early. Your unsatisfactory experience with other remedies should not influence you against the tarrhozone.

Is a guarantred cure CATARRH, ASTHMA. BRONCHITIS.

Interesting Exercises in Connection With a School Flag Raising - A Letter from Lieut. Good.

The trustees of the school, F. Byron Bull. John Flemming and Sterling Peabody, having conceived the idea of a flag raising were not slow to carry the idea into execution. They very easily secured subscriptions, purchased a neat flag and erected a suitable pole. They made arrangements for an appropriate programme. C. L. Smith, postmaster, presided. The choir of Christ church, aided by the Misses Hay of Woodstock and other town talent, furnished the music. Mr. Smith having announced the object of the gathering, "Up with the Union Jack" was sung, and to the stirring strains of this song the school teacher, Miss Harmon hauled the flag to the top of the pole. Three cheers were

sent on this occasion.

WOODSTOCK, Sept. 8.-In a year or two there will probably not be a school house in this county without a flag pole and flag. About two weeks ago a flag was raised amid much enthusiasm at Bedell settlement. Just before that one was put up over the school at Debec. Yesterday a similar event took place at the Cedar Hil school house, which is situated on the west side of the river, two miles below town. Particular interest attached to the ceremony of yesterday, as it was held in the very heart of the community which was first settled by the Loyalists, the descendants of whom with scarcely an exception occupy the farms granted by the crown to their ancestors. It is in this community that the parish church of Woodstock has always been and is now situated, and the descendants of the Loyalists who settki in Woodstock have remained as faithful to the church as to

the flag of their forefathers.

then given for the old flag. Rev. Mr. Teed, rector of Richmond, was the first speaker called upon. He made an address, expressing regret at the unavoidable absence of the Ven. Archdeacon Neales, who hen for such a long time been intimately associated with the school, and wno, had he been at home, he was sure, would have been glad to have joined in with those pre-

This address finished, "Soldiers of the Queen" was heartily sung, followed by a speech from Frank B. Carvell. M. P. P. Miss M. Oliver gave a recitation and a solo was sung by Miss Hay. Colin Wetmore recited "The Flag of England, and an address was made by T. G. L. Ketchum. Little Miss Fannie Raymond recited "The Charge of the Light Brigade," and a speech from H. Paxton Baird, chairman of the board of trustees of the town of Woodstock, followed. The singing of the national anthem, in which all joined, brought the programme to a conclusion. Refreshments were served by the ladies, and the affair wound up in a most satisfactory

of a letter from Lieut. W. C. Good, dated July 31st. Mr. Good reports that seven or eight of his men were, off and on, in hospital, but none seriously ill excepting Brewer, who was invalided home to England and is now in Netley hospital. At the time of writing Mr. Good was in Kimberley, but had just received orders to take his section and join Gen. Baden-Powell in the move to Pretoria. Mr. Good's quota had been in several small actions. They expect to come home by way of England, but at the time of writing had no idea when orders to leave Africa would be given. the case of the town of Woodstock v. the municipality of Carleton for money had and received in the way of Scott act fines, will be tried in St. John. #### CHINA SITUATION.

Latest Developments Point to the Withdrawal of U. S. Troops.

Lord Salisbury Will Return to London Friday, When Some Developments May be Expected.

LONDON, Sept. 11, 5 a. m.-Lord Salisbury will return to London Friday, when some fresh development in the Chinese situation is expected. Beyond Japan's reply showing her intention to continue to occupy Pekin, there is little to throw further light. From Shanghai comes a report that Li Hung Chang has despatched an urgent telegram to the Empress Dowager at Tai Yuen Fu. announcing the purpose of the allies to advance to Pao Ting Fu, and perhaps even fur-

ther. The Tien Tsin correspondent of the Daily Mail asserts that everybody in Pekin is living on "bully beef and hard

tack." WASHINGTON, Sept. 10 .- The developments of the day in the Chinese situation still point to a speedy withdrawal of the United States troops from China. Gen. Chaffee has added the weight of his opinion to that already entertained by many officials here. It probably is significant that the general's statement on this point was given publicity by the administra-

No confirmation is at hand here of the report that Great Britain and Germany have joined in an agreement to remain together in Pekin, regardless of the attitude of the other powers. It does not follow because the United States troops are to be withdrawn this autumn from China that our interests will be left completely at the mercy of the other powers. On the contrary, such disposition will be made of these troops that they, with others, if necessary, can be returned to China in short order. To this end the entire army of Gen. Chaffee will be quartered in some of the pleasantest and most salubrious portions of the Philippines. If they are wanted again in China they can be transported inside of a week, thoroughly refreshed and fitted for effective action.

Minister Wu has not yet been clothed with powers by his government to effect a settlement of the Chinese trouble directly with the Washington authorities. The officials are inclined to believe that no such large power as this will be conferred upon him, though he may, as do the Chinese ministers in Europe, play a most important part in the preliminaries to the institution of regular negotiations through the commissioners for a final settlement.

There is strong proof that 27 were killed at Tai Yuen. All the natives from that place tell substantially the same story. Ten men, thirteen women and seven dren are known to have been there. The list of missing numbers: Am. ericans, 20 men, 21 women and 20 children; British, 41 men, 49 women and 19

children. It is impossible to get the numbers of the Catholics killed, but there were many French priests and sisters and some are in the country where the Russians are fighting. There are also several Swedish and Danish Protest-

ants. The massacre and persecution of Chinese Christians continues everywhere, and it is said the anti-foreign leaders intend to exterminate them. Literati and minor officials are sending memorials to the dowager empress thanking her for ridding the country

of foreigners. All the information coming from the interior is that, except in those parts of the country which the foreign troops occupy, the people believe that the empress has won great victories and driven out the foreigners. It is asserted they will continue to think so until the foreigners, who were compelled to flee, are able to return, and conspicuous punishments are inflicted in retaliation for those who were killed.

Li Hung Chang yesterday promised Mr. Goodnow that he would telegraph to the local officials of Chi Li to furish escorts to treaty ports for all the missionaries who were still there. Li Hung Chang requested Mr. Good-

now to cable to the department of state at Washington that he was greatly pleased with the appointment of his "old friend Foster" as a peace commmissioner.
