Woodstock, May 6.—We have just been informed that he store of Mr. John Caldwell, Brighton, was burned to the ground on the night of 3-jinst, containing 750 bushels of cars, 50 of wheat, 5 cevt, of flour, with a variety of other articles. As the fire occurred in the night, and made such progress of the work of an incendiary. It is high time that our authorities should aut themselves, and check such outrageous proceedings. Half way measures will not do any longer. Plegraph.

The ice in front of the town broke up in the course of Monday, and resterday morning the river presented a pretty clear space as far as Longmenti, where a large quantity still remains stationary. The thickness of the masses floating down was very great, and in some instances small incherge from 20 to 30 feet above the surface of the water consequent to some days before the navigation will be clear.

A great deal of damage has been caused on the line of the Chateauguay River by the rive of the waters consequent to the same and mills along the line of the river much injured. A number of houses were also destroyed, and many cattle lost. In fact, the damage done greatly exceeds anything of the kind that has happened in that part of the course of the water scores of the water scores of the speech delivered by our worthy and excellent representative Sin Howann Dougras, in the House of Corn more on the 21st ultimo, relative to Lord Pulmerston's woiters for in address to her Majesty for copine of common on the 21st ultimo, relative to Lord Pulmerston's woiters for the subject of the single of the surface of the surface of the surface of the form the call unde upon the home above and control of the surface of the
