MESSENGER AND VISITOR. 1. ...

among the employen of the I. C. H. at Moneton. Mr. J. W. Pittield, who has been station master for a nurber of years, will be promoted to the audit office, and Mr. Alonso Hillson will receive the ap-pointment of station master. The office of cast tracer, which Mr. Hillson ills at the present time, will be abolished. Lampton, —The woollen mill at other Mr. J. T. Smith, cash three of Saturday afternoon and was destroyed. The mill was in opera-tion when the fire broke out. The loss is put at \$15,000. Twenty operatives are thrown out of employment. A joint stock company is to be formed to rebuild and operate the mill. —Over a thousand of Riel's sympathi-zes, embraign half-breeds and French Canadians for treenty miles around, held a mass meeting. Wednesday night at St. 1

turn, reports the fisheries are a failure, owing to a heavy ice. — Cholera reports abow fittle decrease of the death in Spain, while Italy is contri-buting pretty largely to the death-roll. UNITED STATES. — Frost on the 11th did considerable damage in different parts of New England. — It is said that Fred. H. Bown, a Fort Worth mam, has invented a telegraph and telephone instrument that works without a battery. The invention has already made with Brown a millionaire and promises to revolutionize telephoning and belgraphing. — A New York despitch mays i Mayor Grace has been invited to attend a meeting of the American Annexation League, to be unbraning hilf-breeds and French ans for twenty miles around, held a meeting. Wedneeday night at St. c. Speeches were made by Kiel's and prominent French residents. the addresses there was intense ex-nd. A number of listenser should ould fight before they saw Kiel . His counsel will appeal to the gound? Mr. Brown a millionaire and promises to revolutionize telephonia nead telegraphing.
— A New York despatch mays : Mayor Grace has been invited to actend a meeting of the American Annexation League, to be held at Niagara Falla, Nov. 15. As explained to Mr. Grace, the organization has meeting to the case of Louis Hels and discovered that the state time of President Cleveland and Scoretary Bayard has been called to the alleged fract.
— The eivie authorities of Portland, Me, have passed a arroituin the, and all persons on board shall be vaccinate, and all persons on board shall be vaccinate. The over a set of the set of the state of the set of the set of the state of the set of the set of the state of the set of the set. The lowes in grain range from 1,000 to 3,000 bushels to each farm, 160 acres of the set of set. Beloff and set of the set. Beloff and the set of the set. Beloff and the set of the se hanged. His counsel will appeal to the prive council. —The mine at East Rawdon under Mr. MaxNanghtor's direction, shows a splee-did result for the month of Angust. The proceeds for that one month were nearly \$5600. It is thought that this can be im-proved upon as facilities for work increases. —The Charlottictown Patricid says J udge Wetherbe has commenced as action against the Dominion government for an eovery of all the land on which the mai-overy of all the land on which the mai-ben aerest upon the station agent, and on the superintendent and also on the minis-ter of railways. Mr. Mathematical sectors

of railways. The Chatham, N. B., World says that American fishernee in the Gulf cull the No. 1 mackerel and throw the rest as catch overboard, and that thus a ton fare, an ordinary schoomer loid, resents the destruction of 1800 tons of

where. —At Phillipopolis, the capital of East ern Roumelia, the inhabitants, on the 19th rn Roumella, and need the Governor treu-ral, deposed the government, and pro-claimed union with Bulgaria. A pro-Jaimed union with suggestabilities. The visional government was established. The revolt was well planned, no bloodnhed occurred, and foreigners are, feelared arek. It is suspected that Russis arranged for the rising and suggested union with Bul-garia. The insurgents have occupied all strategic points and blown up all bridges that might be used by a force coming from Tarkey. The Bulgerian army has tame mobolized and a corps sent to the LeBlanc's hody was subsequently recover-ed. He was so on of Smon LeBlanc, and was shout 24 years of age—*Tarmouth Heraidi*. —Mr. J. C. Mahon, of Truro, has re-cently imported from Holfland a fine herd of six Holstein catile. —Neil McKinnon, ayoung man of 19, was drowned on the 14th, at Sydney, by the capairing of a boat. — The young mañ Reid, telezraph opera-tor at Ambersi station, has been suppend-cel indefinitely from the service of the 1. C.R., the investigation showing thim we sponsible. for the collision of trains at Sect. The young and hero coles. W Research garia. The insurgents have cocupied all strategic points and blown up all bridges that might be used by a force coming from Tarkey. The Bulgarian army has been mobilized and a corps sent to the Boumelian frontier. It is said that, since Alexander of Bulgarian has been assured of the support of Bussia, Germany, and Au-tria and will dety Turkey. His army when united with that of Boumelia will amount to 65,000. A despatch from Paris says it is feased here that the Reumelia trouble will lead to a general European embroglio. The east is most inflammable and serious events are satisficated.

a general futropean embrogito. The seai is most inflammable and serious reveals are anticipated. — Lord Salishuryis preparing a campaign documents which is looked for with no futropean and the second second second distances a fasta, the map being a distance be ever made, has proven the most successful pamphetering of his life. The document was secretly issued to be political colleagues as early is seas Monday, to first perceptible effect was the palphile paproachness between Mr. Chamberlain, Lord Hartington and Sir William Verson faccourt, the three most powerful leaders, next to the ex-premier himself, at he Lib-rai party. All three as embliques ments, and they had been palling apart fact he While with Hartington, and Mr. Har-court was endeavoring to hold the moderate ogether. The Liberal party was being to the applica diverging. The trim-ting at the set of the sease of the sease of the While with Hartington, and Mr. Har-court was endeavoring to hold the moderate ogether today, a week only having clasp-ting the party in Great Britan at the tiberal party in Great Britan at Lease as the tam stronged at Point of <text><text><text><text><text><text><text><text><text><text><text><text><text><text><text><text><text><text><text><text><text><text><text><text><text>

-Last year 26,000 letters were posted in England without any oldress upon them, and 1,600 of them contained money. — Fracts in every 3,000,000-carried in glashradi ways, our in every 31,600,000. Fractal radius and 000 carried in Saglah in 21,00,000 in Beighan, oos in 1,460,200 and Fracsian, one is 4,000,000. — "Mr.Goschen of England once Chanceller of the Excheques, said in a vescet soldress "We drink now only 10 glasm of a stress of the Scheques, said in a vescet soldress "The total number of Statesid and 1864 was, according to official returns, 23,446, 5,272 going to Canada 681 to Australia, and 16,411 to the United States. Oving to the smaller amount of distress which prevailed in the West of Ireland in 1843 and 1864 was, according to official returns, 23,446, 5,272 going to Canada 681 to Australia, and 18,411 to the United States. Oving to the smaller amount of distress which prevailed in the West of Ireland during the past winter, there were fewer poor families who desired to take advantage of the Govern enet grand, and the ordinary returns of emigration, morpover, show as marked de-crease in the numbers who left the country last year as compared with former years. —Queen Victoria ways a coptre over 310,000,000(310 millions) of a population of the United States. The area of her empire is thet of the United States. The res as the of the population of eight of the united state and the ordinary returns of emigration, isotopover, how as a marked de-ten million's of equare miles, or four times that of the United States. The area of her empire is the of the United States. The area of her empire is United States. The area of her empire in ten million's of square miles, or four time that of the United States. Her Australian colonies along have as large an area as that of the United States. The English tonnage of the world, or three out of every five ahipe on the sets by the "old red cross fing". —Statistics show that there are 5,000, 000 acres of tal uniter crops in Ireland, an increase of 81,000 acres over 1884.

Literary Notes

Literary Nota-Gen. Horace Porter will contribute an aneedotal paper on "Lnocola and Granf" to the October Century. From personal knowledge he describet the official relations of Jöre two men, and their private inter-course, and relates many new stories. In the same number will be printed a paper by Gen. Adam Badeau on "The last Days of Gen. Grant," an authentic account of the last year of Gen. Grant's life, including his literary work, sic. A number of por-traits and illustrations will accompany it. The contision about "Waxican Politics" in the minds of her next-door neighbors will perhaps receive some relief from an in the minds of ex-will perhaps receive some relief in-article in the forthcoming Ha Magazine on this subject, with portre some of the present political leade
