ST. JOHN, N. B., TUESDAY, OCTOBER 17, 1911.

MR. FLEMMING'S GOVERNMENT.

folio of Attorney General would go to Mr. Grimmer, who has so ably administered the Crown Land Department in the Hazen Government. Mr. Grimmer is well known as the Hazen Government. Mr. Grimmer is well known as the Hazen Government. Mr. Grimmer has been in the success that management of the Crown Land Department. When he took charge of the department is was ment. When he took charge of the department is the perhaps the worst managed of any department in the perhaps the worst managed of any department in the Provincial Government—and there was much to complain for in the management of all the departments under the fold Government. Mr. Grimmer has brought order out of bid Government. Mr. Grimmer has brought order out of covernment. Mr. Grimmer has brought order out of bid Government. Mr. Pugsley is discrectly silent on the Laurier policy of "poptional neutrality," which for the has a brought order out of the Laurier policy of "poptional neutrality," which for the has a brought

present shape. He is a good and convincing has had a wide commercial experience. He evinced a deep interest in every 300 to feet able meeting of his convertible meeting of his convert

who have done so much good re-organiza-ir Morrissy and Dr. Landry. Mr. Morrissy entire time to his office and has visited

or from the re-organization of the L. Borden's Cabinet. tural Department under Dr. Landry are just now Dr. Daniel made a splendid fight for the constituency against almost overwhelming odds. Entering Parliament at the efforts of the horticulturist, recently appoint at a by-election in 1904, Dr. Daniel has run four elections ed, in reviving old and neglected or change of the day, has come out victorious. No many child splendid results during the present scason. Hore ticulture is still in its infrancy in this Province—that is fruit growing has been too long neglected. In two years more has been accomplished to develop this branch of agriculture than in the previous twenty years, and there is no doubt that the result of the policy of the Agricultural Department will in a very few years place New Brunswick in the forefront of the apple producing provinces of Canada.

In arranging his Cabinet Mr. Flemming was no doubt in arranging his Cabinet Mr. Flemming was no doubt to do to make St. John one of the great National ports of Canada as Mr. Pugsley was much more prolific in promises

In arranging his Cabinet Mr. Flemming was no doubt compelled to overlook more than one gentleman to whom he would have liked to have given a place. There is Mr. Jones of Kings, whose services in the House have proved him worthy of a Cabinet position. Another gentleman to whom Mr. Flemming would naturally have turned was Mr. W. Woods of Queens, whose knowledge of lumbering and agriculture entities him to consideration. As it is Mr. Flemming has done the best that could be done. He has surrounded himself with men who have proved their worth while acting as his colleagues in the Hazen Government and who have worked together so well in the past. The Government is a strong one with Mr. Flemming at its head and when the next appeal is made to the people it is certain to be sustained by an overwhelming majority.

MR. PUGSLEY'S FOOLISH CRITICISM.

What the Telegraph not inaptly terms "a very interesting interview with Hon. William Pugsley," appeare in its columns yesterday. It is interesting because it discloses Mr. Pugsley in a new light. The glories of discloses Mr. Pugsley in a new light. The glories of the pugsley in the started like started like started in the started like in its columns yesterday. It is interesting because it discloses Mr. Pugsley in a new light. The glories of office have departed, the stereopticon views, so to speak, have faded away and vanished, as such views will, and we see Mr. Pugsley in the role of critic casting a gloomy eye on Courtenay Bay, where once he descried 10,000 ton steamships, and, what is perhaps more to the point at the present juncture, conjuring up doubts as to the stability and policy of the Dominion Cabinet. This is Mr. Pugsley's first experience of the depressing effects of the cold shades of opposition and we must confess he is not convincing.

Mr. Pugsley was not able to say whether Mr. Hazen

(Mamilton Spectator.)

(Ontario's tax on barroom receipts has totalled \$20.000 per month for the past five months. Misguided patterns of the sequestionable places of enjoyment should be fairly credited with adding this substantial amount to the the provincial treasury, but it is doubtful if our temper ance friends will grant it to them.

(Ottawa Citizen.)

Two French doctors have discovered that alcohol can be distilled from bananas. Up to now the blame for awk-ward falls has been laid mostly to the skins.

Mr. Pugsley was not able to say whether Mr. Hazen would be opposed in the event of his seeking re-election for St. John City and County, but, personally, he said, he would not recommend opposition, and recalled the time in uses of adversity." Um! yes; of course. Certainly so in fact.

Public Works to be returned by acclamation, "feeling, no doubt," he added." that such a course would strengthen my hands at Ottawa and enable me better to advance the interests of the city." Had Mr. Pugsley allowed the subject to drop there it would have been more fitting and, we venture to say, in better taste but, apparently eager to criticize a Government which has not yet been a week in office, Mr. Pugsley launched into an attack upon the personnel of the Cabnet, declaring that Mr. Borden and made "a complete surrender to the Nationalist party of Quebec, led by Mr. Bourassa."

And Mr. Pugsley proceeds: "The inclusion in his Cabnite of Messrs. Nantel, Monk and Pelletier has come as a great shock to Conservatives as well as Liberals." During the recent campaign I said emphatically that all signs indicated that there was an alliance between Mr. Borden and Mr. Bourassa, but my suggestion was indigmantly repudiated by many Conservatives in St. John. If am sure these men would not have supported the Conservative candidates if they had believed for a moment, that to do so was supporting a party whose leader would include in his Cabinet men who are committed to the repeal of the naval bill, and especially that part of it which provides that in case of war the Canadian Government shall have the power to place the vessels of the Canadian navy under the control of the British Admiralty to take their part in the defence of the Empire. It seems to me that before the people of St. John can the port. elected by acclamation they are entitled to have a dis

of the management of all the departments under the old Government. Mr. Grimmer has brought order out of chaos. He has almost doubled the revenue, not by dehaos. He has almost doubled the revenue in this professor of timber by collecting the revenue in this professor of the Crown Lands owned by the people as to the value of the Crown Lands owned by the Province.

Hereafter this department will be administered by Wifferd Laurier held opinions differing from those of Sir Frederick Borden. If Mr. Borden had required that all should be previously committed to an advanced policy on Imperial Defence, his department has been done in the Hazen Administration. Wr. Hemming can be trusted to continue the good work that has been done in the past by Mr. Grimmer and will conserve the Crown Lands for the people. All the sources of revenue in this department has been done in the past by Mr. Grimmer and will conserve the Crown Lands for the people. All the sources of revenue in this department has been done in that these appointments and Mrs. C D Harindon, Varied, Mrs. Q Birth, Mrs. Q Historical M

by Mr. Grimmer and will conserve the Crowa for the people. All the sources of revenue in this on the people. All the sources of revenue in this ent have not yet been exploited and the careful heat kind labor which Mr. Flemming put into the next of Provincial Secretary and Receiver General idence that he will do the same with the new detailed the heat set aside for his individual efforting over the office of Provincial Secretary to Mr. Monk is agendment to the Naval Defence Bill was supported and to only by the French Conservatives but by seven English-speaking members from Ontario, one from Alberta and one from Nova Scotia. Mr. Monk has declared over and over again that he is not a Nationalist. He has been elected a member of four successive Parliaments, Mr. Flemming relieves himself of a vast amount leader of the Onebec wing of his party. If Mr. Borden Mr. Flemming relieves himself of a vast amount which will give him more time to devote himself flice of Premier and Leader of the Government. McLeod, the new Provincial Secretary, enters an high has been thoroughly organized and system the past three years. It will give full scope to tites and provide him with enlarged opportunities has previously enjoyed. As Solicitor Mr. McLeod has proved himself capable and leader of the Quebec wing of his party. If Mr. Borden has described Mr. Pelletier has also been a steady Conservative during his career in provincial polities. Mr. Nantel has been as shorter time in public life. But he also has never been known as anything else than a Conservative. Mr. Borden has no colleague in the Minand in his new office these are qualities and in his new office these are qualities greatly assist him in the discharge of his istry who is there because he is a Nationalist rather than as a Conservative.

Mr. McLeod has a good service of most five Province.

Maxwell, who has done such excellent service for Maxwell, who has done such excellent service for yof St. John in very many ways, will continue to so office of President of the Executive Council, ity new name is that of Mr. James A. Murray of who enters Mr. Flemming's Government without who enters Mr. Flemming's Government without ment of the question. In the meantime, there is no evidence that the new Cabinet will fail to agree. Mr. Murray has been in the Legislature since in the Mr. Monk in Opposition practically consent-detection to the people on a naval policy as expressed in a 'referendum. This, it need be, would secure a final, satisfactory and entirely harmonious settlement of the question. In the meantime, there is no evidence that the new Cabinet will fail to agree. Mr. Pugsley's attempt to make some party capital out of a situation, which does not exist is sufficiently obvious.

then enacted with Mr. Oliver as the central figure, he may be inclined to agree that the prospect of harmony should be fortunate in having in his Governbeat least as good in the Borden Cabinet as in the Lau

LADIES PLANNED FOR THE WINTER SEASON

Annual Meeting of Ladies' Auxiliary of Natural History Society, Yesterday - Winter Lecture Course Arranged.

At the annual meting of the ladies unlitary of the Natural History Siety vesterday afternoon the meners paid a graceful tribute to Mistace Leavitt, the retiring treasure then by a unanimous standing vothey elected her honorary vice-present. Miss Leavitt has been untiring her energy in behalf of the auxiliary and she will be much missed if

FAMOUS OLD ACTRESS WANTS HER HUSBAND

Kate Claxton, who Has Been Seen in St. John, Names Mrs. Leslie Carter in Ac-

Louis, Mo., Oct. 16.—Kate Claxonce a famous emotional actress, d to an audience of five women to three of whom left the East St.

"You have already' testified that your husband's connection with Mrs. Leslie Carter's production of 'Zaza' caused a scandal?"
"I don't see what that has to do with this case," replied Mrs. Claxton, clasping her hands.
"You must answer the question," said Judge Vandeventer. "What was the scandal?"
Blushing and casting her eyes downward, Kate Claxton replied:—
"The scandal was told of in newspaper articles printed all over the United States and Europe in 1899 and 1900 about my husband's friendship for Mrs. Leslie Carter. He spent much of his time away from home. I begged him to give up the other life and return to me."
"What was the other life?"
Mrs. Claxton hesitated and seemed greatly embarrassed. Then she replied in low tones:—
"He kept outside apartments. I learned that he kept servants in these and a woman lived there."

Temperance Meeting Last Night. Temperance Meeting Last Night.
Vice Templar Robert McEachern occupied the chair at the temperance meeting held in the Tabernacle United Baptist church last evening. The church was well filled and interesting speeches were made by C. P. McTavish, president of the St. John county branch of the N. B. Temperance Federation; E. N. Stockford, W. E. Campbell. D. C. Fisher, A. Kierstead, A. H. Patterson and others, the subject being the relation of the church to the temperance movement. A special programme of music was greatly enjoyed.

The congregational Social.

The congregational social held last evening in the schoolroom of the Portland Methodist church was a great success, about 300 people were present. The programme consisted of selections by the school orchestra, historical remarks by Dr. Wilson, duet, Mrs. Fanyon and Miss Huey, remarks by Rev. H. D. Marr and solo, Mrs. A. McInnes. The playing of the orchestra was the feature of the evening. Refreshments were served at the close.

Lacked Fams.

You Can Change Grates For Coal or Wood in a Jiffy

without tools, without trouble. The coal grate slips out of a Sask-Alta Steel Range with ease and the wood grate slides in as readily. The McClary patented Duplex coal grates have short strong teeth that crush clinkers. They cannot "stick." You can dump the ashes in one end of the fire-box if half the fire goes out, because the twin grates operate independently of each other. Inverted, they are used for burning wood temporarily.

Steel Range

Sask-Alta means better baking and cooking results with less coal and less work. The nearest McClary agent will gladly show you why you'll be delighted with it. Write the nearest McClary branch for the Sask-Alta booklet before you part with your range money.
