PALZER AND CARPENTIER.
New York, July 10.—Tom O'Rourke, manager of Al Palzer, has accepted terms of T. H. Dienne, director of Wonderland, Paris, France, for a match between Palzer and George Carpentier, next October, for a purse of \$15,000. Al Palzer will be made to match the winner with Jack Johnson in November.

ANKLE DEEP LIKELY TO RACE FOR CHALLENGE CUP.
Motor boat enthusiasts are greatly interested in the trial races for the selection of the three challenging boats for the British International Motor Boat Trophy, which will be held under the auspices of the Boat Club of America, on Huntington Bay, Long Island.

The three challengers will probably be the Ankle Deep, the Baby Reliance (L) and the Speed Demon. The Ankle Deep is probably the fastest boat of the trio. In the trophy race last year she led the winner by three-quarters of a mile in the last leg of the race when she lost her propeller. The owner, Count Mankowski, had the boat rebuilt and it is said she will now go ten miles an hour faster.

WILDING BEATS M'LOUGHLIN IN TENNIS CHAMPS.

MAURICE M'LOUGHLIN, A. F. WILDING.
A. F. Wilding, of New Zealand, holder of the title of all England singles lawn tennis champion since 1910, retained the championship by beating Maurice E. McLoughlin, of San Francisco, national lawn tennis champion of the United States, by three straight sets, 6-4, 6-3, 10-8.

The match from the start to finish was of the heroic order, and while the American made many brilliant recoveries he proved hardly a match for his older and more experienced opponent. He suffered, too, somewhat from ill luck. His first service many times resulted in a fault. Wilding, on the other hand, was at top form, and in order to win McLoughlin would have had to play his very best game.

CINCINNATI REDS PAY BIG MONEY FOR FRANK HARRINGTON
The hundreds of local fans were much pleased yesterday when it was announced that Tommy Daley, the North End boy, had been purchased from Lowell to play with the big league White Sox, and it will equally please the fans to learn that Frank Harrington, who pitched a season in this city for St. Peter's team, and last season was with Frederickton, has been sold to the Cincinnati Reds. The following dispatch from Lynn, Mass., tells the tale:

Lynn, Mass., July 10.—Pat Flaherty, the manager of the Lynn team, today sold Pitcher Frank Harrington of his team to the Cincinnati Reds for the sum of \$4,000, which is the biggest sum of money that Lynn has drawn for a player since Elmer Steele was sold.

Harrington is of the famous Harrington family of Wakefield. His brothers Joe and Billy are pitchers and all three have pitched for the Wakefield High School team.

This is Frank's first year in organized ball and he has done remarkably well since joining the Lynn team. His pitching has been so good that he has been following the Lynn team around keeping a sharp watch on Harrington, and after careful consideration decided to take the young Lynn spit ball pitcher.

Harrington is a right hand slinger, weighs 180 pounds and stands 5 feet 10½ in height.

He will join the Reds at the close of the New England league season.

SPORTOGRAPHY
BY "GRAVY"
Harry Wolter, Yankee Outfielder, 27 Today.

A fine \$50, found himself back in the American League. During the 1909 season with the Red Sox Wolter was tried out as a pitcher and at the time he was a star almost everywhere. An injury to his leg put him out of the game nearly all of last season. During the winter he was in the Pacific Coast League, where he was promoted to first base. The Red Sox decided to fast company, but didn't make good. The Pittsburgh Pirates, first gave him a trial, and turned him over to Cincinnati. The Reds decided they could get along without him, and Wolter then went to St. Louis. The Cardinals didn't want him and gave him to St. Paul. At this point Harry developed homesickness in an acute form, and hiked back to California, refusing to report in the Minnesota capital. In 1908 he played with San Jose in the California State League, an outland organization. There he made such a good record that the Boston Red Sox brought about his reinstatement, and Wolter, after paying

scouts after the services of Daly, and Manager Jimmie Freely of the Lowell team set the purchase price of his star player at \$2,500. McElroy telephoned Gray that he thought President McAlister of the Red Sox would buy Daly. McAlister was out of town and before McElroy could get in touch with him, President Charles Combs of the Chicago club, through his agent, George Mills, accepted the proposition to purchase Daly. McElroy immediately wired back his acceptance of the offer and the deal was closed then and there.

As the Red Sox only had a verbal agreement with the Lowell club and the White Sox win the player. Daly will report to the Chicago club at the end of the New England league season.

THIS DATE IN RING ANNALS
1859—Charles Lynch, American, and Sam. Flinchy, English, fought at Kentish Marston, England, for the featherweight championship of the world. Lynch was the victor in 45 rounds, and received a purse of \$250. This was the second battle between the men, the Englishman having won the first on a foot in the 35th round. Three years later George Holden recovered the title for England by defeating Lynch.

1885—Tommy Warren stopped Andy Hanly in 8th round at Chicago.

1912—Carl Morris knocked out Conley in 1st round at Spokane, Okla. Morris is now trying to get back into the "white hope" class.

NORTON
GRIFFITHS
MOTOR RACE

A meeting of the committee which controls the cup offered by the Norton Griffiths Company for the winner of annual motor boat races, held a meeting yesterday afternoon in the Board of Trade rooms and discussed preliminary plans for the race this year. They favored the idea of holding the race on the 8th of August, but did not definitely decide what to do. Another meeting will be held next Monday at which representatives of the R. K. Y. Club and the St. John Power Boat Club will be invited to attend and give their opinion as to the date of the race, and the arrangements generally.

Last year the cup was won by the Nalmen at the races held on the occasion of the formal inauguration of the work at Courtenay Bay.

CANADA AND
UNITED STATES
WIN AT TENNIS

Folkestone, England, July 10.—Canada finished with two matches in hand the first day's play in the semi-final of the Davis cup preliminaries against Belgium, and with every prospect of meeting in the final round at Wimbledon the winners of the United States series against Germany at Nottingham.

R. B. Powell, the Canadian captain, and B. P. Schwengers, the Canadian champion, won their matches against P. De Borna and A. G. Watson, respectively, without the loss of a single set. Powell winning by the score of 6-1, 6-1, and Schwengers by 6-1, 6-1.

The match between Schwengers and Watson was keenly contested in the first set, Watson obtained a brief lead, but the Canadian eventually secured an advantage, maintained it, and outplayed his opponent throughout the rest of the match.

Powell and Schwengers tomorrow meet A. G. Watson and W. H. Du Vivier in the doubles.

TRIAL RACES
TO SELECT
CHALLENGERS

Huntington, N. Y., July 10.—Count Morris's Ankle Deep, J. Stuart Blackton's America, and James Simpson's Peter Pan V, started this afternoon in the last of the trial races for the selection of the three challengers for the British International cup for motor boats. The Ankle Deep, not driven at full speed, completed the race in 8 minutes, 57 seconds, 9 minutes, 34 seconds, and 9 minutes, 45 seconds, respectively.

The Peter Pan V, on the other hand, having cracked a cylinder, and the America on the second round, being stopped with a disabled starboard engine.

The Peter Pan V did one round in eight minutes, 49 seconds. The race committee announced that further trials may be held when the owners of these two boats say their craft are ready to cover a full thirty-mile course.

ST. CROIX
TODAY AT
3.15 O'CLOCK

The St. Croix team will arrive here at noon and, weather permitting, will meet the Marathons in two games on the North End grounds this afternoon and tomorrow afternoon. Both contests should be replete with baseball of the fastest order as, although the Marathons lead the league, they have always found the speedy Border City team the toughest sort of game and should the visitors capture both games they will put the local men out of first place in the league standing. The games will thus practically decide the temporary leadership of the league.

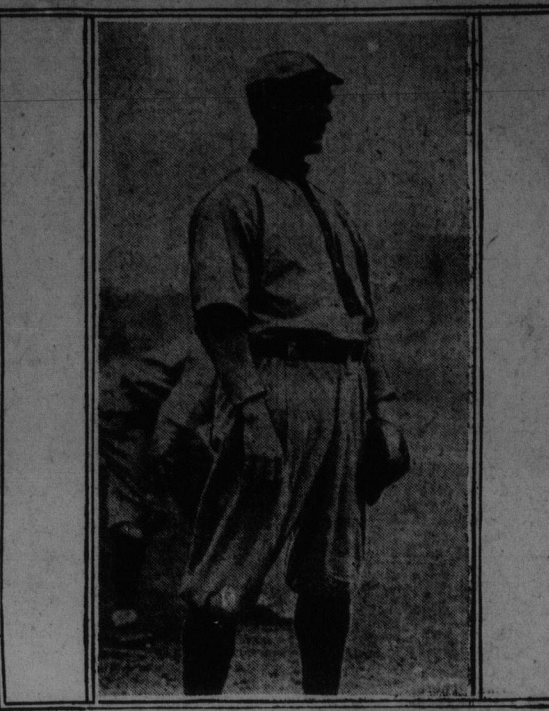

With both Marathons and St. Croix playing in mid-season form it should be a keen struggle between them. Manager Leonard will probably send Shanley in to pitch this afternoon, at least that was the announcement made last evening, although it may be changed before the game today. If the big fellow does go in the box Jack Watt will take his place at first, as Catcher LaBrun has been secured to do the backstopping for the Marathons, until Bein and Watt are in shape again. It will be remembered that Bein was injured in Bangor and Watt has had a lame arm, which makes his pegging to second rather erratic.

For tomorrow's game it is the present intention to pitch Charles, who has had a good rest and is expected to be in the best of condition by Saturday. Charles was scheduled to pitch the first game of the Saturday game, but as he is now trying to get back into the "white hope" class.

Tommy Warren stopped Andy Hanly in 8th round at Chicago.

1912—Carl Morris knocked out Conley in 1st round at Spokane, Okla. Morris is now trying to get back into the "white hope" class.

O'TOOLE OUT OF GAME FOR THE SEASON.

"MARTY" O'TOOLE of the PITTSBURG B.B.C.
Marty O'Toole, the \$22,500 pitcher of the Pirates, was found to be suffering from appendicitis and was rushed to the hospital for an operation. His condition is serious, and it is said that the peerless pitcher will not be able to be in the Pirates line-up this season.

RING MEN WIN BOUTS
BY SKILLFUL BOXING

Discussions have arisen in England and Australia as to whether the "tear-in" fighters of the present day are better boxers than the clever fellows who made a business of pugilism 15 or 20 years ago. Some of the arguments used in support of the various views expressed are highly interesting, but one very important matter has been overlooked. There are no "tear-in" fighters now—at least, none worth talking about. The clever fellows have come into their own again.

Take the smaller men. When Terry McGovern, with bent back, lower jaw, and a head and shoulders out of proportion, was in the ring, he was a terror to his opponents. He was a terror to his opponents.

Johnson depended on science. The heavyweight situation is so muddled that it is not easy to figure out what has contributed to success in that particular department, but in a general way it can be shown that cleverness has made itself tell among the big fellows during the past few years. This too, despite the fact that Bombarier Wells, the most finished boxer England has produced in years, has been defeated practically every time he started.

Jack Johnson's long suit was cleverness, and there is no occasion to recall what he has done. He was certainly the greatest heavyweight since Jeffries was in his heyday.

The most pronounced "tear-in" fighters of the heavyweights class in recent times were Jim Flynn and Al Palmer, but Luther McCarthy, who was upped as a second Jim Corbett, displayed the pair within a few weeks.

McCarthy is gone, Johnson has fallen upon evil days and it is hard to tell what is in store for the heavyweights. But in respect to pugilism generally, it can be said that in the whirlwind of time the artists of the Queensberry ring gained the ascendancy over the sluggers.

Conditions May Change. There is no assurance that the present order of things will continue and about the only thing existing conditions prove is that evolution has not produced any permanent change in fighting methods.

Just now they are fighting the way they fought a quarter of a century ago.

THE MOVIES PLAY TODAY.

A baseball game which promises to be of much interest will be played this morning on the North End diamond in the form of the Dufferin school, when an aggregation from the Unique, Lyric and Opera House theatres will play a team from the Star theatre. North End. Both teams claim to be in good condition for the game and some interesting plays are expected. Manager Golding of the Star team has been busy all this week signing up players, but last evening was unable to give his line-up as several men were holding out for more money. Each team will have a doctor on the grounds to attend the injured and Fred Munro has promised to have a clerk on hand to administer drugs.

SINGLES WON BY U. S.
Nottingham, England, July 10.—Maurice E. McLoughlin and R. Morris Williams both won their singles lawn tennis matches today from the Germans, Otto Frothingham and Oscar Kreutzer, respectively. They thus placed the United States team in a favorable position for winning the semi-final round of the Davis Cup preliminaries, as it is only necessary to win one more match of the three still to be played in order to advance into the final, where they will meet either Canada or Belgium.

McLoughlin had the most difficult task. He lost his first two sets to Frothingham, but then picked up and won three straight and the match by his superior landing power. The German crack, as it was, won 21 games in the five sets to the 25 of McLoughlin.

CONLEY RELEASED.
Bangor has released Outfielder Larry Conley and signed a new man, Ashworth, who has made a good showing. Conley is a good man when in condition, but has been in bad shape since joining the Bangor team. Another player, named Matthews, joined the team in Calais yesterday. Several prospects are on the string.

GRAND
CIRCUIT
MEETING

Cleveland, July 10.—A. S. Rodney, of Jersey City, bids fair to become the big money-winning driver of the opening Grand Circuit meeting, as he won the \$5,000 Ohio stake today after winning the \$10,000 Paris yesterday. With apparent ease, Marigold, Rodney driving, carried off the opening stake in today's big event in straight heats.

The veteran "Pop" Geers, who until today had not won a heat, took first in the championship pacing sweepstakes when he trotted. Stethrino Lad, a seven-year-old, won the 214 pace repeat, the confidence of his supporters by taking the event in straight heats. The race should be about as close as the confidence of his supporters by taking the event in straight heats. The race should be about as close as the confidence of his supporters by taking the event in straight heats.

The biggest field that has faced the starter so far, scored for the five thousand dollar stake for 210 trotters. In a driving finish Al Murphy sent Marigold across a winner two lengths ahead of Tommy Horn, the favorite. The third and fourth were repetitions.

CASE AGAINST RIVERS.
Ventura, Calif., July 10.—Joe Rivers, the Southern California lightweight, who was knocked out July 4 by Champion Willie Ritchie, must appear in a justice court here July 16 to answer a charge of having broken the law of W. H. Smith, a millman who, several weeks ago, disputed Rivers' right to the road while the pugilist was driving his motor car. Rivers' bond was fixed at \$500.

McFARLAND WOULD GIVE RITCHIE A HARD FIGHT
Ritchie is the champion lightweight fighter in the world, and the only one who could give him a good tussle is "Packey" McFarland. Some will say that "Packey" is more a welterweight than a lightweight, but he would have no trouble in making the limit if he were permitted to weigh in six or seven hours before the bout.

A twenty round bout between Ritchie and McFarland would unquestionably furnish one of the greatest boxing exhibitions ever seen in this country. Ritchie himself is just a trifle over the limit, and if he made the concession to McFarland the two boxers would probably weigh in about the notch. But it is unlikely that such a contest will be staged in the immediate future, for Ritchie would be in more danger of losing the championship than he would be in meeting any other contender.

PACKEY McFARLAND
Ritchie is the champion lightweight fighter in the world, and the only one who could give him a good tussle is "Packey" McFarland. Some will say that "Packey" is more a welterweight than a lightweight, but he would have no trouble in making the limit if he were permitted to weigh in six or seven hours before the bout.

I.C.R. Watchman's Arrival Saves Parliament a Need—Guilty Party E

Had it not been for the arrival of John Middleton, man at the I. C. R. freight fire department would, at 10 o'clock last evening, be on a fast train. Mr. Middleton was in the John Kelly, a clerk of whom he saw a young man doing near the window. He kept his eye closely upon who remained at the window. Thinking it strange person should be about at that hour of the night, he went outside and entered the room. He found a stranger who had been in the private box in the had been broken, and he stood that the young man was to ring in a false alarm. Mr. Kelly and the night then tried to head off the then going round the other building, but the young man had been caught in the act. He was taken to the station and speed along Post street. Mr. Middleton at once appeared from view. Mr. Middleton at once matter to Officer O'Leary to give a good description.
