**HARVESTERS' EXCURSION.**  
Despatches from the Western Prairie Provinces state there is a still great demand for labor, and the farmers are paying the highest wages for harvest hands. The work of garnering the immense crop is not half completed, and as this work must be completed within the next two or three months there is demand for a great number of extra helpers that the West cannot best supply. The Canadian Pacific Railway has been requested to arrange for a Harvesters' Excursion to run from St. John to the west coast. The line of the Canadian Pacific in New Brunswick to Winnipeg is \$12.00 and to the west coast is \$18.00. Excursionists from other points in the Maritime Provinces will make their own way to St. John or other points on the coast. This excursion will give the farmers of the East an excellent opportunity to see the West, and the excursionists can obtain employment at excellent wages.
