TOBIQUE DAM BILL THROUGH THE COMMITTEE

After Somewhat Stormy Passage, and Amid Much Criticism

BY LEGAL MEMBERS

Who Were Inclined to Regard Some of Its Provisions With a Considerable Amount of Suspicion and as Trespassing on Public Rights.

(Continued from page 3.)

The committee took up consideration of a second bill to amend the New Brunswick Elections Act. This bill makes provision for the addition to the voters' list of the names of qualified electors which had been inadvertently omitted.

Hon. Mr. Byrne said that when the bill was last before the committee an objection had been raised that it did not make provision for publicity in connection with names to be added to the list. He had prepared an amendment which provided that a list of names of electors whom it was proposed to add should be posted in three public places, fourteen days before polling day. If any objections were made in writing to the placing of names on the lists within seven days after the posting, the amendment would safeguard the bill and prevent fraud from being perpetrated against other parties.

Mr. Baxter said the amendment would do away with last moment applications and would meet his views, except that there might be a longer period allowed than 14 days. He thought it might be a good plan to provide for semi-annual revision of the voters' list. There would always be a last minute rush to have names added and it might be a question if it would not be better for the country if some of those who did not take sufficient interest to have their names recorded at the proper time, should be refused the right to vote. He had interest in public affairs, and whose name had been accidentally omitted from the list. There did not seem to him to be anything unfair about the amended bill.

Hon. Mr. Byrne said that the two bills to amend the Elections Act would be incorporated into one.

The bill was agreed to.

The House went into further consideration of an Act to amend the Succession Duty Act, 1915.

Hon. Mr. Byrne made an explanation.

Mr. Tilley stated that some hardship had been encountered in cases in which the beneficiaries were so nearly related that returns should not be made.

Hon. Mr. Byrne said that discretionary powers might be given.

Mr. Baxter said that the provisions of the Act might be amended now, but not to the extent that officials would be allowed to use the discretion which should be exercised by the attorney-general.

Hon. Mr. Byrne said that that could be done.

Mr. Baxter said that forms might be filled out by executors who would not be aware of the terms of the law.

Mr. Tilley said that it would be easy for this to go into the hands of people who would be unable to judge. The law was passed in 1915. Any required change could be made next year.

Hon. Mr. Byrne said he would be pleased to give consideration to suggestions given.

The bill was agreed to.

Evening Session.

Premier Foster on the committee resuming after recess said he had not informed the committee as to the amount the company should pay the province for the right to generate electrical power. He thought that some revenue should come to the province, and had taken the matter up with the promoters of the bill. They had offered to pay a fixed amount of \$500 in addition to 25 per cent per annum per horse power. New Brunswick conversant with the rates which should prevail he had taken the matter up with Mr. Smith, consulting engineer for the Dominion water powers committee. He had wired that a Dominion regulation stipulated the 50 cents per horse power as an annual rental. As there was not a wide difference between the company's offer and the amount fixed in the Dominion regulation, he felt that it should be left to the governor-in-council to determine. He had therefore prepared a new section to the bill, which would permit the governor-in-council to fix a rate for twenty years, at the end of which time a renewal would be granted for a like period at an increased rental. It also provided that the books and records of the company would be open for inspection by a chartered accountant named by the governor-in-council. The bill was agreed to, as also was the bill to incorporate the Miramichi Light, Heat and Power Company. A section was added to the latter bill making provision for the payment of a rental to the province, the amount

SAGE TEA TURNS GRAY HAIR DARK

It's Grandmother's Recipe to Bring Back Color and Lustre to Hair.

That beautiful, even shade of dark, glossy hair can only be made by brewing a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turns gray or streaked, just an application of two of Sage and Sulphur restores its appearance in a few days.

Don't bother to prepare the mixture; you can get this famous old recipe improved by the addition of other ingredients at a small cost, all ready for use. It is called Wyeth's Sage and Sulphur Compound. This can always be depended upon to bring back the natural color and lustre of your hair.

Everybody uses Wyeth's Sage and Sulphur Compound now because it cures so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy and lustrous.

of which shall be determined by the governor-in-council.

The House again went into committee with Mr. Leger (West.) in the chair and agreed to a bill to amend the New Brunswick Elections Act, with an amendment which provides that copies of voters' lists may be obtained from the Provincial Secretary, Treasurer on payment of a price per folio to be determined by the King's printer.

to hear an expression of opinion concerning the disposition of the interest.

Mr. Young asked what was the future intention.

Hon. Mr. Baxter said that thought had not been given that yet and he would ask that the bill be reported.

Mr. Potts said that \$50,000 would not do much nowadays towards building a residence. Let the interest accumulate to help.

Hon. Mr. Murray—"In the meantime we may have Maritime Union."

Mr. Potts—"Yes, and you might have a dream."

The bill was reported.

Hon. Mr. Baxter introduced a bill to regulate the issue of shares and securities by Public Utilities. On the ground of urgency the bill was read a second time.

Hon. Mr. Byrne introduced a bill to amend the Workmen's Compensation Act. He explained that the amendment provided for increased amount for funeral expenses, for increased allowances to widows and children, for increased allowances for permanent partial disability and other matters. He stated also that changes were made in regard to payment for first aid. The bill would be made that in cases in which any employer who making use of this scheme under which medical and hospital expenses were paid for his employees, he would be given credit for it at the discretion of the board.

Hon. Mr. Byrne introduced a bill to amend the Act relating to the issue of School Debentures in the towns of Milltown and St. Stephen. On the ground of urgency the bill was read a second time.

The House adjourned at 10.20 p.m. until tomorrow at 11 p.m.

GOVERNOR WOULD DEPORT DE VALERA

Montgomery, Ala., April 20.—Resolutions adopted by the Birmingham Post, American Legion, requesting that he publicly proclaim Eamon de Valera, "provisional president of the Irish Republic" be persons non grata in the state of Alabama, were presented to Governor Kirby last night. Governor Kirby replied that, while it was not within his province to issue such a proclamation, he was of the personal opinion that the "pilgrimage of De Valera and his Sinn Féin friends" would have long and undesirable effect on the state.

"Where I directing of that department," Governor Kirby added, "I would unhesitatingly order the deportation of De Valera without delay."

TOO MANY TEETH PULLED.

Chicago, April 20.—At a recent convention of dentists Dr. V. H. Puga, president of the Chicago Dental Society, declared dentists were pulling too many teeth.

"There's a wave of tooth-pulling on this continent," he said. "We must put a stop to it."

He stated it was not always necessary to pull an aching molar. Asked what should be done instead, he said: "It all depends. Filling, cleaning, scraping, curing, adjusting, pounding, sawing—any of these things may help."

Apart from that, Dr. Puga wouldn't do anything much to an aching jaw.

MASTERS STRENGTH AND BLOOD BUILDER

Englishmen Will Celebrate Today

In Every Part of the World the Englishman Pays Honor to the Memory of England's Patron, St. George of Blessed Memory.

Today is the day of days to the Englishman, no matter what part of the earth he may happen to inhabit for the time being—the day when he pays honor to the memory of England's patron, St. George of blessed memory. There is also a second reason for joy and celebration on the part of all of English blood of April 23, for on that day, 1818, the ships Intrepid and Iphigenia were sunk at the entrance to Zeebrugge, one of the most glorious feats of our navy.

The feeling of all Englishmen for the land of their birth is well expressed in the following lines:

England, O England, dear land of our birth,
Land of the fair and the brave and the free,
England, dear England, the first of the earth,
Some pride is forgiven us singing of thee.

An arm like iron and a muscle like steel,
A heart for a friend that can always feel,
Will once made no man can repeal,
That's what an Englishman's made of.

St. George was a great warrior and one of those who suffered martyrdom for the Christian faith. The story of the slaying of the dragon is believed to be true, he having slain the beast of the Union Jack, the flag of the British Empire today. The cross of St. George is also the emblem of that noble band of warriors, the Red Cross Association. In the olden days the rallying cry of the longbowmen of England was "St. George for England," and on many a hard fought field has this cry struck terror into the hearts of the foe.

The local society is over one hundred years old, having been founded in 1802.

St. George's Society has ever been to the front as a society where an Englishman may find a friend or obtain relief, and has ever kept in mind the traditions of old England, and so as each year patriotic Englishmen gathered around the festive board or met at the dance, the glories of old England were recalled and the politics of the home land discussed; but it was not only in social events or in feasting that these Englishmen spent their time, for they were always ready to assist the Mother Country in her hour of need, and to rejoice over the victories gained. When the Crimea was broken out the members of St. George's Society took the leading part in helping the sick, wounded and needy, and when the Allies were at last victorious, St. George's Society celebrated the event by a grand ball, one of the most brilliant ever given in the city up to that time, and so in similar ways they were always to the fore in such matters. During the great war just ended the society gave up all such entertainments and celebrated their natal day only in such a way that money could be saved, and so during the four years of war the members raised over \$7,000 for the Red Cross, Patriotic Fund, Royal Navy, The Navy League, Greenwich Hospital for Sailors, etc., etc., while in addition the members subscribed over \$1,000 out of their own pockets for a machine gun which was sent to the 25th Battalion and did good service. The bust of Her late Majesty Queen Victoria, of glorious memory, in Trinity Church was placed there in 1887 in honor of her jubilee by St. George's Society. This year the anniversary will be celebrated by a dinner, the first held for six years. The society has a good charity fund, which is drawn on for deserving cases of unfortunate Englishmen.

The motto of the society, "Fides Patriae Salus," freely translated is: Good faith is the salvation of the country. The following are the officers of St. George's Society for this year:—

The Hon. Mr. Justice Grimmer, president.

Charles Masters and Dr. James Manning, vice presidents.

Venerable Archdeacon Crowfoot, chaplain.

James U. Thomas, Secretary.

J. F. H. Teed, assistant secretary.

F. E. Hanington, treasurer.

Col. E. T. Sturges, (past president), historian.

F. A. Kinneer, A. E. Everett, marshals.

J. P. Clayton, F. L. Poley, W. H. Coleman, W. A. Shmonds, standard bearers.

The local society has a membership of two hundred and forty.

For this year it is planned to have a festival dinner at Bond's today, at which the orator of the occasion will be Rev. E. B. Hooper, a former chaplain of the society, who will speak on "The Day." The regular anniversary service will be held at St. Paul's Church, the sermon to be preached by Archdeacon Crowfoot.

"MY dear fellow, I wouldn't go home on Saturday without a box of Maple Buds, any more than I would come down town without my hat. A weekend with four youngsters and no Maple Buds? No, my dear chap! Arm yourself with a box of Maple Buds for the family, and you are the most popular person in the house."

"Good? Didn't you ever taste them? Then take my advice and get a box to-day. The youngsters must have something sweet, but I don't believe in letting mine eat any old rubbish. I get Cowan's Maple Buds regularly. They're pure and wholesome, and the children love them. So does their Mother."
