

Wants More Fire Fighting Equipment

Commissioner Bullock Will Install More Protection in Sand Point Sheds

Commissioner Bullock yesterday brought in his report on the fire protection for the sheds on the West side and made a number of recommendations for further fire fighting equipment, which will bring the rate of insurance down three-quarters of one per cent. Commissioner Bullock thought there should be some provision made for a fire drill so that on occasion work to use this equipment every man would know just where to go to. The report was adopted and ordered sent to Council.

Following is the report and recommendations:— With reference to the report of the B. Board of Fire Underwriters dated July 10th, re "Fire Protection, St. John West Terminal," and subsequently referred to the Commission of Harbors, I beg leave to report:

The report refers to the Government wharves as well as the city properties and states in two places that it is subject to a single sweeping conflagration hazard, "I observe that it is no more hazardous than the Government property and the hazard very largely depends on the direction of the wind should a fire assume proportions. The only serious fire that has occurred in the district since the opening of the docks years ago was the destruction of one single warehouse, No. 4. The report sets out that "the wharves and warehouses are all of wooden construction." While the city properties are such, some of the Government wharves are of concrete construction and crib work. The report goes on to say "those in authority having first constructed the buildings of inflammable material, have seen fit to neglect their protection." This statement is shown that the following preventable measures have been installed by the city authorities since the completion of their premises—two fire company, engine house and equipment installed at Blue Rock; sprinkler system installed at second story No. 4 shed, stores for heating apparatus abolished and steam heating installed, five fire hydrants installed, city water distributed throughout the premises through 8 in., 6 in., 4 in. and 3 in. pipes, two fire alarm boxes, two call bells, also the following equipment, in good order and periodically tested.

3 hose reels with 400 feet hose attached.
1 chemical engine and reel.
14 stand-pipes connected with 150 feet 3 inches hose, with nozzles attached and located at various points.
13 hand chemicals.
20 barrels salt water and 108 fire pails.
8 watchmen.
The amount of insurance at present carried on West Side property is \$1,875,000. The premium has been \$2.25. An advance of one per cent in the rate brings the annual premium up to \$1,125. In addition, we carry some use and occupancy insurance. While the city could not afford to spend more on fire protection than on fire insurance, it is hardly probable that a complete sprinkler system can be thought of at the excessive cost of \$160,000. The cost of a motor chemical pumping engine, which would entail building a house and furnishing it with two day and two night men, would also be out of the question at present costs, \$17,000 capital expenditure, and \$2,000 per year for carrying charges and operation.

In order to get a reduction of 75c on the rate, I would advise that we carry out the recommendation of the underwriters and install four more independent alarm boxes. Five dozen hand chemicals. Six dozen sand buckets. One or two half dozen water cans. Eight dozen fire buckets. The idea of installing the above is to give added preventive measures and the estimated expenditure for this proposed equipment is \$2,800, and the estimated saving in the annual premium, \$950.

Commissioner Thornton was given authority to sell five horses belonging to the fire department, for which they had no further use, the new motor apparatus replacing the horse drawn vehicles.

The children of Holland are dressed in exactly the same manner as their parents. In the matter of their garb there is very little variety in that country and it is sometimes difficult to determine the difference between the children and adults.

STOP CATARRH OPEN NOSTRILS AND HEAD

Says Cream Applied in Nostrils Relieves Head-Colds at Once.

If your nostrils are clogged and your head is stuffed and you can't breathe freely because of a cold or catarrh, just get a small bottle of Ely's Cream Balm at any drug store. Apply a little of this fragrant, antiseptic cream into your nostrils and let it penetrate through every air passage of your head, soothing and healing the inflamed, swollen mucous membrane and you get instant relief.

All have good it feels. Your nostrils are open, your head is clear, no sneezing, snuffling, blowing; no headache, dryness or struggling for breath. Ely's Cream Balm is just what sufferers from head colds and catarrh need. Use a delight.

These ten per cent. and apt delivery. and be comfortable. - St. John, N. B.

WAR VETERAN NOW TELLS EXPERIENCE

"I Just Feel Fine All the Time," Says McDougall After Taking Tanlac.

Howard McDougall, well known carpenter and life long resident of Harcourt, N. B., is still another who has cause to be glad that he was induced to give Tanlac an honest trial. Mr. McDougall is a veteran of the recent world war, having served overseas for more than two years with the famous 28th Battalion Canadian Expeditionary Force, and participated in a number of the hardest fought engagements. Here is his statement regarding Tanlac:

"Ever since I returned from overseas about two years ago I have been in a mighty bad fix, that is until I got Tanlac recently. I suffered terribly with indigestion all the time, nothing tasted good to me, and my appetite was so poor I couldn't eat half a meal. I suffered dreadfully from bloating, would wake up every morning with a severe headache and some days I wouldn't leave my bed at all. I had such awful pains in my back every morning I felt like it would break in two when I stood over, and it would be late in the day before the pain began to ease up. I didn't know what it was to get a good night's sleep, and I simply felt miserable."

"One day one of the boys where I was working told me about the good Tanlac had done him, and got me started on the medicine also. Well, sir, it just knocked my troubles sky-high, and has put me in the best of health. I'm eating great now, my stomach never troubles me, and I'm picking up in weight right along. I sleep good and sound every night, never have an ache or pain, and just feel fine all the time. I don't know what it is but there's something about Tanlac that certainly does the work, and I can't speak too highly of it for what it has done in my case."

Tanlac is sold in St. John by Ross Drug Co. and F. W. Munro under the personal direction of a special Tanlac representative—Advt.

RECRUITING NOTICE

15th Heavy Battery get ready for the next war. Don't wait for conscription. This battery is now drilling on Tuesday and Thursday nights with a mere handful of men. It should have 125 with a large waiting list. A fine chance is offered to the older boys of the numerous cadet corps to learn how to shoot a big gun. Men with actual experience will show you how to do it. A week of real shooting in the summer at Petawawa, on the Ottawa River follows the dummy training in the armory. Come down and have a look at the guns and you can tell better whether you wish to join or not.

C. F. INCHES, Major.

ARTILLERY TRAINING.

No. 4 Siege Battery, West Side, is now training for a good holiday trip to Camp Petawawa. Some more members are needed. Join up, boys, experience men, 9th Siege men and all keen young fellows of eighteen years. All are welcome. Help keep up the morale of the Canadian Battery No. 2. Parades every Wednesday and Friday, 8 p. m. Drill Shed, Winslow street, West End.

Colored Thread in the Rope. All the ropes for the British navy has a strand of colored material worked through it for the purpose of identification.

Now She Enjoys What She Eats

Upper White Head, N. B. "I suffered for years with Stomach Trouble and indigestion and could not get anything to help me. I shall never regret the first day I started taking OLIVEINE EMULSION; now I am medically well. I recommend OLIVEINE EMULSION to anyone suffering from Stomach Trouble."

MRS. CHRIS ARMSTRONG.

OLIVEINE EMULSION

The Great Health Restorer builds up and strengthens the whole system, and is the best possible tonic for children as well as grown folks. Druggists and General Stores have this favorite medicine. Ask for it by name and insist on having the genuine.

Lunenburg, N. S., Dec. 9—The tara

Newfoundland Schooner Ashore
Halifax, N. S., Dec. 9—The schooner Precursor, of Newfoundland, struck the Black Ledges off Marie Joseph, Guysboro County yesterday afternoon and probably will be a total loss, according to word received this morning by the marine and fisheries agency here from the Marie Joseph lighthouse keeper, who reports that the crew of the vessel landed safely. The schooner was bound from Grand Banks, Nfld., in ballast for Sydney. The captain was endeavoring to learn his position, the lighthouse keeper reported, and was making for Marie Joseph harbor when the ship went ashore.

Megantic at Halifax
Halifax, N. S., Dec. 9—Seven days from Liverpool, the White Star Dominion liner Megantic arrived last night and docked here this morning. Captain Beadnell reported a rough passage. On board were 1,399 passengers, of which number 740 disembarked at Halifax, the others remaining on the ship which will sail this afternoon for Portland, Maine. Two special trains with passengers for Montreal are scheduled to leave here today at two p. m.

THE MARITIME COMMERCIAL TRAVELLERS' ASSOCIATION.

The annual general meeting of the members of this association will be held at the Board of Trade rooms, Halifax, N. S., on Friday, December 10, 1920, at 8 p. m., to receive the report of the board of management for the year, the result of the ballot for officers and directors for the ensuing year, to consider and, if approved, to adopt certain proposed amendments to the by-laws; and for the consideration of any other business that may properly come before the meeting.

Halifax, N. S., G. E. PAULKNER, Nov. 25th, 1920. Secretary.
