## Opposition Demands For Full Information

(Continued from page 4)  
able question concerning anything hon. members may wish information on.

**MR. LLOYD**—Mr. Chairman, the consent of the hon. minister to the postponement is most acceptable, and we very much appreciate his acceptance of our request. As regards the information he refers to, I wish to impress upon him the fact that we do not desire to embarrass in any way the Government by our requests for information. But if there is anything that could with convenience be given us, we would be most happy to receive it. If there is nothing we may be told about how the Government is going to meet the deficit, whether there is any means provided for this by loans or otherwise? Any information like this that would help us to prepare for these statements will, I think, be found in practice to facilitate matters in the end.

**MR. CLIFT**—Mr. Chairman, the request of the hon. member for Bonavista, Mr. Morine seems to me a just and proper one, when we consider the extraordinary circumstances affecting the present session. I think we ought to have given us a debit and credit statement of public affairs as they now stand, in order to facilitate our present discussions. From the information we have, we can gather no tangible knowledge to enlighten us in this direction. There seems to be no substantial reduction. Certain salaries as far as one can judge are capable of reduction and until the minister can show us exactly what he is going to do to maintain the requisite revenue to justify the maintenance of these public services we are unable to offer any criticism.

**MR. COAKER**—Mr. Chairman, there are various items such as the Agricultural Grant and other which we intend to oppose the government upon, until they are able to prove to us in what way they are going to meet all these expenditures. If they can prove these things to our satisfaction, we shall be pleased to accord our heartiest support. But there will have to satisfy us. As has been stated we have no desire to embarrass the government, but I think we ought to be in possession of the various facts which are essential to our facilitating the business of public affairs.

**MR. LLOYD**—Mr. Chairman, I think we ought to be in possession of these facts. I think we should have placed before us statements of the financial condition of the Colony, and if possible a very general statement as to the course the Government proposes to adopt. It has been stated that the course proceeded upon by the Minister of Finance and Customs is the usual one. I grant him that, absolutely. But in view of the prevailing conditions I think that the procedure of this House is a sufficiently elastic one to enable the course suggested by Mr. Morine to be adopted with advantage. I ask the Premier to consider this request. I may say that I have some idea of the financial affairs of this Colony, and it is only to aid the Government and the Prime Minister that I make this request. I have no desire to have this House held up, and I ask again that our request that this course be adopted should be received with consideration at the hands of the Government.

**MR. STONE**—Mr. Chairman, I think I am in a position to bear out what the hon. member, Dr. Lloyd, has said. We do not want to embarrass the Government in any way. We merely ask that all should know the condition of the country before dealing with the Estimates.

**MR. MORINE**—I wish, Mr. Chairman, to justify myself also against that aspersion. I do not mean to indulge in captious opposition either, but I am not prepared to give my assent to the statement of the Finance Minister. Up to 1897 the practice of the House was to vote money for the current year, and to bring down a financial statement at the same time with the Estimates. It was I who instituted the present practice in 1897. The Minister of Finance, Mr. Cashin, is in error, when he states the practice dated back further than that. The first financial statement that I brought in was in 1898. That was for the purpose of cutting out useless expenditure, and they should be cut out altogether now. The Colony cannot afford it; part of the expenditure of the present day, useful as it may be, you will have to cut out. We want to know what the Government is going to do in this matter; I trust a statement will be brought down this session.

In the bright lexicon of youth there may be no such word as "can't"; but in the later, revised editions you'll find it constantly recurring.

Fishermen Have No Use For Traitors Like Mosdell who Sold Himself For Gold

COAKER TRUE FRIEND OF TOILERS

20,000 Union Men Will Answer Mosdell and His Graball Clique

(Editor Mail and Advocate)

Dear Sir,—In a recent issue of your valuable paper I noticed a clipping from the pen of H. M. Mosdell, wherein he appeals to the F.P.U. to wake up, and offers his help to redeem the Union from the yoke of Coakerism.

What a grand thing that would be for the Union, to be sure! They would have the Munns, the Bowings, the Harveys, and a host of other Union patriots at their back.

But, Sir, before we take such steps as this, we would like to see what the 20,000 Union men have to say on the matter. One thing they are sure of, and that is that they do not need any Traitors in their ranks.

I think they would ask the Bottle Washer to stick to Water Street, its Graballs and Glittering Gold, for in Mr. Coaker they have a Leader in whom they can place confidence—a man who came to their rescue when H. M. Mosdell was basking in the sunlight by the waters of the Gulf Stream.

I would like to inform Mosdell that Mr. Coaker's name will live in history long after his "star" ceases to shine? and that through the wisdom and toil of President Coaker, our F.P.U. will become the strongest power in the land.

Wishing The Mail and Advocate success and President Coaker long life, I am,

Yours truly,  
MICHAEL KENNEFICK.

## Venizelos Govt. Have Big Majority in Recent Election

Present Premier Expected to Hold Office Until August

Paris, June 14.—A despatch from Athens to the Havas News Agency says that the candidates of the party of M. Venizelos, the former Premier, who gave up office on account of his policy in favor of war on the side of the Allies, were elected in Athens and that elsewhere throughout his kingdom his partisans were successful. King Constantine has not yet learned the result of the election, as his physician condition still continues to cause anxiety.

A change of Ministry will be impossible until Parliament meets, and the session may be postponed by the Government for forty days. The present Cabinet consequently may remain in power until the end of August.

Was Constantine Wounded  
A private despatch from Paris states that the illness of King Christian of Greece, according to rumours current in the lobby of the Chamber of Deputies, was in reality due to a dagger wound.

The British Press Bureau, on being asked to pass this despatch for publication, stated: "We see no sufficient reason to stop publication of this matter, but the responsibility for the accuracy must rest with the publisher."

Trading Co.'s Store Best Business on the Increase and Union Spirit Firm

FISHERY SEASON DRAWS NEAR

Action of Merchants re Boats and Traps Receive Just Rebuke

(Editor Mail and Advocate)

Dear Sir,—Yesterday was a very busy day at the new F.P.U. premises. The Trading Co. has now the best business place here and trade is keeping on the increase. The Union is not a thing of the past but a thing of the future at Joe Batt's Arm.

The fishing season is drawing very near and our men are looking forward to the day when they will be given their trap berths for the season, unless there happens to be an entanglement when the "Honourables" at Fogo will have to decide their fate. They are noted for their ability in judging law suits re trap berths. The action of the business men in sending writs and forwarding agreements to be signed by the fishermen will not have the desired effect in injuring the F.P.U.

Unity is Strength, and when a blow is struck at a Union man it is struck at the whole Union.

There are two merchants who have made good money out of the people at Joe Batt's Arm, and I do not consider it right that they should try to injure our men by taking boats and traps or pretending to do so.

Wishing The Mail and Advocate every success,  
Yours truly,  
UNION MAN'S FRIEND,
