Yes, you can get more than half a ton of coal now. There is no necessity for continuing that dodge.

That maple sugar break surely wasn't a hint that the News man was going to boil down his reports.

A sight for sore eyes was anthra-cide at \$7.50 per ton. This G. H. J. isn't looking for any further bouquets.

At's about as easy to pump informa-tion out of a well driller as it is to pump oil out of the majority of the Raleigh oil wells.

This G. H. J. isn't particularly stuck on itself, but when it contemplates the price of coal, it cannot help glow-ing a little with pride.

I don't know whether that new radial road will be any relation to Chatham or not, but it certainly ought to have a few ties.

It happened in one of the city schools this week that a lady knocked at the door and, when the teacher opened the door, all the children turned and stared. The pretty teacher, when she returned to the room, reproved the scholars for staring. "A young lady friend of mine," said the teacher, "went into an office in Chicago where 100 men were employed and not one of them stared." "Huh," grunted little Joe at the back of the room, "she was no Chatham girl."

A New Catarrh Cure. Which is Rapidly Coming to the Front

For several years Red Gum, Blood root and Hydrastin have been recognized as standard remedies for catarrhal troubles, but they have always been given separately and only very recently an ingenious chemist succeeded in combining them, together with other antiseptics into a pleasant, effective tablet.

Druggists sell the remedy under the name of Stuart's Catarrh Tablets and it has met with remarkable success in the cure of nasal catarrh, bronchial and throat catarrh and in catarrh of the stomach.

Mr. F. N. Benton, whose address is care of Clark House, Troy, N. Y., says: "When I run up against anything that is good I like to tell people of it. I have been troubled with catarrh more or less for some time. Last winter more than ever. Tried several so-called cures, but did not get any benefit from them. About six weeks ago I bought a 50 cent box of Stuart's Catarrh Tablets and I am glad to say that they have done wonders for me and I do not hesitate to let all my friends know that Stuart's Catarrh Tablets are the right thing.

Mr. Geo J. Casanova of hotel Griffon West 9th street, New York City, writes: "I have commenced using Stuart's Catarrh Tablets and already they have given me better results than any catarrh cure I have

The Foleyites have also complained to the Attorney-General's Department with the Attorney-General's Department with respect to the active part taken in the contest by Police Magistrate Russell, who, although a Conservative, was one of Mr. Macpherson's most energetic lieutenants. The old people—our fathers and mothers, our grandfathers and grandmothers—need our every care. They cared for us in our youth; it is our turn to care for them now—to relieve them if we can of those ills and aches to which the aged are subject. Their bodies have grown weary with the weight of many years. They cannot throw off those ailments to which the flesh is heir so freely and easily as can younger people. They require help of many kinds, help with their work, help with their digestion. Dodd's Dyspepsia Tablets give the help required.

Mrs. Thos. Plowman, of New Lowell, Ont., is seventy years of age and Dodd's Dyspepsia Tablets relieved her of the pains of Dyspepsia. Her husband, Alfred Plowman, writes: "My wife, Emma Plowman, is free from Dyspepsia, thanks to Dodd's Dyspepsia Tablets. Anyone wishing to know about it we will be pleased to answer with pleasure."

Dodd's Dyspepsia Tablets are a natural cure. They digest the food almost without help from the stomach. One or two of them taken after each meal is a safeguard against the headaches and other discomforts of Dyspepsia.

It is with a great deal of pleasure that we announce a match between the Louisville gun club and ourselves on Wednesday next, Feb. 11th, beginning two p. m. sharp. The impetus given to the Gun as a pastime and a means of self defense in its use in time of war is most gratifying to the officers both in the interest of the Chatham and Louisville Gun Clubs. It may wear away, but is more likely to hold in and be added to by cold after cold, until some serious allment is developed—perhaps consumption or pneumonia, perhaps consumption or pneumonia, perhaps consumption or pneumonia, perhaps kidney disease or liver complaint.

The wise plan is to nip the trouble in the bud by promptly curring the cough and cold before it fastens itself on the vital organs, and in this connection we suggest Dr. Chase's Syrup of Linseed and Turpentine.

Not that there is any scarcity of cough mixtures, but because this preparation is more than a mere cough cure, has stood the test of time, and never had such an enormous sale as it has to day. This we consider the strongest evidence of its worth as a treatment for coughs and colds.

Composed, as it is of linseed, turpentine, and half a dozen other ingredients of known virtue in the cure of colds, this remedy is far-reaching in action, and positively cures the cold, as well as giving prompt relief to coughing, hoarseness, sore throat, etc.
