

Pandas sweep Alberta rivals

by Alan Small

The Panda soccer club finished off their pre-season in fine style with three wins over Alberta rivals.

Friday, they defeated the University of Lethbridge 2 - 0 on goals by Glynis Logue and Sheryl Ferry. Saturday, they travelled to Calgary, where they defeated the Dinos 2 - 0 and the Calgary Selects 3 - 1.

"We're starting to pull together," says Panda head coach Tracy David. "We just have to work on some tactical strategies on free kicks and corners. Our system of attack needs a little work."

Both goals against the Dinos were scored by center forward Diana Kondrosky.

In the final game of the weekend, the Pandas defeated the Cal-

gary Selects 3 - 1 on the strength of goals by Janine Wood, Cindy Viger, and last year's All-Canadian Mary Liao.

The Pandas host the first of two Canada West tournaments

"You're always kind of edgy when you play your first game." — David

on the weekend. The four games in three days tourney starts Friday morning, when they play the Saskatchewan Huskiettes. Satur-

day pits them against Calgary and Lethbridge again. Sunday is the big game, when they play defending CIAU champion UBC, who have been their nemesis in women's soccer for five consecutive years.

"We haven't seen Saskatchewan yet," says David. "You're always kind of edgy when you play your first game."

"Our wins over Calgary and Lethbridge give us a psychological advantage. But we didn't beat them by a huge margin," David added.

David also mentioned the fact that the Pandas did not show the Calgarians four of their players which David called "some of our best."

All games of the tournament take place at the Faculte St. Jean.

INTRODUCTION TO MICROCOMPUTERS FOR LAYPERSONS

University of Alberta
Faculty of Extension, 432-5318
or 429-3985

This course will provide a layperson's introduction to micro-computers through the use of the IBM Personal Computer and the Apple Macintosh. Topics covered will include IBM PC DOS, editors, word processing, electronic spreadsheets, databases and elementary BASIC programming. All classes will give participants hands-on experience with the IBM PC, and to some degree the Apple Macintosh. No previous knowledge of computers or experience with computers is required. Individuals completing this course will have a greater awareness of the applications in computers in a business environment. This course includes 16 hours of instruction and ample handouts covering all topics will be provided.

#4371 October 11th - November 29th, 1988
Tuesdays - 6:00 - 8:00 p.m.

#4372 October 13th - December 1st, 1988
Thursdays - 6:00 - 8:00 p.m.

Fee: \$95

FREE BREWSKI

Every Wednesday night at the American Bar you get all the Brewski you can handle from 6:00 p.m. until 9:00 p.m., absolutely free!
