

the question

Do you think the right to abortion is a personal decision?

Paul Cooke
"At a certain stage of development, it becomes murder but before that it should be a personal decision."

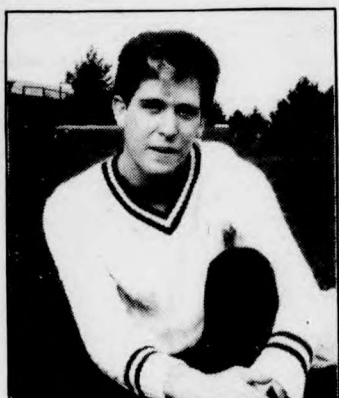

Sister Sephronia, C.P.S.
"I don't know how to answer your question, but I think abortion is not right."

Steve Assimakopoulos
"I believe in a pluralist society where a woman makes her own decision."

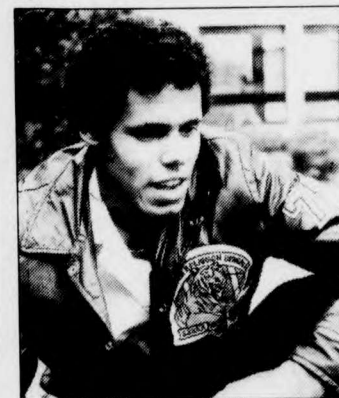

Irena Wodzianska
"Yes, because it's exactly that; it's a personal question. Women should have control over their own bodies."

Wayne Wasser
"It depends on whether or not you want a child. Sometimes it's a mistake. You can't force someone to live with a mistake for the rest of their lives."

Risa Sockoloff
"Yes and no. As opposed to legalizing abortion as every woman's right, why not educate the teenagers."

Maurice Wint
"Yes. It's totally up to the individual because they have to make the decision to bring the child into the world and give it a good life."

Melanie Lue
"I'm not a women's-libber or anything, but I feel if a woman comes to the decision that she cannot handle the child, she should be able to decide to have an abortion."
