Dear Sirs,

Replying to your letter of the 15th instant, respecting Emma Sinclair, I beg to say that I have had our records searched without finding her name amongst the Treaty Indians. It is probable that she is a Non-Treaty Halfbreed, and in that event her name would not appear in our records. If you would communicate with Mr. Harold Laird, our Agent at Graveland, he might be able to identify her. Give him the fullest particulars you can concerning her.

Yours truly,

Wm. C. Scott
