Scarce. \$78.00 the lot.

A Rare and Valuable Publication, illustrative of the History, Politics, Manners, and Customs of the Canadian People during a very important period of Canadian History. As far as is known only two sets being in existence, one of which we sold several years ago for \$275, and will never be offered for sale again. Grip is decidedly the most clean, and the most impressive pictorial history of Canada during the time of its publication, and no complete history of the country can be compiled without consulting its overflowing pages. It contains many thousands of illustrations which are not merely fantastic portraits or grotesque and comic representations of the events of the day, but are Speaking Likenesses of Modern Characters, suggesting maxims or preaching truths before the time.
