London Fence

The LONDON SYSTEM of constructing fences in the field is the only one that gives perfect uniformity of strength and durability, no matter what the condition of the land surface may be.

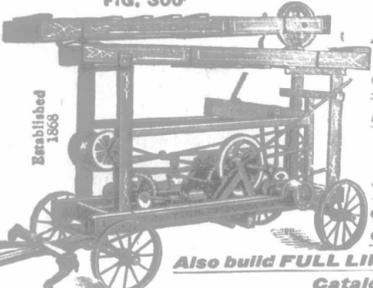

London Fence Limited, Portage la Prairie:

GENTLEMEN,—During the past three years I have had erected 3 1/2 miles of London Field Woven Fence, and it has given perfect satisfaction as to durability, efficiency and cheapness. Some of this fence has been built through very up and down rough country for which I might state it is especially adapted.
