When Will the War End

We are handed the following from an English paper: remarkable story is told of a prophetic bell in an East Lancashire town. In the Franco-German War, it is stated, one of the bells of a certain church belfry suddenly and without warning fell to the floor undamaged. Exactly three months from the date of its fall peace was declared in that war.

During the Boer War the same bell came down again and just three months afterwards peace was declared in that great war. The same bell fell to earth again last week. If the old bell is not on this occasion misinformed the world war should come to an end about the end of August."

FIFTEEN MILE ROUTE MARCH - N. S. HIGHLANDERS

The Nova Scotia Highland Brigade had a fifteen mile route march Wednesday. Although the day was extremely hot and sultry most of the men reached camp in good condition although very tired. A number dropped out by the way. Added to the heat and sultriness heavy showers of rain added to the disagreeableness of the journey.

It was a long march and the men stood it extremely well.

WAR IS HELL

The following is a letter received by Mrs. George H. Franklyn, of Canard: "Somewhere in France," June 7, '16.

Dear Mother:
Just a few lines to let you know I am still living after what we Canadian boys have passed through I suppose you have been reading in the papers about that great battle we Canadians were in. Mother it was dreadful, we went into the trenches with 1000 men and came out with only 75 of them, they were all killed or wounded, the Germans came over on us and took us unawares and they had ten men to one of us. But I tell you Mother the Canadians are brave boys, every one of them stood at their post and did their duty till at last there was so many killed and what was wounded the Germans killed as we drove them back very few came out of it. I never want to see anything like it again, the poor fellows on the ground would beg and pray to be killed to put them out of their misery they were wounded so bad and suffering such pain, Mother, God only knows how we few came out of it alive just think of it only 75 out of 1000 getting out of it. I think we were very lucky but I tell you Mother I am all in; my mind is all upset. All one could see was dead and dying one lying on top of the other. It is a terrible sight, I do hope this war will soon end and we will be able to return home again. Poor Arthur Hutchinson was killed, he was blown up with a big shell, I feel bad for his parents, one boy killed and the other in the hospital I tell you Mother it is a little Hell by itself and if I ever get out of it I never want anyone to speak of war to me I have been eight months at the front and it seems like a long time for a fellow to fight but now the weather is fine and the mud is all dried up and we can get our big guns around. You will know there will be something doing. We are bound to give the Huns all that is coming to them. Mother I am going on pass to England soon and will get my picture taken for you so you will have it. And now I think I will close.
Corpl. Edward Greenough.
