### MODERN PLAN

Educationists Discussed Advanced Methods at Winnipeg Convention — Interview with Miss Aylesworth

Miss Victoria Aylesworth, Director of the McKeough School Kindergarten, returned to-day from Manitoba. Miss Aylesworth was one of the prominent figures at the Educational Convention held in Winnipeg. She is very enthusiastic over the convention. "It seemed to be a battle all the time between the old idea of education and the new," remarked Miss Aylesworth to The Planet. "The advocates of manual training and of domestic science were contending all the time with those who believed in the old education. The fight was not a display of opposition to the new education, but appeared to be merely a discussion of the time that could be beneficially devoted to manual training and domestic science. The great question was how to arrange it so as to have time for all the subjects."

Miss Aylesworth visited friends in Brandon and Miami, and had a glorious holiday. The trip has done her a world of good and she looks exceedingly healthy. Miss Aylesworth is very much enamored with the west.

### A PIONEER

James Gossnell, one of the pioneers of the township of Orford, passed away yesterday in his 83rd year. Mr. Gossnell was born in the west of Ireland and his parents came to this country in 1832, when he was ten years old. His father died in Toronto, when the family were coming to settle in Orford township. The widow with her sons came and settled on Lot 2, Con. 5, Orford township. Mr. Gossnell, when he grew up, purchased the adjoining farm where he has since resided. R. L. Gossnell, of Elmheim, and T. S. Gossnell, of Winnipeg, formerly of the Customs Department, here, are sons. County Clerk Jonas Gossnell, who is a nephew, will attend the funeral to-morrow.

### REINFORCEMENTS IN SIGHT

Ex-Reeve Chas. A. Williams, of Raleigh, the well-known temperance advocate, drifted into The Planet office this afternoon.

"I wish you would put in your paper," he urged, "a very hearty commendation from the temperance people of Raleigh of the work of Rev. Mr. Brown. He is the only plucky minister I know of who has the courage of his convictions. If the church all along the line would only be as loyal to their principles, Christianity would be a power. Brown is the only minister who has the grit to take off his coat and work, instead of taking it out in talking."

"I just want to say that they can't scare me, either, and if I was as good a man as Brown, I'd be fighting with him, too."

### INTERESTING GAME

A very interesting game of bowling was played on Tecumseh Park last evening, between two local rinks, skipped by G. J. Peace and W. Anderson. The stakes were four neckties and ten ends were played. The players a little late in starting, and as a result they had to finish their game by lamplight. A lamp was procured and placed near the kitty so that the bowler who stood in the dark had nothing but a little light across the way to bowl to. Mr. Peace says there is some good bowling by lamplight and some players play better this way than in broad daylight and possibly if even the lamp were done away with it would not make much difference to some of the rinks. Mr. Peace's rink won the neckties. The following was the score—  
Rink No. 1.—Messrs. Rouse, Colby, Heath, and Peace, skip—10.  
Rink No. 2.—Messrs. Turnbull, McCovey, Atkinson and Anderson, skip—9.

### A MISTAKE

Through some mistake a couple of children recovering from scarlet fever were taken from the isolation hospital before the statutory six weeks had expired. Complaint was made to Medical Health Officer, Dr. Hall, and he at once had the house where they were taken, quarantined. The law requires that six weeks shall expire before scarlet fever patients shall be allowed to come in touch with the public. Dr. Hall's prompt action is to be commended.

### IN MORGAN'S SPECIAL TRAIN.

Archbishop of Canterbury Will Reach Toronto Saturday Morning.  
Quebec, Aug. 31.—The Archbishop of Canterbury, accompanied by Mrs. Davidson, the Bishop of Quebec and party visited Wolfe's Field, the Prince of Wales, and were entertained by Miss Price. On the estate is situated the path up which Wolfe's army climbed to the Plains of Abraham in September, 1759. Afterwards the party visited the Plains of Abraham and other points of interest around the city, the Laval University, Montcalm House, St. Matthew's Church, Dufferin Terrace and Holt-Renfrew & Co.'s fur establishment. The party partook of luncheon at Bishop Thrope's at 1 o'clock. In the afternoon Bishop Dunn held a reception, when some 300 leading citizens paid their respects to His Grace the Archbishop. Last night His Grace the Archbishop and party dined with the Dean of Quebec.

This morning the party will visit the citadel, after which they will drive out to Spencerwood and have an early luncheon with the Lieutenants and Lady Jette. The party will leave direct from Spencerwood to the C.P.R. station, where they will take Mr. Morgan's special train and leave for Montreal at 3 o'clock, arriving in that city at 7 p.m., in time for dinner. They will spend two days in Montreal, leaving for Toronto on Morgan's special train on Friday evening. His Grace, Mr. Morgan and party express great delight at their visit at Quebec, and are much pleased with the scenery.

### FINE WHEAT

H. J. Stevens, manager of the Chatham Mills of the Canada Flour Mills Co., has received a sample of wheat from Douglas N. Stevens, Winnipeg. The grain was grown on the farm of D. N. Stevens, and H. S. Clements, at Rosser, eight miles from Winnipeg and is a splendid sample, free from rust. He has 150 acres and expects to have 5000 bushels which is expected will grade No. 1 hard.

The wheat is on exhibition at the Central Drug Store.

Richard Fullerton, formerly teamster at the Canada Flour Mills, this city, is foreman on this farm.

### Viking Goes Ashore.

St. John's, Nfld., Aug. 31.—The Canadian cable repair steamer Tyrannus, which has arrived here from Belle Isle Strait, reports that the steamer Viking from Halifax for Hamilton Inlet, Labrador, went ashore Friday last near Belle Isle during a fog, and is likely to prove a total loss.

### Arrest Made at Ottawa.

Ottawa, Aug. 31.—On a charge of criminal negligence in connection with the death of Henry Auger, D. Moquin, proprietor of the Russell House, at Russell Village, was arrested there yesterday by Constable Thomas Young.

### Latest Harvest in Years.

Winnipeg, Aug. 31.—Harvest operations are now well under way in all the early districts, but the rain at the cool nights of the last two days have proved another set-back. The harvest is now later than it has been for several years, and by every experience of the past all wheat uncut by the end of the second week in September is liable to be frozen. It is difficult at present to estimate the acreage that will be left uncut by then, but if fine weather holds out this week it should be not more than 15 to 20 per cent.
