Success to the Hamilton bowlers.

That was a great basketball match

Professional basketball players are just like professional hockey and la-crosse players—they stop at nothing to win. Hamilton should have won last night's game.

Now that a young theological student at a Methodist college has shown that in boxing he can punch the daylight out of all-comers, it looks as if the Carman-Jackson controvery will be switched, and a few odes to prize fighting sent out.

London Advertiser: Hamilton is still hankering for professional baseball, but it comes every spring with the flood, and will not last any longer. We were under the impression that last year's experience would hold them for a time, but it does not seem to have taught them a lesson.

Old Bill Davis s "hoofing it" pretty good in the six-day grind. Tom Long-boat ought to wire him congratulations.

As the Austrainan papers say Tommy Burns is still the idol of the antipodean fight fans, even as told by Jack Johnson himself, who has again landed on these shores, the ingratitude of the champion is best displayed in the treatment of his veteran manager, Sam Fitzpatrick, who made it possible for the negro to pursue the Canadian and land the championship in Australia. Fitzpatrick has always been recognized as the best and squarest in the business, and the very fact that he cut adrit from Johnson will injure the fighter more than the manager. The stories of the fine form being displayed by Jim Jeffries, coupled with the big smoke's treatment of Fitzpatrick, would indicate that Johnson will likely in the very near future look for someone else to help him regain his lost laurels.

Kid McCov is in Paris, enthusiastic Kid McCoy is in Paris, enthusiastic over the boxing game. The Jeannette-McVey bout drew \$16,500. Willie Lewis is a hit over there. He knocked out a big heavyweight the other night, and hehas seven bouts on. Frank Erne is running a boxing school, and is making a world of money. They have sent for Jack O'Brien, and he will whip Jeannette and McVey sure. If he does, you will never see Jack again. He would be elected President of the French Republic.

Tommy Burns has started business i Australia. He was interviewed recentlabout it, and said:

Australia. He was interviewed recently about it, and said:

"Yes, I have practically closed with the leases of the Bijou Theatre in Melbourne, It is to be called the Burns Tacatre, and we are thinking of building a new theatre in Sydney. I am putting on my own show, entitled 'Fame and Fortune,' in which I take a role. We open, before Easter, probably in Newcastle, New South Wales. I have not done much acting in the past, but have given stage exhibitions on numerous occasions."

"What are your feelings towards your opponents?"

"I have always been good friends with all of them except Johnson, Immediately after I had one of the hardest fights of my life—with Twin Sullivan—we both drank out of the same glass. It was milk, and Sullivan had half and I had the remainder, as there was no more handy. We were the best of friends, as also have the other boxers been. Johnson is the only man who has been different. He does not act the same as other boxers and is different from the average. He is a big kid. He means all right, but acts as he does because he knows nobetter,"

"Would you get as light in weight if you met Johnson again."

"No, I made the biggest mistake of my life in getting down as I did. I know I did not do myself justice, but I know I did not do myself justice, but I know I did not do myself justice, but I know I did not do myself justice, but I know I did not do myself justice, but I know I did not do myself justice, but I know I did not do myself justice, but I know I did not do myself justice, but I know I did not do myself justice, but I know I did not do myself justice, but I know I did not do myself justice, but I know I did not do myself justice, but I know I did not do myself justice, but I know I did not do myself justice, long I know I did not do myself justice, long I know I k

Cibot and Orphee, the Frenchmen, showed good form all through the day, and last night had a commanding lead of over eleven miles on their nearest competitors, Davis and Metkus, a reconstructed team.
The last named succeeded in passing Dineen and Prouty, the early leaders in the race, and several hours later Feegan and Curtis, the Irish team, did likewise. The veteran Dineen to-day plainly showed the wear of his team's first day's effort to retain the lead, and experts would not be surprised were he forced to retire.

#### STRATFORD WON.

#### Railway City Hockey Team Defeated Lindsay.

Stratford, Ont., March 10 .- By defeating the Stratford intermediates here ast night by 5 to 3, Lindsay won the intermediate Ontario Hockey Associachampionship and established a

tion championship and established a clear title to the cup, which goes to them for the first time. The pace was terrific and the checking close and hard, but perhaps, best of all, it was clean hockey, and a manly defeat. So great was the excitement that the crowd, which was about 3,000, was on its feet all the time.

It was not until the second half was well under way that it was certain that Lindsay would win the game. The Stratford seven opened up in championship form and held Lindsay down till at 27 minutes Lindsay scored their first goal, Stoddard doing the trick. Referee Dr. Wood, of Toronto, had to send many men from both teams to the bench in the first half, and made the game somewhat one-sided, but this did not prevent Stratford from finding Lindsay's net, and Easson scored on one of his fine individual rushes. Just before the end of the first half, Stoddard scored for Lindsay. The score at the end of the first half, Stoddard scored for Lindsay. say.
