Morning Courier.

MONTREAL, TUESDAY, AUG. 23, 1836. punish by civil disabil We are unwilling that the benefits of Mr. We wish we could t KIRK's Lectures, on the system of general many noble and philaeducation, more especially as existing in the which Mr. Kirk intered State of New York, should be confined to lecture, on the papertan

can never be held as foreign, or useless, in nation in all its me any clime where there are human beings to physical relations be taught. But to Canada, considering what We may speak hereaft she really is, and what she mi there is no subject that ought er interest, than the devising of a well organised system of tion. This is, undoubtedly blessings which she is painfi and without which she never scale of nations, but must la neighbours, in every object of

We are fortunately enabled, by the aid of "REED and MATHESON'S Narrative of a Visit to the American Churches," to lay before our readers a concise statement of the fore our readers a concise statement of the system of general school education in the State of New York, so well explained and illustrated by Mr. Kirk, on Saturday evening. It is from the nen of the Secretary of the State of New York, who is also Superior. the State of New York, who is also Superiotendent of Common Schools :-

"The revenue frising from the school fund is they were signing," The revenue fixing from the school find is under the infliction. I apportioned, by the superintendent, to the save under the infliction. I rail town and cities in the state, in the raim of ever, may, at no distant the population in the cities, and in proportion to libeller, that he will the children between five and sixteen in the towns. The amount of the appearance in the course of the appearance of th each county, is transmitted to \$ pervisors, which body is require sess, upon the taxable inhabitas a sum equal to that which is an town by the superintendent. from the state treasury, to each sum, on condition that the tax of the town raise a like sum, thus provided must be applied e payment of teacher's wages, as qualified, according to the provis

The trustees of each district are required to account for the expenditure of the money by an annual report to the commissioners of the town, and the peneral condition of the district. If they fall to make the report. make the report, the school money is apportion missioners are also required to make an annual Herall trick!—first pr missioners are also required to make an annual report, accounting for the money received for their town, giving the number of districts, and an abstract of the returns from the several districts. The reports of the commissioners are sent to the county clerk, who is required to fransmit copies thereof to the superintendent of common schools. It is made the duty of the superintendent to present an annual report to the Logislature, containing an abstract of the reports received from the several towns, &c.

The taxable inhabitants of the majority, designate the site for a vote a tax for building the hou the district officers, consisting of clerk, and collector; the trustee have the custody of the school-lac the teachers, and pay them the "This State distributes annu

lars, which is about twenty-fit scholar between five and sixtee tions as to ensure the application of at least permit Parliament as part three times its amount to the same object; that its exercise would infring is, the town makes it fifty cents, and the necessary are additionable of the district of t terms of capitulation.

any expenditures by the inhabitants of the district, if they restrict themselves to a bare compliance with the law, must be at least-fifty cents more. It is thus seen that by this feature in our school system, 100,000 dollars apportioned from the state treasury, are made to perform the office, or at least, to chaure the application of 400,000 annually, to the use of common schools."

"The fund referred to in this communication was begun in 1805, and is formed by the sale of the Temperance Reforms was begun in 1805, and is formed by the sale of

"The fand referred to in this communication was begun in 1805, and is formed by the sale of land appropriated, by the State to the uses of education. It amounts now to 1,709,000 dollars, and yields an income of more than 100,000 dollars per annum. By the provision of the constitution, all the unappropriated lands belonging to the State are granted to it computed to amount to unwaster and graduated votes annually 100,000 dollars disposable for this The plan thus detailed.

The plan thus dtailed, p excellencies; but many lea the State, deem it indequate the demands of the present a thought to be sufficiently efficient furnished through is means

Mr. Kirk has just been on a tour through the State of New York, for the purpose of obtaining the Company of the work of the purpose of the week of the second of the secon obtaining the co-operation of the people, to of the said petition, as we conce improve and give a higher tone to the present, the party in question, and c organization; and the chief points of the tendency. The exercious rule reform deemed necessary, are, that the office to give effect to the gracious interof Superintendent of Common Schools should be no longer conjoined with that of Secretary of State, but should be held by an individual who should describe the description of State. who should devote all his time and talents to your honorable body, in an aut this one subject—that there should be a su-perintendent for each county—that more otherwise be misinterpreted or m is be supposed, that they are faith money should be raised for the purposes of it be supposed, that they are faithful education, in order that the school framers

kept open in the smallest villa through—that the teachers of remunerated and possessed of cations—that a considerable n mai Schools should be establis Mr. Ksax affirmed that the plad effected a vast amount of
