PROSPECTUS OF THE MASONIC REGISTER AND GAZETTE OF NEWS.

IT is proposed to give this paper a character which shall make it equal, if not superior, to any Masonic periodical in the United States, and a valuable Journal to be forwarded to every part of the globe.

It will give the most impartial statements of matters, in and out of the Order, and be at the same time particularly devoted to the interests of the Fraternity. It will contain from time to time fine Wood Engravings and descriptions of all the principal Public Institutions in the United States.

We do not intend to follow in the wake of our successful predecessors, for we have marked out an entirely different course. We intend, as here intimated, to introduce into the columns of this Journal, the latest Foreign and Domestic General Intelligence, having that manner, as well as those not of the Order, want such news, thus making it a paper in which all will feel interested.

Dr. De Roos, from long practical experience in the most celebrated institutions of this country and the continent, has had, perhaps, unusual opportunities of observing the peculiarities relating to the physiology, pathology, and general treatment of the disorders referred to in the above work, and having devoted his studies almost exclusively to this class of diseases, he is enabled to give a more complete and accurate view of them, as they are met with in practice, than is to be found in any other work.

Persons in any part of the world, may be successfully treated by forwarding a correct description of their complaint, to the Author, who will be returned with the utmost despatch, and secure from observation.

THE CONCENTRATED GUTTE VIVE. or Vegetable Life Drops, are recommended to all those who have injured themselves by early excesses, and brought on nervous debility, Eruptions, Sore Throat, Pains in the Bones and Joints, Scarcy, Scrophula, and all other impurities, must be felt to be believed. 4s. 6d.; 11s.; and 21s. per bottle.

THE COMPOUND RENAL PILLS, as their name Renal (or the Kidney) indicates, are the most safe and efficacious remedy for the above dangerous complaints, Discharges of any kind, and Diseases of the Urinary Organs generally, which if neglected, frequently result in stone in the bladder, and a lingering, painful death. They agree with the most delicate stomach, strengthen the digestive organs, increase the appetite, improve the general health, and will effect a cure when other Medicines have utterly failed. Price 4s. 6d., 11s., & 21s. per Box, through all Medicine Vendors.

GUARD AGAINST THE recommendation of spurious or other articles by unprincipled Vendors. The PUBLIC against FRAUD, Her Majesty's Hon. Commissioners have directed the words "WALTER DE ROOS, LONDON," to be printed in white letters on the Stamp affixed to the above, to insulate which, it is to be observed.

HOLLOWAY'S OINTMENT. A MOST ASTONISHING CURE OF SCROFULOUS ULCERS—A CASE CERTIFIED BY THE MAYOR OF BOSTON.

COPY of a Letter from J. Noble, Esq., Mayor of Boston, Lincolnshire. To Professor Holloway, Dear Sir,—Mrs. Sarah Dixon, of Liqueur Street, Boston, has this day deposited before me that for a considerable period she was severely afflicted with Scrofulous Sores and Ulcers in her arms, feet, legs, and other parts of her body; and although the first of medical advice was obtained, at the cost of a large sum of money, she obtained no abatement of suffering, but gradually grew worse.

Being recommended by a friend to try your Ointment, she procured a small pot, and a box of the Pills, and before that was all used, symptoms of amendment appeared. By persevering with the medicine for a short time longer, according to the directions, and strictly adhering to your rules, as to diet, &c., she was perfectly cured, and now enjoys the best of health.

I remain, Dear Sir, yours truly, (Signed) J. NOBLE. Dated August 12th, 1852.

AN EXTRAORDINARY AND RAPID CURE OF ERYSIPELAS IN THE LEG, AFTER MEDICAL AID HAD FAILED. COPY of a Letter from Mrs. Elizabeth Yeates, of the Post Office, Aldwick Road, near Baginbun, Waterford, dated January 12th, 1853.

To Professor Holloway, Sir,—I suffered for a considerable period from a severe attack of Erysipelas, which at length settled in my leg, and resisted all medical treatment. My sufferings were very great, and I quite despaired of any permanent amendment, when I was advised to use your Ointment and Pills. I did so without delay, and am happy to say the result was eminently successful, for they effected a radical cure of my leg and restored me to the enjoyment of health.

I shall ever speak with the utmost confidence of your medicine, and have recommended them to others in this neighbourhood similarly afflicted, who derived equal benefit.

I am, Sir, your obliged and faithful Servant, (Signed) ELIZABETH YEATES.

A DREADFULLY DISEASED ANGLE CURVED AFTER BEING GIVEN UP BY THE FACULTY, AT MALTA AND PORTSMOUTH HOSPITALS. The following important communication has been forwarded to Professor Holloway for publication, by Mr. B. Dixon, Chemist, King-st., Norwich.

COPY of a Letter from Captain Smith, of Great Yarmouth, dated January 19th, 1853. To Mr. Dixon, Dear Sir,—I send you the particulars of a cure effected by Professor Holloway's invaluable medicine—Mr. John Walton, late in Her Majesty's Service, in the British Fleet at Malta, had a very bad angled ankle, and after having been in the Malta Hospital for six months, was sent to England as an invalid to Portsmouth Hospital, where he remained an inmate four months, there, as at Malta, refusing to have the limb amputated, he was turned out incurable. He then came to Yarmouth, and was under a medical gentleman for about three months, but his ankle became so much worse that all hope was lost.

At this period, by my advice, he tried Holloway's Ointment and Pills, which, by unremitted application, healed all the ulcers, and restored him to perfect health and strength.

I remain, Dear Sir, yours very truly, (Signed) ALBERT HOLT, Great Yarmouth.

SURPRISING CURE OF A BAD BREAST, NEUROUS DEBILITY, AND GENERAL ILL HEALTH. COPY of a Letter from Mr. T. F. Ker, Chemist, &c., Lower Moss-lane, Manchester, dated February 12th, 1853.

To Professor Holloway, Dear Sir,—I have great pleasure in forwarding to you the particulars of a very extraordinary cure of a bad breast, effected solely by the use of your celebrated Ointment and Pills. Mr. Martha Bell, of Pitt-street, in this town, had been for a considerable time laboring under nervous debility, loss of appetite, and general ill health, occasioned by ulcerated wounds in the breast. She had had much experience in the use of all the known remedies for the cure of ulcers, but without any beneficial result; in fact she had nearly lost all faith and hope of a cure being effected. In this distressing and painful condition of body and mind, she was persuaded to have recourse to your invaluable Ointment and Pills, which she immediately did, and in the course of a very short time the effect produced was most astonishing; her appetite was speedily improved, and the sores and ulcers in the breast gradually healed, and the nervous excitement of her system was wholly removed.

I remain dear Sir, yours faithfully, (Signed) T. FORSTER KER.

The Pills should be used conjointly with the Ointment in most of the following cases:—Bad Legs, Cancer, Sore-throats, Bad Breasts, Contracted and Stiff Joints, Burns, Erysipelas, Sore-heads, Blisters of Menstruation, Fistulas, Soft Corns, Gout, Glandular swellings, Tumours, Piles, Lambeago, Ulcers, Chapped hands, Scalds, Rheumatism, Yaws.

Sold at the establishment of Professor HOLLOWAY, 24, Strand, (near Temple Bar,) London, and by all respectable Druggists and Dealers in Medicines throughout the Civilized World, in Pots, at 1s. 3d., 3s., 6s., and 10s. each.

There is a considerable saving by taking the largest size. N.B.—Directions for the guidance of patients in every disorder are affixed to each pot. GEORGE T. HASZARD Agent.

AYER'S PILLS.

FOR ALL THE PURPOSES OF A FAMILY PHYSIC.

THERE has long existed a public demand for an effective purgative pill which could be relied on as safe and perfectly safe in its operation. This has now been prepared to meet that demand, and an active trial of its virtues has conclusively shown that what success it accomplishes the purpose designed.

It is easy to make a purgative pill, but not easy to make the best of all pills—one which should have none of the objections, but all the advantages, of every other. This has been attempted here, and with what success we would respectfully submit to the public decision. It has been carefully used in every other form of disease, and has been found to be a most valuable medicine in all cases, and is a most valuable medicine in all cases, and is a most valuable medicine in all cases.
