Mr. Newton, secretary, presented th following report on behalf of th owing visitors in the village: T Dryden, reeve of West Garafraxa Mr. and Mrs. Watson and Mrs. Wal er, Georgetown.

DIRECTORS' REPORT.

The Directors of the Guelph General hospital submit their annual report for the information of the subscribers and the public, and also with this report the secretary-treasurer submits his annual statement for the year ending June 1, 1891, which has been duly audited by the auditors appointed and found correct, showing receipts for the year \$11,018, and expenditure \$8,593,45. This balance includes \$1,000 donation, and the rest will be fully absorbed by end of year.

The work of the hospital is so fully before the citizens, so many persons constantly visiting the institution, that it is almost unnecessary to say much in regard to the work done.

The institution is in a high state of efficiency, the whole staff, the lady superintendent. medical officers, steward, nurses and servants, all performing their various duties most efficiently. The County Court opened on Tuesday before His Honor Judge Drew.
The docket is not a very large one, and the business will not last long.

corming their various duties have ciently.

There has been a large increase of the number of patients during the last year, the total number being 429. This large number of patients necessarily involves a largely increased expenditure, to meet which, although the number of free or non-paying patients sent by the Mayer of Guelph and the Warden and Reeves of the county are more than doubled since the hospital was opened, yet their grants remained the same, the result is the hespital sustains a large loss in maintaining the county and city patients, which has to be made up by contributions from churches and in dividuals.

James Stewart, Peel. '
His Honor addressed the grand jury, peinting out the duties which they would have to perform. He pointed out that there was a general desire among the legal fraternity to attend the funeral of the late Sir John A. Macdonald and said he would adjourn the court to-morrow afternoon till after the funeral. The county sent 86 indigent patients, whose aggregate stay in the hospital was 3,555 days, which at cost price of maintenance is at \$68.41 per day is \$2,452.49; deduct 30 cents a day received from Government of Ontario, \$1,075.55, leaves a balance of \$376.94 of a loss to the hospital.

In case of the city 148 indigent persons were treated 4,039 days at \$68.41 per day, total \$2,763.08; deduct 30 cents a day Government grant, \$1,211.70, leaves a balance of \$551.38 of a loss to the hospital. It is quite obvious this condition of things cannot continue, as a loss of nearly \$1,000 per annum will soon bring the institution to a state of bankruptcy. Either the grants must be increased or the number of patients diminished, or paid for as is done by the city of Toronto at a certain sum per week, at not ever cost price for maintaining the pa
