... AND OTHER ITEMS

To-morrow is election day in Nova Scotia.

Wild geese were shot at Richmond Bay the day last week.

Several new cases of diphtheria have been reported in the City.

Dr. H. D. Johnson is also one of the doctors lecturing to our future medicos.

The first wheeled vehicle of the season made its appearance on the streets Monday.

John McInnis was sentenced to one year in Prince County goal for burglarizing Mr. Leonard Morris' establishment.

The steamer Stanley crossed from Pictou to Georgetown on Saturday and is now making regular trips.

Prof. Anderson has engaged Mr. S. N. Earle to instruct the students of the Prince of Wales College, in music.

It is rumored that Mill River Station, moved last December to Howlan Road, will shortly be moved back again to its old site.

The Cosford child whom we reported in our last issue, to have been badly burned, is now out of danger and rapidly recovering.

The eldest son of Dr. Gillis of Summerside broke his leg above the knee while at play one day last week. He is coming around quite well under his father's care.

Revd. J. C. McMillan, D. D., of this city lectured to a large and appreciative audience in the Public Hall at Tignish on Wednesday evening. The subject of the lecture was "Water."

Henry Sutherland a man employed in the Round House of the P. E. Island Railway was accidently struck with a piece of iron in the face on Wednesday and badly cut. The wound was dressed by Dr. Conroy.

The dwelling house of Mr. Thomas Lowe of Murray River was destroyed by fire on Tuesday morning of last week. The building was a new one, only recently completed. The loss is estimated at from six to eight hundred dollars. No insurance.

A Concert in aid of the City and P. E. Island Hospitals will be given in Summerside about the last of the month. A feature of the entertainment will be the military evolutions of twenty-four young ladies, who are now being drilled for the occasion.

The Agriculturist says:—A telegram to Mr. A. Mackinnon, Coleman, from Gaspe Mills, Gaspe, states that the Petroleum Oil Trust Company's business at that place is booming. They have placed an order for seantling, in the above mills, for five thousand six hundred dollars ($5,600) worth at one time. This means seantling enough to build forty ordinary houses.

Mr. Mellish of the firm of Wightman & Mellish, contractors of the new block, etc., of the Souris Breakwater is rapidly pushing the work to completion. The last block at the outer end of the work is built up to the required heigh and completely ballasted. Although there is still a good deal to be done, it will be comparatively easy, as the foundation is now complete and secured.

A serious accident occurred at the residence of Mr. Artemas Laird, Bedeque, on Wednesday. Mr. Laird and Mr. Jesse Scharman were unloading cartridges, and tossed some of the empty shells into the stove. There was a plate on the table containing a quantity of powder. This was ignited by a spark from the stove, causing an explosion. The room was considerably wrecked, one of the partitions being moved fully four inches, and the door panels and windows shattered. Mr. Laird was not hurt, but Mr. Scharman had his moustache blown off, his face burned and his eyes injured.

The last Catholic Record contained the following: The Grand President of the C. M. B. A. has been pleased, upon the recommendation of Grand Deputy O'Keeffe, of St. John, to appoint the Rev. A. E. Burke, B. D., of Alberton, Prince Edward Island—the first priest to introduce the organization into the "garden of the Gulf"—District Deputy for that Province. The C. M. B. A. is sure to take deep root, extend itself thoroughly and do much good in little Prince Edward Island under Father Burke's enlightened direction. We fraternally congratulate priest and Province alike.

The last Canada Gazette contains the following notice to mariners: The tower from which the inner or back range light was exhibited, at the west entrance to Tracadie Bay, on the coast of Prince Edward Island, has been replaced by a new tower from which the light will be shown on the opening of navigation in 1894. The new tower is a square wooden building, painted white. The upper portion of the tapering building forms the lantern. The height from the ground to the top of the ventilator is 24 feet. The light is a fixed red, octagon light. It is elevated 32 feet above high water mark, and should be visible in the line of range and up the ocean in a northeasterly direction 8 miles. The tower stands on the gravel beach, near the site of the old one which it replaces, 1,200 feet S S W from the front range light, but this course and distance are liable to be changed at any time without notice to make the alignment suit the changes in the shifting channel.

At Salisbury, N. B., constable with a doctor in charge had the misfortune to lose his man at Dorchester station Wednesday evening. On the arrival of the train at that station the constable and the prisoner alighted but made no great haste in leaving the platform. As the train moved out from the station the prisoner made a dash and succeeded in boarding a car. The constable pursued his man and leaped upon a rear car. A bystander, who saw the proceedings also boarded the moving train with the expectation of seeing a little fun. As the express neared the switch the Dorchester citizen jumped off and was seen by the constable, who was anticipating some such move from his man, and also leaped off. But what was the surprise of the constable when he found that the man he had followed from the train was a Dorchester citizen and not subject to arrest. The prisoner, it is supposed, has gone to Nova Scotia to take a hand in the local elections.

Said a Lady

to us a day or two ago, "You folks have got your name up for selling goods very cheap."

"We're going to keep it up," said we in reply.

The old-fashioned way of doing business was *to charge as much as possible*;—the new way, the way that leaves the crowds, the way that is building up our big business, is *to sell as cheap as possible*.

We prefer doing a big business and selling goods cheap, to doing a small business and selling goods dear.

It Pays Us to Make it Pay You.

to buy from us and that's just what we're doing.

Our Fur Goods are desperately cheap, and the balance of our Jackets, Capes and Ulsters can be bought for the price of the cloth.

All kinds of Goods are cheap. You see we must have money to pay for the big stock of goods our buyer is now buying in the Old Country.

Buy now—the profits are yours not ours.

BEER BROS
THE POPULAR STORE

NOTICE!

Is hereby given that I have this day taken into partnership my brother, Mr. H. M. Johnson, Phm. B., and in future we will do business under the name of Johnson & Johnson. I take this opportunity to thank you for the liberal patronage extended to me in the past, and solicit a continuance of the same for the new firm.

A. S. JOHNSON.

Charlottetown, January 17, 1894.

The local Legislature meets on Wednesday the 28th inst.

F W Sumner was on Monday re-elected Mayor of Moncton.

Sir James Grant, Ottawa's new member, will move the address in the Commons in reply to the Governor-General's speech.

The W. C. T. U., of this city, after a lengthy discussion Monday afternoon, decided, by a vote of 22 to 2, in favor of Woman's Suffrage.

The board of health has ordered that all houses in the city, wherein diphtheria exists shall be placarded. The placards will read "Diphtheria; no admittance."

About two weeks ago a spring of water burst through the ground on the farm of Mr. Joseph Kennedy on the Brackley Point Road and still continues flowing.

Within a week Premier Peters intends to address his constituents at Mount Stewart on which occasion he will outline the future policy of his government. He will also, we understand, make a statement in reference to the putting on of taxes.

In response to a petition from a sufficient number of the electors of Charlottetown asking for a Scott Act election to be held here, the Department of State has appointed Thursday, the 19th of April as the day for taking the ballot Sheriff Horne has been appointed returning officer.

Wm. Hayward of the I. C. R. shops at Moncton is the owner of an orange tree which has not only blossomed, but is now bearing fruit. The tree is not over three feet high, but it bears several oranges about the size of a small country apple, or as large as a hen's egg though of a different shape.

The new City Council held their first regular meeting Monday night. They made the following appointments: John McQuillan to be keeper of Victoria Park in the place of his father who died recently. Samuel McRae to be Sanitary Officer and A. N. Large, G. E Hughes and Charles Hermans were appointed the Fire Department.

Word of a very distressing accident comes from Cape Tormentine, N B. On Thursday a girl named Spence wishing to singe her hair, tied it together, making a knot near the end. She dipped the knot in paraffine and held a light to it. Her hair was at once all ablaze and was burned off her head. Her ears were burned to a crisp and her face was badly burned. She suffered intense agony and tore the clothes off those who came to assist her. At last report she was suffering severely.—Moncton Times.

In order that those who wish to attend the Benevolent Irish Society Concert at Emerald on St. Patrick night, may have an opportunity of doing so, a special train will leave here at 4.30 p. m. local time on that day and return after the concert is over. Return tickets will be issued for 95 cents. A special train will also leave Cape Traverse at 5.30 p. m. (local) Return tickets on this later train will be issued at one single first class fare, good for return on the 19th inst.

The three-masted schooner Sir Hibbert, which had been given up for lost, arrived at Halifax Monday morning from Demerara, after a passage of fifty days. Not seeing a pilot, the vessel came up and anchored abreast of the city. The flag flying half-mast high indicated that something was wrong. It was found that the mate had died of yellow fever and that other members of the crew were sick or dying with the plague. All communication between the vessel and the shore is cut off and every precaution is taken to isolate the complaint.

The Charlottetown Steam Navigation Co., has of late been making strenuous endeavors to obtain an increase of subsidy for its boats from the Dominion Government. At present the subsidy paid them is $5200 and this, they want raised to $15000. The Government appears unwilling to grant such an increase and as the company's contract with the Government expired last fall they threaten to not run their boats this summer and to sell the Northumberland. At present it is difficult to say how the matter is going to be settled.

Our Prize Offer.

In another column we announce the particulars of our special clubbing arrangement with the Weekly Detroit Free Press a paper so we know it, by reputation at least, that any special mention of its great merit seems scarcely necessary. While one of the funniest of papers, it does not depend alone on its humorous features for its popularity; it is equally noted for its literary excellence. The best writers of America and Europe contribute to its columns, indeed, our readers will find The Free Press a perfect cyclopaedia of the best current literature. When the great cost of production is considered, it is a matter of wonder how so interesting and instructive a journal can be furnished for so low a price as one dollar a year—a hand some premium included.

We know that every one of our friends will be benefited by reading The Free Press and we congratulate ourselves and them on our ability to furnish it with The Herald for so low a price as $1.50. It is certainly an opportunity of which all should take immediate advantage. All orders for the Detroit Free Press must be accompanied by the cash.

DIED.

In this city, suddenly, on the 8th inst., Margaret Meikle, relict of the late John Colwill, aged 76 years.

In this city, on the 11th inst., of meningitis, Mary Irene, beloved daughter of Philip I. and Maggie McMahon, aged six years and four months.

At East Royalty, on the 8th inst., after a long illness, Johanna, relict of the late James Roper, and sister of the late Nicholas Harvie, age 87 years.

In this city, on the 13th inst., Mrs. James Morgan, in the 35th year of her age. She leaves a husband, three children and a large circle of friends to mourn her loss. May her soul rest in peace!

At Notre Dame Academy, Boston Mass on the 4th inst., Sister St. Augustine, in the 39th year of her age. The Reverend lady was a daughter of the late Patrick Ryan of Head of Cardigan. May her soul rest in peace!

At Notre Dame Academy, Boston Mass, on the 4th inst, Sister St Augustine in the 39th year of her age. The Reverend Lady was a daughter of the late Patrick Ryan, of Head of Cardigan. May her soul rest in peace.

At 29 Berkley Street, Somerville, Mass., Mary, daughter of the late James Ring, of Charlottetown, and wife of Edward W Doyle, Superintendent of the printing establishment of Rockwell & Churchill, Boston, aged forty four years and five months.

In this city, on March 3rd, after a short illness, Clara, beloved wife of Peter Kiggins, in the 26th year of her age. Deceased was a daughter of John and Mary Finlay, Vernon River Bridge. She leaves a husband and one child, besides a wide circle of friends and acquaintances to mourn her loss. May she rest in peace.

The Amended Tariff Bill.

Washington, March 8.—The Wilson tariff bill, which passed the house February 1, was laid before the senate finance committee this afternoon in the amended form upon which the democratic majority of that committee agreed after one month's consideration. There are numerous changes of front on all the more important objects of taxation. The income tax provision of 2 per cent. remains in the bill, but the tax on non-residents is stricken out. Lumber remains on the free list. Sugars are to pay duties varying from one cent to one cent and four tenths per pound according to the degrees. Molasses not above 56 degrees 2 cents per gallon, above 56 degrees four cents. Iron ore, including manganiferous iron ore, also dross ore residum from burnt pyrith, is taxed forty cents per ton, Coal is taken from the free list and made dutiable also at forty cents per ton, and coke at 15 cents. Raw wool is left on the free list, exactly as in the Wilson Bill, the provision to go into effect August 2nd 1894. Barley and barley pearled patent or hulled is raised from 25 to 30 per cent ad valorem and barley malt from 35 to 40 per cent.

Butter is changed from 4 cents per pound to 30 per cent. Hay from $2 a ton to 20 per cent. Honey from 10 cents a gallon to 20 per cent. Hops from 8 cents a pound to 20 per cent. ad valorem. Onions from 20 cents a bushel to 20 per cent. ad valorem. Peas from a specific duty to 20 per cent. Potatoes from 10 cents a bushel to 30 per cent. Castor beans from 25 cents a bushel to 20 per cent. ad valorem. Smoked fish from ¾ cent a pound to 15 per cent. ad valorem. Fresh beef, mutton and pork taken from the free list and taxed 25 per cent. ad valorem. Poultry changed from 2 cents per pound to 20 per cent. ad valorem. Eggs remain on the free list. Horses and cattle remain unchanged, each being taxed 20 per cent.

Mr. Malcolm McDonald of China Point lost a horse in Seal River ice on Saturday.

A man named Ferguson came near losing his horse in the ice at the Steam Navigation Co's dock about three o'clock Monday morning. He had to procure assistance from the Hotel Davies before he was able to get the animal out.

The steam yacht Natalie, purchased in New York and sailed from Savannah Jan 19th. with arms and ammunition to be used by Gen. Manigal in an attempt to overthrow President Hypolite of Hayn, has been captured by the Haytians and taken to a Haytian port. The cargo was landed and the entire crew shot by order of President Hypolite.

Thousands of cases of teas that have been shipped to New York and rejected there by the health authorities, are being imported into Montreal. Rejected tea in New York has either to be destroyed or exported, so the Canadian market is flooded with it. Some of the most reputable firms in New York are engaged in this traffic. The American custom authorities have been notified of the matter, so as not to permit the tea to be shipped back to the States.

THE SEED BUSINESS

To those not acquainted with us, the following facts may prove interesting. We have carried on a Seed Business in this city for fourteen years. We have always tried to merit success, have kept the best seeds procurable, sold at moderate prices, and treated our customers as well as possible. Our business has increased year by year, and the largest increase of all was in 1893. For many years we have had the largest Seed Business in P. E. Island. We have now the largest business of the kind in the Maritime Provinces. Nothing but genuine merit in the Seeds we sell could have brought about these results.

Follow the Crowd,

This is a wise rule when buying Seeds. People don't rush to buy poor Seeds, but they do crowd to Carter's Seed Store every season, because they know the value of the Seeds. This is not "blow" but simple fact. Poor seeds tell their own story when they grow, so do good ones. Buy those that have told a good story for years past. They are CARTER'S.

Send for our Seed Catalogue for 1894. Ready 15th March.

Geo. Carter & Co.
SEEDSMEN.

Prize History of the Fair.

We are pleased to learn that the World's Columbian Exposition Illustrated received the Highest and Only Award as the most Authentic and complete Illustrated History of the Great World's Fair.

This valuable work contains full descriptions of the Fair with 3,000 large, copper-plate half-tone, photographic illustrations of the Grounds, Buildings, Exhibits and attractions of the Exposition. The illustrations are rom photographs, showing the laborers as they turned the first shovel full of earth when the Great Fair was begun, and the progress of the Exposition Grounds and Buildings in all stages o construction from the swamp covered with brush and trees, to the world-famed "White City," filled with treasures of Art and works of Genius from the store-houses of the world, and adorned with its Spires, Turrets and Gilded Domes.

In all it is the richest and most valuable work ever published. It is the World's Fair on paper. By perusing its pages the great exposition can be revisited in years to come. It should be in every library and home in the civilized world. Send 25 cents for sample number and full particulars. Reliable agents wanted. Address

Mortgage Sale.

To be sold by Public Auction on Tuesday the tenth day of April, A. D. 1894, at the hour of twelve o'clock noon in front of the Law Court Building in Charlottetown, all that track, piece or parcel of land, situate lying and being in Lot or Township number forty in Kings County in Prince Edward Island, bounded as follows, that is to say, commencing on the south boundary of land formerly conveyed to James Roach, and now in the possession of William Ryan and in the Eastern line of fifteen acres of land also now in the possession of the said William Ryan and running thence along the said last mentioned line South six chains and sixty-three links or to the Northern boundary of land said to be in the possession of Henry Thompson, thence along said line East till it strikes a brook running into the Marie River, thence Northwest along the said brook a sufficient distance to give a rectangular width of six chains and sixty-three links or to the continuation of the boundary first mentioned, the same being the Southern boundary of three and a quarter acres of land conveyed to James Aylward thence West to the place of commencement, containing thirty-one acres of land, a little more or less, agreeably to a plan showing the location of said land on the margin of a deed from the Commissioner of Public Lands to Mathew Ryan, the younger, the Mortgagor bearing date the Twentieth day of January, A. D. 1882.

Also all that tract, piece or parcel of land situate lying and being on Lot 32 in Kings County aforesaid being farm lot number Five agreeably to a plan of survey made by Daniel Hickey for the trustees of the late James Peake, commencing at the north side of the road known as Peake's Road at the Western boundary of farm number 6; thence running west along said road thirteen chains and seventy-four links to the boundary of farm number four; thence north fifty-four chains and fifty five links thence east thirteen chains and seventy-four links to the boundary of farm number six; thence south along said boundary line to the place of commencement, containing seventy-five acres of land a little more or less, and being the farm for many years in the occupation of the late Patrick McCullough.

The above sale is made under and by virtue of a power of sale contained in an indenture of mortgage bearing date the thirteenth day of April A. D. 1891, and made between Mathew Ryan the younger, of Marsh Road, in Lot or Township number Forty in King's County, Farmer, and Mary Ann Ryan, his wife of the one part, and Credit Foncier Franco Canadien of the other part.

For further particulars apply at the office of Æneas A. Macdonald, Charlottetown, Solicitor.

Dated this sixth day of March, A. D. 1894.

Credit Foncier Franco-Canadien.
March 7, 1894—3i Mortgagees.

A Cup of Boulton Palatable, pure, Refreshing & stimulating.

can be made in three minutes, thus: take a cup of boiling hot water, stir in a quarter teaspoon (not more) of

Liebig Company's Extract of Beef,

Then add an egg—and some sherry if liked—season carefully

HEART FAILURE,
FAINTNESS,
ACUTE DYSPEPSIA,
with
Complete Nervous Prostration,
Cured by Using
HAWKER'S NERVE & STOMACH TONIC.

A LADY'S EXPERIENCE.

Mr. Wm. Thompson of Moncton, N. B., says: "For 2 years past my wife has suffered with *Acute Dyspepsia* accompanied with complete nervous prostration and a smothering sensation about the heart which frequently produced an attack of faintness. She became weak and nervous, lost all energy, and had a constant feeling of dread. She suffered with intense pains in the stomach after eating, which was usually followed by the smothering sensation about the heart and fainting spells. She tried a great many remedies and was treated by the doctors for some time, but obtained no relief. She became so discouraged that she gave up all hope of ever getting better when our pastor recommended that she try HAWKER'S NERVE AND STOMACH TONIC and LIVER PILLS which she procured and commenced to use. In a short time it showed wonderful results and restored to her health and strength and saved much suffering and expense."

Rev. Henry M. Spike, Rector of Musquash, N. B., says: "I am personally acquainted with Mrs. Thompson's case, and am greatly pleased that the medicine which I recommended to her produced such remarkable results."

Sold by all druggists and general dealers.
TONIC 50 cts. PILLS 25 cts.
Manufactured by the
HAWKER MEDICINE CO., Ltd.
St. John, N. B.

A SERIOUS COMPLAINT.

People make light of colds, colds and la grippe, and often neglect them. This should not be done. Dr. Wood's Norway Pine Syrup is a sure cure for all these diseases. It soothes and heals the throat and lungs.

Put salt on the stinkers in your stove or range while they are hot after raking down the fire, and it will remove them.
