

THE HERALD

WEDNESDAY, DECEMBER 1, 1897. PUBLISHED EVERY WEDNESDAY. SUBSCRIPTION—\$4.00 A YEAR. JAMES McISAAC, Editor & Proprietor.

We wish once more to remind our subscribers that we wish them to pay up. Quite a number of subscribers have not paid anything for years. We wish those who must be collected this fall to be reminded of their duty.

The Greenway Government of Manitoba suffered a reverse on Saturday last, in a bye-election at White Mountain, when Johnson, Conservative, was elected to replace Nicol, Liberal, deceased, by 150 of a majority.

The Hon. Mr. Hardy, in a recent speech, boasted of the amount of sound legislation placed by his government on the statute book. The fact is that much of the legislation in this province seems to have been prepared by law students, and not very clever ones either.

INTELLIGENCE regarding gold mining on a very large scale comes from the New York Herald, which says: Several of the leading directors of the Canadian Pacific Railway, who are backed by unlimited English capital, and have the promise of liberal rights from the Canadian government, have organized an extensive mining company, which promises to eclipse anything that was ever projected in this country.

An Exchange contains the following relative to the utilization of the heat produced by the street lamps in the great city of London: W. Mackay and the Rothschilds are interested. Whether the latter are connected with the Canadian Pacific scheme it could not yesterday be definitely ascertained.

As Ottawa despatch of the 29th ult., says: The Hon. Mr. Mackay, who is expected to be in connection with the important political changes now pending. Sir Henry Joly will likely retire from the Ministry soon and Mr. Patterson can be induced to accept a transfer to the governorship of the Northwest Territories.

St. Andrew's Dinner.

The annual St. Andrew's Dinner, under the auspices of the Caledonian Club of Prince Edward Island, was held at the Hotel Davies last evening. The dinner was served in the excellent style for which that hostelry is famous.

The Trouble in Cape Breton.

The Dominion Coal Company has officially notified its employees at Port Morien and Victoria Mines that the colliers at those places are to be permanently closed in the month of December. The official announcement, coming from the head office of the company in Boston and signed by the proper official, has created a sensation, not only among the people of the district directly interested, but throughout the county.

NEWS OF THE WEEK

The lumber cut on the river, N. B., for the month estimated at 75,000,000, half of last year's cut, price causes the lumber over a large part of the sawing.

Ernest Kempt, oyster fisherman, died at the fisheries department, Ottawa on Friday last, after completing the season's work. His death was a great loss to the department.

A fatal accident occurred at Lake, forty miles east of St. B., on Friday last, while J. Neesey and John McLean, makers of Truro, were testing the boiler of a new steamer. The boiler exploded, killing Duncan McNeil, the maker of the mine, instantly.

The Sackville, N. B. Police, following the other night, drove some cattle out of a barn not far from where they were grazing. In the dark, Glennie mistook the bears and started to drive them. He soon found his mistake for the animals showed fight and he was seriously injured.

Probably a more honorable lot of men cannot be any railway in America than the Intercolonial. It has a suspicion prevailing that the Intercolonial is not collected on the trains is not to the treasurer. As this order has been issued, the conductors to run between here and Amherst, Millican of this city are to be taken to the city and then to the city and then to the city.
