Picture Making
 By "Enlarging."

Pictures attract everyone, and when amateurs realize that not only can they make photographs, but by having these small photographs enlarged they can get real pictures, then the fascination of their hobby is increased a hundredfold. Many of their negatives will possess a value they did not anticipate, as the small direct prints they make are often too inconspicuous to attract attention. We make the very highest grade of enlargements, and do the work promptly.

If you have a small photo which you are fond of, have us enlarge it for you, and the result is sure to please you a hundredfold more than the small one ever did.

GEO. M. BARR, Agt.

MR. CAR OWNER,
As a Business Proposition,
Which would You Buy?

The DUNLOP TIRE that is moulded as a UNIT, whereby the thick, tough rubber Traction tread, the rubber side strips, the layers of rubber impregnated fabric and of pure rubber are blended in one live integral product?

Or the other kind which vulcanizes its tread strip on to the body to make a finish.

Your Business Acumen says, DUNLOP.

The DUNLOP TRACTION was put on the market in 1911. After one season's experience it proved so successful that last year it was used by 75 per cent. of all cars in Canada.

Will you buy a proven Tire like the Dunlop, or will you buy a Tire which was proven to be fourth rate by the tire test recently held in England.

Your Business Acumen says, DUNLOP.

Fred V. Chesman, Agent.
