Unlike the Reindeer, SUNLIGHT SOAP is to be found in all parts of the civilised world, and its great utility is vouched for by millions of contented housewives who would not be without it.

SUNLIGHT SOAP

enjoys a well-merited reputation, it is absolutely pure, and will not harm the most delicate fabric. A piece of Sunlight Soap used in your next wash will convince you of its excellence.

OFFICIAL.

LONDON, June 12. The Governor, Newfoundland: The French Government report a considerable quantity of guns and ammunition captured at Neuville. At Hebuterne, where a further 130 prisoners have been captured, a mile and a quarter of the German line has been pierced to a depth of one kilometre, and a counter-attack repulsed. The Russian Government report continued pressure upon the enemy on the right of the Dniester, many prisoners and quick-firing guns being captured. Enemy attacks near Galicz were repulsed. The Italian Government report the failure of a hostile encircling movement near Montenero. The town of Gradisca is now completely occupied. BONAR LAW.

A FRENCH ADVANCE.

PARIS, June 13. The capture of the Germans of the railway station leading to the town of Souchez, eight miles from Arras, was announced in the French official statement issued this afternoon.

FRENCH OFFICIAL.

PARIS, June 13. The following official was issued by the War Office last night. In the region to the north of Arras there has been an artillery engagement particularly violent on the plateau of Lorette. The enemy in that sector between Aix-Noulette and Ecurie has sought by continuous bombardment to impede the organization of these positions which we have gained. Our artillery replied against the trenches and batteries of the Germans.

FRANCE HONORS WARNEFORD.

V. C. PARIS, via St. Pierre, June 12. The War Minister to-day conferred the Legion of Honor ribbon on Lieut. Aviator Warneford, of the British Army.

GERMAN LOSSES.

LONDON, June 13. Frederick Bennett, the Daily News correspondent at Petrograd, telegraphs that the Germans have lost in the last six weeks more lives in Galicia than in the previous six months against Russia. The latest Russian success has been achieved solely with

bullet and bayonet. Scarcely a shell has been fired in the last fortnight. Their strategy is regarded as a triumphant vindication of General Ivanoff.

POLA BOMBED.

ROME, June 13. The arsenal of the Austro-Hungarian naval station at Pola has been almost entirely destroyed by bombs dropped from an Italian aircraft. According to the Messaggero there were at the time in the arsenal port ten warships, including one battleship, three cruisers and several submarines. Some of these vessels are supposed to be damaged.

TURKISH CRUISER DAMAGED.

PETROGRAD, June 13. The Turkish cruiser Midulla, formerly the German cruiser Breslau, was damaged, just how severely is not known, in an artillery duel with a Russian torpedo destroyer near the Bosphorus, on Friday night.

AROUND DIXMUDE.

LONDON, June 12. A telegram to the Daily Mail from Northern France, says: Taking advantage of a northeasterly wind the Germans with the aid of gas on Wednesday night, vigorously attacked the Belgians at Dixmude. The Germans began with heavy artillery fire, and then used their poisonous gas. They took by surprise the Belgian advance posts at Dixmude, capturing three or four lines of trenches. Large reinforcements, including a British regiment, were brought up on Thursday, and at daybreak a vigorous counter-attack was made. The British charged with great valour and the Germans were driven back over the Yser and compelled to take up a less favorable position. In Dixmude fierce fighting continues. The town is held half by Germans and half by the Allies.

OCCUPY PORTO ROSEGA.

ROME, June 12. Italian forces have occupied Porto Rosega, south of Montefalcone, and seized a number of ships in the yard at that point. Among them was a small cruiser, which the Austrians were building for China.

ITALIAN ADVANCE.

VERONA, Italy, June 13. The Italian advance on Rovereto, 13 miles southwest of Trent and Morla, has pushed so close to both towns that either they have already been taken, or are about to be occupied, according to reports from the front.

ITALIAN SUMMARY.

ROME, June 13. An official note issued to-day, sums up the first offensive movements of the army as follows: In the Trentino zone our forces went resolutely forward, correcting at least a part of the strategic inconveniences of the unfavorable frontier, such as were imposed upon us after the campaign

of 1856. Our mounted troops occupied ravines and summits, the names of which recall unforgettable exploits by brave combatants in Trentino half a century ago. Powerful artillery crowns the summits of the plateaus, from where operations more vast can be carried out later. It is baffling effectively the forts of the enemy, considered up to the present time to be almost impregnable. Already it has demolished some of them. In Upper Cadore. Recollections of Forts Albiani and Cortina are evoked by the occupation of Cortina and other important points. Thus, not only are closed all routes of invasion by the enemy, but gradually there is being opened the way to offensive action as soon as this is regarded opportune. In Carnia zone, Alpine troops are solidly established on important defiles, holding them against repeated counter-attacks by the enemy. In eastern Friuli zone our advance forces are developing greater contact with the enemy, progressively overcoming obstacles not to be despised.

ACCLAIM VENIZELIS.

LONDON, June 13. An Athens despatch says: Demonstrations in connection with the elections on June 14, were renewed on Saturday night. A crowd paraded the streets, acclaiming M. Venizelos. The triumph of the ex-Premier's party is regarded as certain.

AUSTRIAN AEROPLANES.

NISH, June 13. Three Austrian aeroplanes on Friday dropped bombs on Kragujevac, killing or wounding 12 persons. Serbian aeroplanes pursued the hostile machines, bringing one down.

SERBIA AND ALBANIA.

NISH, Serbia, June 13. The Serbian Press Bureau issued a statement to-day, defending the incursion of Serbian troops into Albania, concluding as follows: Serbia realizes Albanian question will be definitely settled by Europe, but she is also conscious of the fact that measures such as she is now taking are as much in the interest of the great Powers as of her own. The reasons for the present expedition, given in the statement, are that Albania has been a hotbed of Austro-Turkish intrigue, resulting in Austrian raids on Serbia. Serbia realizes long since that its fighting front against Austria would include the entire Albanian frontier. The statement says that Serbia during the Balkan war reached the open sea through Albania, only to be forced to relinquish this territory through Austrian influence.

COTTON CARGOES.

LONDON, June 13. The Foreign Office has authorized the following statement concerning cargoes of cotton aboard vessels stopped by British maritime authorities. In all cases where the claimant has been able to prove their ownership of this cotton, an advance of ten per cent has been paid on account. £59,000 sterling has been paid in this manner. It is hoped that a further £100,000 will be paid on Monday or Tuesday, been paid in full. All claimants are requested to furnish documents, showing ownership. They have been told that the British Government is willing and anxious to effect immediate settlement.

BRITISH SCHOONER SUNK.

PLYMOUTH, June 13. The British schooner Express was sunk by the German submarine U-25. Capt. Smith says that one of the officers told him that he discovered submarine attacks on merchantmen, but unless submarine commanders carried out orders they would be

shot. The officer added that submarine warfare such as the Germans engaged in was useless to them. "Why," Capt. Smith says the German officer asked him, "do not the big ships come out and fight?"

THREE MORE VICTIMS.

LONDON, June 13. The British trawler, James Leyman was sunk by a German submarine in the North Sea; crew landed. On Sunday, the British barque, Crown of India, 2,956 tons, coal laden, and the Norwegian barque Bell Glade, timber laden, were sunk by a German submarine off Milford Haven; crews saved.

BRITISH STEAMER TORPEDOED.

LIVERPOOL, June 13. The British steamer Leucra was torpedoed and sunk off Yarmouth today. The crew were rescued. The Leucra was engaged in the trans-Atlantic trade. She was 3,025 tons and owned by Thomson and Co., of St. John, N.B.

RUSSIAN CAPTURES.

PETROGRAD, June 13. Russian torpedo boats on June 10th destroyed buildings of the Turkish seaport of Summen on the Black Sea and many Turkish boats were sunk. In a three days' battle on the Dniester River, in the region of Zarawnia, Galicia, the Russians captured 348 officers, 15,531 soldiers, 78 machine guns, 17 cannons, according to an official statement.

Hr. Grace Notes.

Mrs. (Rev.) Parnaby (nee Miss Oldford) and her two children are here from the United States on a visit to her sister, Mrs. J. D. Webber and other friends.

News was received in town yesterday that Mr. Fred Davis, son of Mr. George Davis, Woodville Road, had joined the volunteers at Halifax, and is now in training, preparatory to going to the front.

The S. S. Eric arrived in port at 6 o'clock this morning. After taking on board a large amount of freight and many passengers, she left for Labrador at 8 o'clock.

Miss Fanny Ryan, daughter of Sergeant John Ryan, of Trinity, was in town Tuesday on a brief visit to friends. Miss Ryan has charge of the Stone's Cove premises of Mr. Geo. Bond; all Miss Ryan's friends were pleased to see her.

A son was born to Mr. and Mrs. Eugene James yesterday.

Fresh salmon sold in the market this morning at 8c. a pound.

Several picnic parties were in the country yesterday afternoon. A sudden shower of rain threw a damper on the enjoyment. But the same shower was like gold dust to the farmers.

One party of pleasure seekers put up a tent with coats, etc., and protected themselves from the rain in the way. The farmers laughed during the shower but the pleasure seekers laughed before and after.

The store keepers are having a meeting to-night to arrange for the summer holidays.

Labrador Coast
Free of Ice

Word has reached the city that there is almost an entire absence of ice on the Labrador Coast, and that there is a good sign of fish in that region. This is particularly the case at Battle Harbour where trapping has commenced, attended with fair success. It is peculiar that the Labrador should be free of ice in view of the blockade to the Northward in Green Bay and Bonavista Bay. Capt. A. Kean of the Prospero reports ice conditions unprecedented and says that practically all the harbours north are filled.

First Football
Match for Season.

The first League Football match for this season takes place at St. George's Field this evening, the opposing teams being the St. Andrew's and B. I. S. The line-up of the teams will probably be:—
B. I. S.—Goal, R. Walsh; backs, J. Kavanagh, D. Egan, halves, W. Egan, T. Jackman, C. Kavanagh; forwards, Constantine, Simms, Jackman, Duffy, McGrath.
SAINTS.—Goal, L. Ewing; backs, Sam, A. Reid, halves, W. Egan, T. Jackman, C. Kavanagh; forwards, Constantine, Simms, Jackman, Duffy, McGrath.
