NOT HOSTILE ACT.
ALLIED MILITARY HEADQUARTERS, NEUSS, March 10. Allied forces have virtually completed occupation of Rhine ports. General Gaucher, in command of French units here, has issued a proclamation saying the Allies were forced to coerce the German Government to fulfil obligations, laying emphasis on the fact that the occupation is in no sense a hostile act toward the population, and the authorities would do their best to improve conditions and assure an ample food supply. There seems to be a friendly atmosphere in occupied districts.

OIL TANKS ABLAZE.
NEW YORK, March 10. Fire originating in a crude oil still in the Standard Oil Company's plant in the Greenport section of Brooklyn by noon, had exploded five twenty-five thousand gallon oil tanks. Fire in this area more than a year ago destroyed thirty tanks of oil, causing a loss of millions of dollars during several days. All the fire apparatus in Brooklyn and Manhattan has been sent to the scene. The fire broke out at ten o'clock but before three o'clock preventative measures were taken by the fire companies who had confined the conflagration to five tanks and had stopped its spread. No official estimate of the damage had been given out by the Company late to-night, but the unofficial estimate was one hundred and fifty thousand dollars. Several of the fire fighters were severely burned.

Political Meeting.
GOVERNMENT CAUSE LOST.
Editor Evening Telegram.
Dear Sir,—It is not often that we have such unusual happenings here as two political meetings in succession. On Tuesday night a meeting was held in the C. of E. schoolroom by Mr. Hibbs and Hon. R. A. Squires. I put Mr. Hibbs first as it seems that the honorable gentleman did not know the way around as well as my friend Mr. Hibbs, and it is quite natural to put the horse before the cart. The meeting opened, and as far as getting a hearing, why everyone would get that here; let us hope that this little village respects itself, if it does not respect others who would wish for more. But if Hon. Mr. Squires went away with the impression that his candidates have the majority here, let me enlighten him that is as far as my knowledge goes, that is his lot. In fact the supporters of the Government here have dropped off considerably these last six weeks. Even the chairman who conducted the meeting for these two hon. gentlemen was a strong supporter of JONES and LEWIS. This is a fact, and speaks for itself. How strong and numerous are their supporters that not one strong party man was found for chairman. The public can now judge for itself. I am writing this as an independent individual. I give you these facts, as they are, and as I know them. I am not giving you this as most I see published in the Special Stars, that are got up for edification (wrong way) as political bluff.
